Congratulations Extended to Dr. Nicola Pintozzi.

A proposed resolution reading as follows:

WHEREAS, Dr. Nicola Pintozzi, a native Chicagoan, who was educated in Italy, graduating from Garibaldi College and from the Royal University in Naples, returned to the United States and to Chicago in 1925, firmly resolved to dedicate his medical skills and knowledge to the alleviation of the pain and suffering of the indigent poor; and

WHEREAS, He returned with somewhat of a language barrier, having spoken, witten and studied nothing but Italian for many years. His family and friends were concerned as to his ability to communicate with those he had elected to serve in the practice of medicine, and Dr. Nick, as he is affectionately known by all in the community in which he resides and in that in which he practices, is one of the first to admit that his English is somewhat less than that spoken by the King, or indeed the Americanese of the United States and Chicago; and

WHEREAS, He had returned from Italy to his native Chicago with a further resolution never to become wealthy, having known poverty in his own home and having seen all too much of it in the Old Country. He had long before decided that it was in the practice of medicine that he could best help his fellowman, entering the profession from an office in the First Ward at 25th Street and Wentworth Avenue where he remained until the opening of the Dan Ryan Expressway which necessitated his relocation of his office to 37th Street and Union Avenue across the street from Nativity Church in the Eleventh Ward; and

WHEREAS, Beginning practice at the age of thirty-two years and during the height of the Depression, Dr. Nick began devoting three mornings a week to the Mercy Hospital Clinic, a service in which other young doctors also engaged in an effort to gain much needed experience. Dr. Nick, however, is still in attendance at the Clinic after thirty-five years, often sacrificing his days off, his vacations and other leisure hours to ministering to the sick poor. Specializing in diabetic research and treatment, he treats on an average of sixty to seventy persons per week, encouraging them psychologically, spiritually and morally, believing it to be his God-given responsibility to alleviate the burdens of the sick and to care for the ill of our society. He combines his ministrations of the poor with prayer, and it is a common sight to see him in the hospital chapel each day devoutly saying his rosary; and

WHEREAS, Mercy Hospital recently honored him as "The Man of the Year, citing his exemplification of his own personal conviction that "What you give is always yours, what you keep is lost forever"; and

WHEREAS, It is only fitting and proper that public recognition and commendation be accorded this selfless, dedicated physician to the body and to the spirit; now, therefore,

Be It Resolved, That we, the members of the City Council of the City of Chicago hereby congratulate Dr. Pintozzi for his many, many years of untiring and zealous efforts on behalf of his fellowman, express to him our sincere appreciation and commendation for his nobility of spirit, and extend to him our every good wish for continued health, happiness and success; and

Be It Further Resolved, That a suitable copy of this resolution be presented to Dr. Nicola Pintozzi as an expression of our gratitude and appreciation for his many years of dedicated service to humanity and particularly to the indigent of our City.

OFFICE OF THE MAYOR

To the Honorable, The Members of the City Council of the City of Chicago:

GENTLEMEN—At the request of Mr. Lewis W. Hill, Chairman of the Department of Urban Renewal, I am transmitting, herewith, copies of an ordinance, "Authorizing Execution of Documents to Obtain FHA Insured Loan for Rehabilitation of Certain Properties in Douglas-Lawndale Urban Renewal Project."

Appeal to Leaders of Soviet Union for Clemency for All Citizens.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, It is with sadness that the people of Chicago have learned of a trial in Leningrad in which two men were condemned to death and others given long prison sentences because they wish to leave the Soviet Union; and

WHEREAS, The Soviet Union is a signatory of the United Nations Convention on Human Rights and that the U.S.S.R. Constitution provides for freedom of its citizens to leave the country if they so wish; and

WHEREAS, The trial took place behind closed doors and gives the appearance of the denial of the basic rights of the Jewish citizens; now, therefore,

Be It Resolved, That we the members of the City Council of the City of Chicago, assembled this day of December 28, 1970 A.D., do hereby appeal to the leaders of the Soviet Union in the name of humanity for clemency and urge them to grant to all their citizens their freedoms which are set forth in their Constitution.

On motion of Alderman Wigoda (seconded by Aldermen Singer, Metcalfe, Simon, Despres, Rayner, Cousins and O'Rourke) the foregoing proposed resolution was *Adopted,* unanimously.

The seconding aldermen all praised the Mayor for introducing the resolution, asserting that all suffered when oppression existed anywhere in the world. They all urged a return to a regard for our fellow man and a recognition that everyone is our brother and that all are entitled to freedom from oppression and deprivation.

Honorable Richard J. Daley, Mayor, expressed the feeling that we must all reach out to our fellow man. He also stated that all are entitled to freedom and that if even one person suffers deprivation, all are deprived.

CONSENT AND AGREEMENT

This Consent and Agreement, dated as of , 1970, by the City of Chicago, a municipal corporation of the State of Illinois (Lessor), and by Sky Chefs, Inc., a Delaware corporation having an address at 605 Third Avenue, New York, New York 10017 (Lessee).

PRELIMINARY STATEMENT

Lessor has heretofore entered into a certain agreement (Ground Lease) dated October 8, 1969 with Lessee, relating to certain premises at Chicago-O'Hare International Airport in the counties of Cook and DuPage, Illinois. Tenant wishes to obtain financing of the cost of erecting the improvements contemplated by the Ground Lease and, in connection therewith, wishes to assign its interest in the Ground Lease to Skyhare Corp., a Delaware corporation (Skyhare), and then sublease the property from Skyhare for a 17-year term. Skyhare, as successor tenant under the Ground Lease, proposes to obtain such financing from, and to grant a leasehold mortgage to, Teachers Insurance and Annuity Association of America, a New York corporation (TIAA), and to assign as collateral security its interest in the sublease with Lessee to TIAA to secure a loan made by TIAA to Skyhare.

Now, THEREFORE, in consideration of Ten Dollars ($10) to it in hand paid, the receipt of which is hereby acknowledged, Lessor hereby consents and agrees as follows with the knowledge and understanding that TIAA will rely upon this Consent and Agreement in providing the financing hereinabove referred to:

1. Lessee may assign its interest in the Ground Lease to Skyhare pursuant to an assignment substantially in the form of Exhibit A hereto; Skyhare may mortgage its lessee's interest under the Ground Lease and its lessor's interest under the Sublease hereinafter referred to TIAA pursuant to a mortgage substantially in the form of Exhibit B hereto; Skyhare may sublease the property to Lessee pursuant to a sublease (the Sublease) substantially in the form of Exhibit C hereto; Skyhare may assign the lessor's interest under the Sublease to TIAA pursuant to an assignment of lease and agreement substantially in the form of Exhibit D hereto; pursuant to the Sublease, the the lessee's interest under the Ground Lease may be transferred by Skyhare (or TIAA acting on behalf of Skyhare) to Lessee under the conditions specified in paragraphs 12, 14, 15 and 16 of the Sublease.

2. The references to "Tenant" in the first and fourth paragraphs of Article II of the Ground Lease shall be deemed for all purposes to refer to Lessee and not to Skyhare, and Skyhare shall not be liable for the payment of the Percentage Fee under such Article II.

3. Lessor confirms that TIAA will be an assignee-lender under Article XV of the Ground Lease and, pursuant to said Article, will be entitled to reassign its interest under the Ground Lease. If TIAA or any successor or assignee of TIAA shall succeed to the Lessee's interest in the Ground Lease, the property demised thereby may, upon Lessor's consent (which consent will not be unreasonably withheld or delayed), thereafter be used for any lawful purpose, subject to the restrictions of the Ground Lease.

4. Lessor's right pursuant to Article II of the Ground Lease to inspect books and records of Lessee shall remain in full force and effect with respect to Lessee, notwithstanding the assignment from Lessee to Skyhare, but Lessor shall have no right to inspect the books and records of Skyhare or of any successor of Skyhare.

5. For the purposes of the fourth paragraph of Article XVIII of the Ground Lease, Lessee shall be deemed to be the "Tenant"; and Landlord will not terminate the Ground Lease upon the occurrence of any event mentioned in the fourth paragraph of Article XVIII of the Ground Lease so long as none of such events shall have happened with respect to Lessee. For purposes of the fifth paragraph of Article XVIII of the Ground Lease, "Tenant" shall refer only to Lessee and not to Skyhare.

6. The third paragraph of Article XV of the Ground Lease shall have no application to Skyhare or its income or expenses, or to the assignment, subleasing and mortgaging contemplated by this Consent and Agreement; and Lessor shall have no right to assess any extra charges against Skyhare or any successor of Skyhare and Lessee alone shall be liable therefor.

7. Lessor will give TIAA notice of any default under the Ground Lease at the same time notice thereof is sent to the tenant thereunder, and no notice of default shall be effective for any purpose until received by TIAA.

8. TIAA shall have the right, but not the obligation, to cure any default of Lessee under the Ground Lease. So long as TIAA shall be proceeding to cure any such default, Lessor will not terminate the

Ground Lease or repossess the land leased thereby, upon Lessee's bankruptcy or otherwise.

9. Insurance required by the Ground Lease and the sublease may name Lessor, Lessee, Skyhare and TIAA as insureds, and losses shall be payable (except in the case of comprehensive general liability insurance) to TIAA for application to Restoration of the Leased Premises pursuant to the Sublease. In the event such Restoration is to be effected by Lessor pursuant to Article XIII of the Ground Lease, the limit of the cost to be incurred shall be the sum of insurance proceeds available for such purpose plus any moneys made available by Lessee or American Airlines, Inc. for such purpose. Landlord confirms that the provisions of paragraph 14 of the Sublease comply with the provisions of Article XI of the Ground Lease.

Execution of this Consent and Agreement was authorized by ordinance of the City Council of the City of Chicago passed 1970 (C.J.P.).

The parties hereto agree as follows:

1. In consideration of the sum of Ten Dollars ($10) and other good and valuable consideration, the receipt whereof is hereby acknowledged, Assignor assigns and transfers to Assignee, upon the terms and conditions hereinafter set forth, all Assignor's right, title and interest in, to and under (a) the Agreement dated October 8, 1969 between the City of Chicago, as landlord, and Sky Chefs, Inc. as tenant, as supplemented by Consent and Agreement dated , 197 , by the City of Chicago, a copy of which is attached hereto as Exhibit E (collectively, the Ground Lease), covering the land described on Schedule A hereto (the Property) and (b) all rights and privileges of Assignor under the Ground Lease.

2. (a) Assignor covenants and warrants that it is the sole tenant under the Ground Lease; that the Ground Lease is a valid and subsisting lease of the premises described therein, free and clear of all liens, encumbrances, charges and defects except those set forth in the Ground Lease or in Schedule A hereto (or in both); that the term of the Ground Lease has commenced and is in full force and effect; that the term of the Ground Lease is scheduled to expire on October 7, 1979; that the Ground Lease may be extended by the tenant thereunder for an additional term of 10 years; that all rents, additional rents and other charges reserved in the Ground Lease have been paid to the extent they were payable prior to the delivery hereof; that there is no existing default by either the landlord or the tenant under the Ground Lease in the performance or observance of any of the covenants or conditions in the Ground Lease and no event has occurred or is occurring which, after notice or the passage of time or both, will result in such a default; that no notice, claim or demand from the landlord under the Ground Lease, which has not been complied with, has been received by Assignor; that the Ground Lease embodies the entire agreement and understanding

between the parties thereto with respect to the Property; and that the Ground Lease has not been amended, modified or assigned.

(b) Assignor warrants that it has full power and lawful authority to assign, transfer, convey and set over the Ground Lease in the manner and form herein done or intended to be done. Assignor will forever warrant and defend to Assignee the title to the interest assigned by against the claims of all persons and parties whomsoever.

(a) Subject to the restrictions contained in the Ground Lease, Assignor, forthwith upon the execution and delivery of this Assignment and thereafter from time to time, will cause this Assignment and any instrument of further assurance requested by Assignee to be recorded and re-recorded promptly in such manner and in such places as may be required by any present or future law in order to publish notice hereof and fully to protect the interest of Assignee hereunder. Assignor and Assignee agree that, so long as the restrictions contained in Article XVII of the Ground Lease remain in effect, neither of them will record or cause to be recorded any instrument, the recording of which would permit the landlord under the Ground Lease to declare any provision thereof void.

(b) Assignor will, at the cost and expense of Assignor, do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, all such further acts and instruments as Assignee shall from time to time require for the better assuring, assigning, transferring, conveying, warranting and setting over to Assignee of the right, title and interest of Assignor hereby assigned, transferred, conveyed, warranted and set over, or intended so to be.

(c) Assignor will pay all filing and recording taxes and fees, if any, and all expenses incident to the preparation, execution and acknowledgment of every instrument referred to in paragraphs 2(a) and 2(b), and all federal, state, county and municipal stamp taxes, and other taxes, duties, imposts, assessments and charges arising out of or in connection with the execution and delivery of this Assignment or any such instrument.

4. Assignee hereby agrees to perform or cause to be performed all obligations imposed by the Ground Lease upon the tenant thereunder.

All the grants, covenants, terms and provisions in this Assignment shall run with the Property and shall apply to and bind the successors and assigns of Assignor and shall be binding upon and inure to the benefit of the successors and assigns of Assignee.

IN WITNESS WHEREOF, Assignor and Assignee have caused this instrument to be executed by their officers thereunto duly authorized as of the date first above written.

2. All proceeds of the conversion, voluntary or involuntary, of any of the foregoing into cash or liquidated claims, including without limitation proceeds of insurance and condemnation awards; and

3. All Mortgagor's right, title and interest in and to that certain lease and agreement relating to the Property, dated as of the date hereof (said lease, as the same may be hereafter amended or modified, herein called the Lease), between Mortgagor, as lessor, and Sky Chefs, Inc., a Delaware corporation (Lessee), as lessee, and the right henceforth to receive and collect all revenues, rents, income, issues and profits and other sums of money payable or receivable thereunder, whether payable as rent or otherwise, including without limitation the present and continuing right to make claim for, collect, receive and receipt for said revenues, rents, income, issues, profits and other sums and to do all things which Mortgagor is or may become entitled to do under the Lease, provided that so long as no event of default specified in paragraph 19 shall have happened and be continuing, (i) any instalment of basic rent under the Lease received by Mortgagee from Lessee shall be applied to the interest payment or instalment payment of interest and principal due on the Notes on or about the day on which such instalment of basic rent is due and payable and any balance of such instalment of basic rent shall be paid promptly to the person entitled thereto after such application, (ii) any moneys received by Mortgagee as additional rent under the Lease shall be applied to the purpose for which such moneys were paid pursuant to the Lease, (iii) moneys received by Mortgagee from Lessee as the purchase price for Mortgagor's interest in the Property pursuant to the Lease or pursuant to paragraph 19(f) of the Lease shall be applied to the prepayment in whole of the Notes, as provided in paragraph 3 of the Purchase Agreement and (iv) moneys received by Mortgagee as insurance proceeds or condemnation awards shall be applied in accordance with the provisions of the Lease and the Purchase Agreement, and upon payment in full of all amounts secured hereunder, the balance, if any, of such moneys shall be paid promptly to the person entitled thereto after such application. This Mortgage is subject and subordinate to the Lease.

ARTICLE I

COVENANTS OF MORTGAGOR

Mortgagor covenants and agrees as follows:

1. (a) Mortgagor warrants that it is the sole tenant and owns a valid and subsisting interest as tenant under the Ground Lease; that

the Ground Lease is a valid and subsisting lease, free and clear of all liens, encumbrances, charges and defects, except permitted encumbrances described in paragraph 1(d); that the term of the Ground Lease has commenced and is in full force and effect; that all rents, additional rents and other charges reserved in the Ground Lease have been paid, to the extent they were payable prior to the delivery hereof; that there is no existing default by either the landlord or the tenant under the Ground Lease in the performance of any of the covenants and conditions in the Ground Lease and no event has occurred or is occurring which, after notice or the passage of time or both, will result in such a default; that no notice, claim or demand from the landlord under the Ground Lease, which has not been complied with, has been received; and that the Ground Lease has not been amended, modified or assigned.

(b) Mortgagor warrants that it has and will have full power and lawful authority to grant, bargain, sell and convey to Mortgagee the property described above, and to assign the Lease to Mortgagee, in the manner and form herein done or intended hereafter to be done. Mortgagor will preserve its interest in the Property, subject only to the encumbrances permitted hereby, and will forever warrant and defend the same to Mortgagee against the claims of all persons and parties whomsoever. Mortgagor will, at the cost of Mortgagor, without expense to Mortgagee, do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered all such further acts and instruments as Mortgagee shall from time to time to time require for the better granting, bargaining, selling and conveying to Mortgagee the property hereby granted, bargained, sold and conveyed or intended now or hereafter so to be, or which Mortgagor may be or may hereafter become bound to grant, bargain, sell and convey to Mortgagee, or for carrying out the intention or facilitating the performance of the terms of this Mortgage.

(c) Mortgagor will perform or observe or will cause to be performed or observed all the terms, covenants and conditions required to be performed or observed by the tenant under the Ground Lease, and will do all things necessary to preserve and keep unimpaired the tenant's rights thereunder. Mortgagor will take no action or omit to take any action, nor give any notice, the taking, giving or omission of which would have the effect of terminating or surrendering or permitting the termination or surrender of the Ground Lease and will notify Mortgagee immediately upon learning of any condition that, with or without the passage of time or the giving of any notice, might result in the termination of the Ground Lease. Mortgagor will not enter into any agreement modifying or amending the Ground Lease without the prior written consent of Mortgagee, except an agreement which extends the term thereof.

(d) Permitted encumbrances under this Mortgage are as follows:

(i) the right reserved to or vested in any municipality or public authority by the terms of any right, power, franchise, grant, license, permit or provision of law, to control, regulate or use the Property, or to terminate any right, power, franchise, grant, license or permit, provided that the exercise of such right would not materially impair the use of the Property for the purpose for which it is held by Mortgagor or leased by Lessee, or materially affect its value;

(ii) the right reserved to or vested in any municipality or public authority to purchase, condemn or appropriate the Property or any part thereof;

(iii) liens for taxes and other governmental charges referred to in paragraph 7 which are not at the time due and payable, or the validity or amount of which is being contested in compliance with the provisions of paragraph 7;

(iv) easements, rights-of-way, restrictions and other minor defects and irregularities in the title to the Property which do not materially impair the use thereof for the purposes for which it is held by Mortgagor or leased by Lessee or materially affect its value;

(v) the lien of this Mortgage and any rights granted as provided herein; and

(vi) the Lease and any rights granted pursuant to the terms thereof.

2. *Recording.* As long as the restrictions contained in Article XVII of the Ground Lease remain in effect, Mortgagor will not record any instrument, the recording of which would permit the landlord under the Ground Lease to declare any provision thereof void. With respect to instruments other than those referred to in the preceding sentence and, upon any termination or waiver of the restrictions contained in Article XVII of the Ground Lease, all instruments of the character hereinafter described, Mortgagor will execute, acknowledge, deliver and cause to be recorded or filed in the manner and place required by any present or future law any instrument that may be requested by Mortgagee, including without limitation financing statements, continuation statements and instruments of similar character, to publish notice and protect the lien of this Mortgage upon, and the interest of Mortgagee in, the property described above. Mortgagor will pay or cause to be paid all filing and recording taxes and fees incident to each such filing and recording, all reasonable expenses incident to the preparation, execution and acknowledgment of any such instrument, and all federal, state, county and municipal stamp taxes and other taxes, duties, imposts, assessments and charges arising out of or in connection with the execution and delivery of any such instrument.

3. *Payment of the Notes.* Mortgagor will punctually pay or cause to be paid the principal, interest and premium, if any, to become due in respect of the Notes at the times and place and in the manner specified therein.

4. *Lease, Assignment and Purchase Agreement.* (a) At all times the Property shall be leased to Lessee, or a corporation succeeding thereto by merger, consolidation or acquisition of its assets substantially as an entirety, under the Lease, provided that Lessee may sublease or assign the Lease as permitted therein. Mortgagor will perform or cause to be performed punctually all obligations, covenants and agreements to be performed by it under the Lease, and will at all times do all things necessary to compel performance by Lessee of all obligations, covenants and agreements by it to be performed under the Lease. Mortgagor will at all times maintain or cause to be maintained the validity and effectiveness of the foregoing assignment of the Lease to Mortgagee and the separate instrument of assignment of the Lease dated as of the date hereof (the Assignment), among Mortgagor, Lessee and Mortgagee, and will take no action nor permit any action to be taken by others which will release Lessee from its obligations or liabilities under the Lease, or which will result in the termination, amendment or modification of, or impair the validity of, the Lease or the Assignment, except as herein or therein expressly provided. As long as Article XVII of the Ground Lease shall be in effect, the immediately preceding sentence shall not be deemed to require Mortgagor to record any document under circumstances which would permit the landlord under the Ground Lease to declare any provision thereof void. Mortgagor will give Mortgagee notice of all defaults under the Lease promptly after they become known to Mortgagor.

(b) Mortgagor will punctually perform or observe all the covenants and conditions to be performed or observed by Mortgagor under the Purchase Agreement.

5. *Corporate Existence; Compliance with Laws.* Mortgagor will do or cause to be done all things necessary to preserve and keep in full force and effect its existence, franchises, rights and privileges as a corporation, and will do or cause to be done all things necessary to preserve and keep in full force and effect its right to own and lease property and transact business in the state in which the Property is located. Mortgagor will comply with all requirements applicable to it or to the Property of the laws, rules and regulations of the United States of America and of every other governmental authority having jurisdiction over it or the Property.

6. *Additions to Property.* All right, title and interest of Mortgagor in and to all extensions, improvements, betterments, renewals, substitutes and replacements of, and all additions and appurtenances to, the Property or any part thereof hereafter constructed or acquired by Mortgagor, immediately upon such construction or acquisition and without any further act, shall become and be part of the property held by Mortgagee with the same effect as though now owned and described herein, but Mortgagor will execute and deliver to Mortgagee on demand

such instruments of further assurance as Mortgagee may reasonably require to specifically subject the same to this Mortgage.

7. *Taxes.* Mortgagor, from time to time and when the same shall become due and payable, will pay and discharge or cause to be paid and discharged, together with any interest and penalties thereon, all taxes and other governmental charges of every kind and nature, whether general or special, which are at any time assessed against or levied upon or against Mortgagor or upon or against Mortgagor's interest in the Property or any part thereof, or upon the revenues, rents, issues, income and profits of the Property or arising in respect of the occupancy, use or possession of the Property or upon this Mortgage or the debt secured hereby, whether or not failure to pay might result in a lien upon such interest, and Mortgagor will promptly pay or discharge or cause to be paid or discharged any security interest, lien, charge or encumbrance, or any lawful claim or demand which, if unpaid, might result in the creation of a security interest, lien, charge or encumbrance, upon Mortgagor's interest in the Property or part thereof, or upon the revenues, rents, issues, income and profits of the Property, other than as permitted hereby. Nothing in this paragraph 7 shall require the payment of any sum so long as Mortgagor or Lessee shall contest the amount or the validity thereof in the manner and upon the terms and conditions applicable to Lessee under paragraph 18(b) of the Lease. Within 30 days after demand by Mortgagee, Mortgagor will furnish proof of any payment or discharge required by this paragraph 7.

8. *Insurance.* Mortgagor will maintain or cause to be maintained upon the Property, whether or not the Lease shall have been terminated, all insurance of the character, with the coverage, in the amounts, naming such insureds and with loss payable, as shall be required to be maintained by the Lease. Each policy of such insurance, or a certificate from the insurance company issuing such policy evidencing the issuance thereof, shall be delivered to Mortgagee. Mortgagor shall not obtain or carry separate insurance concurrent in form or contributing in the event of loss with that required in this paragraph 8 unless such insurance and each policy of such insurance comply with paragraph 13 of the Lease.

9. *Conduct of Business; Consolidation and Merger.* So long as the Notes are outstanding Mortgagor will not:

(a) create, assume or suffer to exist any current or funded debt, except the Notes and other sums secured hereby and operating obligations of a current nature which are payable by Lessee pursuant to the Lease; or

(b) make or permit to remain outstanding any loan or advance to, or own or acquire any stock or securities of any person; or

(c) engage directly or indirectly in any busines other than the acquisition and ownership of the leasehold interest demised by the Ground Lease and the subleasing of the Property to the Lessee under the Lease; or

(d) directly or indirectly pay or declare any dividend on any class of its stock or make any other distribution on account of any class of its stock; or

(e) consolidate or merge with any other corporation or permit any other corporation to merge into Mortgagor.

10. *Transfer of Property.* So long as any Note is outstanding, Mortgagor will not, except as permitted by paragraph 11, sell or otherwise transfer its interest in the Property or part thereof without the prior written consent of Mortgagee, except that no such consent shall be required for an assignment of rents which is expressly made subordinate to the assignment of the Lease made by this Mortgage and to the Assignment.

11. *Sale of Property to Lessee.* Within 3 business days after receipt by Mortgagor of any notice from Lessee of its undertaking to purchase Mortgagor's interest in the Property and of its intention to terminate the Lease, Mortgagor will furnish to Mortgagee a copy of such notice and any certificate delivered by Lessee in connection with such notice. Mortgagee shall have the right, and is hereby irrevocably appointed the agent and attorney-in-fact of Mortgagor and of every future owner of Mortgagor's interest in the Property, to take all necessary action to comply with the Lease, including without limitation the execution and delivery, in the name and in behalf of

Mortgagor or other owner of such interest, of an assignment or other instrument of conveyance transferring Mortgagor's interest in the Property to Lessee, provided that this sentence shall not prevent any default in the observance or performance of any condition or covenant in this paragraph 11 from constituting an event of default hereunder.

12. *Condemnation.* Mortgagor, immediately upon obtaining knowledge of the institution of any proceedings for the condemnation of the Property or any part thereof or eviction pursuant to Article VII of the Ground Lease, will notify Mortgagee of the pendency of such proceedings. If the Property or any part thereof is taken in or by any such condemnation proceedings or otherwise, the award or compensation payable to Mortgagor shall be paid, and is hereby assigned, to Mortgagee subject to the obligation of Mortgagee to pay the same or a portion thereof to Lessee to the extent that Lessee is entitled thereto under the Lease.

13. *Credit for Payment of Taxes.* Mortgagor will not claim any credit on or make any deduction from the interest or premium, if any, on, or the principal of, the Notes by reason of the payment of any taxes levied or to be levied on the Property or part thereof or upon Mortgagor's interest in the Property or upon Mortgagor.

14. *Records and Books of Account.* Mortgagor will keep adequate records and books of account, in accordance with generally accepted accounting principles consistently applied, reflecting all financial transactions of Mortgagor and will permit Mortgagee by its agents, accountants and attorneys, at all reasonable times, to visit any of the properties of Mortgagor, examine its records, books of account, reports and other papers of Mortgagor, including copies of all federal income and other tax returns, and to take copies and extracts therefrom, and discuss its affairs, finances and accounts with the officers of Mortgagor.

15. *Maintenance and Repair.* Mortgagor will at all times maintain and keep the Property in good and clean order and condition, ordinary wear and tear excepted, and will promptly make all necessary or appropriate repairs, renewals, replacements, additions and improvements in connection therewith.

16. *Mortgagee's Performance of Covenants.* If Mortgagor shall fail to perform any of the covenants contained in this Article I, Mortgagee may make advances to perform the same in its behalf and all sums so advanced and all cost and expenses, including, without limitation, attorneys' fees and expenses, incurred in connection with any such advance, with interest at the rate of 10% per annum from the date of such advance or the payment of such costs and expenses, as the case may be, shall be secured by this Mortgage, and Mortgagor will repay on demand all such sums, costs, expenses and interest. The making of any such advance by Mortgagee shall not relieve Mortgagor of any of its obligations hereunder and shall not be deemed a waiver of any default by Mortgagor hereunder.

17. *Other Liens and Encumbrances.* Mortgagor will not create or suffer to be created any lien, encumbrance or charge upon or against the interest of Mortgagor in the Property or part thereof other than permitted encumbrances, as defined in paragraph 1(d), and as otherwise expressly permitted by this Mortgage or by the Lease.

ARTICLE II

Default Provisions

18. *Events of Default.* If one or more of the following events (herein termed events of default) shall happen:

(a) if default shall be made in (i) the payment of any interest or premium or instalment payment of interest and principal on the Notes, when and as the same shall become due and payable, or (ii) any other payment of the principal of the Notes, when and as the same shall become due and payable (whether at maturity or by acceleration or otherwise);

(b) if the Lease or the Ground Lease shall be terminated before the expiration of the term thereof for any reason or if the Lease or the Ground Lease shall be in any way amended, modified or hypothecated without the prior consent of Mortgagee;

(c) if default shall be made in the due observance or performance of any covenant or agreement of Mortgagor contained in paragraphs 1(a), 1(b), 4, 5, 9, 10, 11 and 13 hereof;

(d) if any representation or warranty set forth in the Purchase Agreement, this Mortgage or the Assignment shall prove to have been incorrect in any material respect when made;

(e) if default shall be made in the due observance or performance of any other covenant, condition or agreement of Mortgagor in the Notes, this Mortgage, the Purchase Agreement or the Assignment, and such default shall continue for a period of 35 days after notice specifying such default and demanding that the same be remedied shall have been given to Mortgagor by Mortgagee;

(f) if default shall be made by Lessee under the Lease by reason of which the lessor thereunder is given the right to cancel and terminate the Lease, or if Mortgagee shall not receive directly from Lessee or from American Airlines, Inc., a Delaware corporation (American), any rent payment under the Lease within 5 days after the same is due and payable, regardless of the reason for Mortgagee's non-receipt thereof;

(g) if by the order of a court of competent jurisdiction a receiver or liquidator of the Property or of Mortgagor or of Mortgagor's interest in the Property shall be appointed and shall not be discharged or dismissed within 60 days after such appointment or if by decree of such a court Mortgagor shall be adjudicated a bankrupt, or be declared insolvent;

(h) if Mortgagor shall be dissolved or if Mortgagor shall file a voluntary petition in bankruptcy, or shall make an assignment for the benefit of its creditors, or shall admit in writing its inability to pay its debts generally as they become due, or shall consent to the appointment of a receiver of the Property, or if a petition or an answer proposing the reorganization of Mortgagor pursuant to the Federal Bankruptcy Act or any similar law, federal or state, shall be filed in and approved by, any court, and, in the case of an involuntary petition, shall not be denied or dismissed within 60 days after the filing thereof;

(i) if any of the creditors of Mortgagor shall file a petition to reorganize Mortgagor pursuant to the Federal Bankruptcy Act or any similar law, federal or state, and if such petition shall not be discharged or denied within 60 days after the date on which such petition was filed;

(j) if final judgment for the payment of money or specific performance shall be rendered against Mortgagor and Mortgagor shall not discharge the same or cause it to be discharged within 60 days from the entry thereof, or shall not appeal therefrom or from the order, decree or process upon which or pursuant to which said judgment was granted, based or entered, and secure a stay of execution pending such appeal;

(k) if default shall be made in the due observance or performance of any covenant, condition or agreement of American in the Security Agreement with Mortgagee dated as of , 197 , and such default shall continue beyond the grace period, if any, applicable thereto;

then in every such case:

A. During the continuance of any such event of default, Mortgagee may declare all sums secured hereby to be due and payable immediately, and upon any such declaration, (i) the principal of the Notes, accrued and unpaid interest thereon and (to the extent permitted by law), except upon acceleration consequent upon a default exclusively under subparagraphs (c) (except that the premium hereafter referred to shall be payable upon a default under paragraphs 5, 9, 10 or 13 hereof), (e) (except that the premium hereafter referred to shall be payable if such default is curable without the assistance of the Lessee or American), (g), (h) or (i) above, or any combination thereof, a premium equal to 10% of the principal amount thereof prior to June 1, 1977 and thereafter the applicable premium set forth in paragraph 3(a)(i) of the Purchase Agreement, shall be immediately due and payable, anything in the Notes or this Mortgage to the contrary notwithstanding, without any presentment, demand, protest or other notice, all of which are hereby expressly waived, and (ii) Mortgagor shall pay to Mortgagee interest at 10% per annum on all sums so declared to be due (to the extent permitted by law) from the date of such event of default.

B. During the continuance of any such event of default, Mortgagee may enter into and upon the Property, exclude

Mortgagor therefrom, do everything necessary to preserve the Property and protect the security constituted thereby, and collect and receive all earnings, revenues, rents, issues, profits and income of the Property and apply the same to the payment of the sums secured hereby in such order as Mortgagee shall deem best.

C. Mortgagee, with or without entry, shall have the right to:

(1) sell Mortgagor's interest in the Property, as a whole or in separate parcels, at public auction at such time and place, and upon such terms and conditions as may be required or permitted by applicable law;

(2) take such steps to protect and enforce its rights whether by action, suit or proceeding in equity or at law for the specific performance of any provision in the Notes or this Mortgage, or in aid of the execution of any power herein granted, or for any foreclosure hereunder, or for the enforcement of any other appropriate legal or equitable remedy Mortgagee shall elect; and

(3) the appointment of a receiver of the Property and all earnings, revenues, rents, issues, profits and income thereof, to the extent permitted by law, without giving notice to any other party and without regard to the adequacy or inadequacy of the security of the Property.

19. *Sale After Default.* (a) The purchase money, proceeds or avails of any sale after default and any other sums which then may be held by Mortgagee under this Mortgage shall be applied to the payment of (i) the costs, fees and expenses of Mortgagee, and of such sale, including the cost of title searches and insurance, if any, (ii) all sums expended under the terms hereof, not then repaid, with accrued interest at 10% per annum, and (iii) all other sums at the time secured hereby. The balance, if any, shall be paid to the person or persons legally entitled thereto.

(b) In connection with any such sale, Mortgagee may bid for and acquire Mortgagor's interest in the Property or any part thereof and in lieu of paying cash therefor may make settlement for the purchase price by crediting upon the indebtedness secured by this Mortgage the net sales price after deducting therefrom the amounts referred to in paragraph 19 (a)(i) and (ii).

20. *Waiver of Defenses.* In any proceeding to enforce the rights of Mortgagee hereunder, Mortgagor will not claim or take advantage of any stay or extension or moratorium law, or any law providing for the evaluation or appraisal of Mortgagor's interest in the Property, or any part thereof, prior to any sale thereof. Mortgagor waives, to the extent that it lawfully may, all right to have the property conveyed hereby marshalled upon any foreclosure hereof. Mortgagor, for itself and any person claiming an interest in the Property by, through or under Mortgagor (except decree or judgment creditors), hereby expressly waives any and all rights of redemption from sale under any order or decree of foreclosure of this Mortgage.

21. *Additional Remedies.* No remedy of Mortgagee hereunder is intended to be exclusive of any other remedy hereunder or now or hereafter existing at law or in equity or by statute. No delay or omission of Mortgagee to exercise any right or power accruing upon any event of default shall impair any such right or power or shall be construed to be a waiver of any such event of default or an acquiescence therein; and every power and remedy given by this Mortgage to Mortgagee may be exercised from time to time as often as may be deemed expedient by Mortgagee.

ARTICLE III

General Provisions

22. *Release.* If Mortgagor shall pay all sums secured by this Mortgage, together with all interest and premium, if any, thereon, the Property and Mortgagor's interest therein then subject hereto shall be released to Mortgagor, at the cost and expense of Mortgagor. Except as specifically provided herein, this Mortgage shall remain in full force and effect.

23. *Notices; Modification; Waiver; Successors and Assigns.* All notices and demands or requests made pursuant hereto shall be in writing and shall be sent by registered mail, postage prepaid, to the address of the party to be served as set forth above, or at such other address as such party may have specified by written notice to the other party. This Mortgage may not be modified or discharged except by an instrument in writing executed by the parties hereto. No require-

ment of this Mortgage may be waived at any time except by a writing signed by Mortgagee, nor shall any waiver be deemed a waiver of any subsequent breach or default of Mortgagor. The provisions hereof shall bind and inure to the benefit of the respective successors and assigns of the parties.

24. *Immunity of Officers, Etc.* No recourse shall be had for the payment of principal of, or premium, if any, or interest on, any Note or for any claim based thereon or on this Mortgage against any incorporator, shareholder, director or officer, past, present or future of Mortgagor.

25. *Separability.* If any provision of this Mortgage or any application thereof shall be invalid, illegal or unenforceable in any respect, the validity, legality or enforceability of the remaining provisions herein and any other application of said provisions shall not in any way be affected or impaired thereby.

26. *Headings for Reference.* The headings of the various Articles and paragraphs herein have been inserted for convenient reference only and shall not to any extent modify or amend the express terms and provisions of this Mortgage.

IN WITNESS WHEREOF, Skyhare Corp. has caused this instrument to be executed and its corporate seal to be affixed hereto by its duly authorized officers as of the date first above written.

LEASE AND AGREEMENT

LEASE AND AGREEMENT (Lease), dated as of , between SKYHARE CORP., a Delaware corporation (Lessor), having an address at 60 East 42nd Street, New York, New York 10017, and SKY CHEFS, INC., a Delaware corporation (Lessee), having an address at 605 Third Avenue, New York, New York 10017.

1. DEMISE OF PREMISES:

Lessor hereby demises and sublets to Lessee for the term hereinafter described the parcel of land described in Schedule A hereof, all buildings, structures and other improvements constructed and to be constructed thereon and all easements, rights, privileges and appurtenances relating thereto, upon the terms and conditions hereinafter specified. Such parcel, together with the buildings, structures, fixtures and other improvements constructed and to be constructed thereon and which constitute or will constitute real property under Illinois law and all easements, rights and appurtenances relating thereto, is herein called the Leased Premises.

2. TITLE AND CONDITION:

The Leased Premises are demised and sublet subject to the rights of any parties in possession thereof and the state of the title thereof as of the commencement of this Lease, to any state of facts which an accurate survey or physical inspection thereof might show, to all zoning regulations, restrictions, rules and ordinances, building restrictions and other laws and regulations now in effect or hereafter adopted by any governmental authority having jurisdiction, and to all the terms and conditions of, and to the continuance of, the documents described in Schedule A hereof immediately following the description of the land (such documents being herein called the Ground Lease). All buildings, structures and other improvements located on the Leased Premises are accepted by Lessee in their present condition and without representation or warranty by Lessor. Lessee has examined the title to the Leased Premises and has found the same satisfactory. No right, power or privilege granted to Lessee hereunder may be exercised or enjoyed by Lessee and no provision or condition of this Lease shall be operative if and to the extent that such exercise, enjoyment or operation would not be permitted by, or would violate any provision of, the Ground Lease. This Lease is prior to the Mortgage (the Mortgage) dated as of the date hereof, made by Lessor to Teachers Insurance and Annuity Association of America (TIAA) as security for the 9¾% Secured Notes of Lessor.

3. USE OF LEASED PREMISES:

Subject to the provisions of the Ground Lease, Lessee is granted the right to occupy and use the Leased Premises for any lawful purpose.

4. TERM:

Subject to terms, covenants and conditions herein, Lessee shall have and hold the Leased Premises for a term commencing on , 1971 and ending on May 31, 1988 (the Primary Term) and thereafter Lessee shall have the right, upon giving notice not less than 30 days prior to the end of the Primary Term, to extend this Lease for an extended term commencing on June 1, 1988 and expiring on October 6, 1989 (the Extended Term).

Lessee hereby agrees that if it does not exercise its option to extend the term hereof for the Extended Term, it will accept from Lessor an assignment of Lessor's interest under the Ground Lease and will give to Lessor a written undertaking to indemnify and save Lessor harmless from and against all liabilities accruing pursuant to the Ground Lease after the date of such assignment.

5. RENT:

(a) Lessee agrees to pay to Lessor, as rent for the Leased Premises during the Primary Term of this Lease, the respective amounts set forth in Schedule B hereof (Basic Rent) on the dates set forth in Schedule B (such dates, except for the date set forth in paragraph 1 of Schedule B, herein called Basic Rent Payment Dates), at Lessor's address set forth above or at such other place or to such other person as Lessor from time to time may designate in writing, in lawful money of the United States of America.

(b) Lessee agrees that all other amounts, liabilities and obligations which Lessee assumes or agrees to pay or discharge pursuant to this Lease (except amounts payable as the purchase price for the Leased Premises or a part thereof pursuant to any provision of this

Lease and amounts payable as liquidated damages pursuant to subparagraphs (c) and (f) of paragraph 19), together with any fine, penalty, interest or cost which may be added for late payment thereof, shall constitute additional rent hereunder, and, if Lessee shall fail to pay or discharge any of the foregoing, Lessor shall have the rights, powers and remedies provided herein or by law in the case of nonpayment of Basic Rent. Lessee will pay on demand to Lessor, as additional rent, interest at the rate of 10% per annum on overdue instalments of Basic Rent, from the due date thereof until paid, and on overdue amounts of additional rent which Lessor shall have paid on behalf of Lessee, from the date of payment thereof by Lessor until paid by Lessee.

(c) Lessee agrees to pay to Lessor, as rent for the Leased Premises during the Extended Term of this Lease, a sum equal to .26% of Lessor's Investment set forth in Schedule C hereto. Such rent shall be due and payable on June 1, 1988.

6. NET LEASE; NON-TERMINABILITY:

(a) This Lease is a net lease and the Basic Rent, additional rent and other sums payable hereunder by Lessee, whether as the purchase price for the Leased Premises or part thereof or otherwise, shall be paid without notice or demand, and without set-off, counterclaim, abatement, suspension, deduction or defense.

(b) Except as expressly provided in paragraphs 12(b), 15 and 19(f), this Lease shall continue in full force and effect, and the obligations of Lessee hereunder shall not be released, discharged or otherwise affected, by reason of: (i) any damage to or destruction of the Leased Premises or any part thereof or the taking of the Leased Premises or any part thereof by condemnation, requisition or otherwise for any reason, (ii) any restriction or prevention of or interference with any use of the Leased Premises or any part thereof, (iii) any title defect (including without limitation the consequences of the fact that the Ground Lease, the assignment thereof to Lessor and this Lease are not and may not be recorded) or encumbrance or any eviction from the Leased Premises or any part thereof by title paramount, termination of the Ground Lease, in whole or in part, or otherwise, (iv) any bankruptcy, insolvency, reorganization, composition, adjustment, dissolution, liquidation or other proceeding relating to Lessor, or any action taken with respect to this Lease by any trustee or receiver of Lessor, or by any court, in any such proceeding, (v) any claim which Lessee has or might have against Lessor, (vi) any failure on the part of Lessor to perform or comply with any of the terms hereof or of any other agreement with Lessee, (vii) Lessee's ownership of any interest in the Leased Premises or part thereof otherwise than pursuant to an express provision of this Lease, or (viii) any other occurrence whatsoever, whether similar or dissimilar to the foregoing, any present or future law to the contrary notwithstanding; in each case, whether or not Lessee shall have notice or knowledge of any of the foregoing. Except as otherwise expressly provided herein, Lessee waives all rights now or hereafter conferred by statute or otherwise to quit, terminate or surrender this Lease or the Leased Premises or any part thereof, or to any abatement, suspension, deferment, diminution or reduction of Basic Rent or additional rent.

(c) If for any reason whatever the Basic Rent payable during the Primary Term shall be diminished or subject to diminution through attachment, claim, demand, charge, lien, levy or otherwise, by reason of any taxes, expenses, indebtedness, obligations or liabilities of any character incurred by any person, or by reason of any claims, demands, charges or liens of any nature against any person or against the Basic Rent, so that the Basic Rent, which has been assigned as security for any obligations of Lessor shall be rendered inadequate to meet such obligations (for purposes of this paragraph such Basic Rent shall be deemed to be inadequate to meet such obligations if with respect to any Basic Rent Payment Date the Basic Rent shall be reduced to less than the sum of the amount required to pay principal and interest on indebtedness of Lessor which is due and payable on or about such Date and is secured by an assignment of this Lease), or if the use or application of the Basic Rent by any assignee thereof for or to its purposes shall be delayed, hindered or prevented, or the right of any such assignee so to use or apply the same shall be in any way adversely affected, or if the holder or holders of indebtedness secured by an assignment of this Lease shall be subject to any liability to refund or pay over the same, Lessee will pay, as additional rent, an additional sum payable on each Basic Rent Payment Date, sufficient to pay and discharge all such taxes, expenses, indebtedness, obligations, liabilities, claims, demands, charges and liens, and to eliminate or prevent such delay, hindrance, obstacle or liability, and to protect fully such right, it being the intention of the parties hereto that the Basic Rent shall be received and enjoyed by any assignee thereof as an

absolutely net sum, and that Lessee shall pay all charges against or which might diminish such sum or render the same inadequate as aforesaid, so that the Basic Rent shall be received and enjoyed by any assignee thereof, and shall be available for application by any assignee to the payment of any obligations as security for which the same may have been assigned, without diminution.

7. Impositions; Legal and Insurance Requirements:

(a) Subject to paragraph 18(b) relating to contests, Lessee will pay all Impositions before any fine, penalty, interest or cost may be added for nonpayment, and will furnish to Lessor, upon request, official receipts or other satisfactory proof evidencing such payment. Lessor will give prompt written notice to Lessee of receipt by Lessor of any notice of nonpayment of any Imposition, provided that, if any Imposition is payable in instalments over a period of years, Lessee shall be liable only for payment of those instalments falling due and payable during the Primary or Extended Term hereof, with appropriate proration in case of fractional years.

(b) Subject to paragraph 18(b) relating to contests, Lessee at its expense will promptly (i) comply with all Legal Requirements and Insurance Requirements, whether or not compliance therewith shall require structural changes or interfere with the use and enjoyment of the Leased Premises or any part thereof, (ii) procure, maintain and comply with all permits, licenses and other authorizations required for any use of the Leased Premises or any part thereof then being made, and for the proper erection, installation, operation and maintenance of any building, structure or other improvement on the Leased Premises or any part thereof, and comply with any instruments at the time in force affecting the Leased Premises or any part thereof.

8. Liens:

Lessee will not directly or indirectly create or permit to be created or to remain, and will discharge, any lien, encumbrance or charge on, pledge of, or conditional sale or other title retention agreement with respect to, the Leased Premises or any part thereof, Lessee's interest therein or the Basic Rent or additional rent, other than: (a) this Lease and any assignment hereof or sublease hereunder, (b) any leasehold mortgage created by Lessor upon the Leased Premises, or any other assignment, pledge, lien, encumbrance, charge, conditional sale or title retention agreement affecting the Leased Premises resulting solely from (i) any action by Lessor or any assignee or mortgagee of Lessor's interest in the Leased Premises or (ii) any liability or obligation on the part of Lessor which Lessee is not obligated by this Lease to assume, (c) liens for Impositions not yet payable, or payable without the addition of any fine or penalty for nonpayment, or being contested as permitted by paragraph 18(b), or (d) liens of mechanics, materialmen, suppliers or vendors, or rights thereto, incurred in the ordinary course of business for sums which under the terms of the related contracts are not yet due, or if such sums are due, the amount or validity thereof is being contested in accordance with the provisions of paragraph 18(b), provided in any case that such reserve or other appropriate provision, if any, as shall be required by generally accepted accounting principles shall have been made therefor. Lessor is hereby authorized to enter upon the Leased Premises at any time to post any notices, which in its opinion are necessary to hold Lessor harmless from any work done on the Leased Premises.

9. Indemnification:

Lessee will protect, indemnify and save harmless Lessor from and against all liabilities, obligations, claims, damages, penalties, causes of action, judgments, costs and expenses (including without limitation reasonable attorneys' fees and expenses) imposed upon or incurred by or asserted against Lessor or the Leased Premises during the Primary or Extended Term of this Lease, unless caused solely by the wilful act or negligence of Lessor or its officers, employees or agents by reason of (a) any accidents or injury to or death of persons or loss of or damage to property, (b) the ownership or operation of or any use or condition of the Leased Premises or any part thereof or the adjoining sidewalks, curbs, vaults and vault space, if any, streets or ways, (c) any failure on the part of Lessee to perform or comply with any of the terms of this Lease, (d) any negligence or tortious act or omission on the part of Lessee or any of its agents, contractors, sublessees, licensees or invitees or (e) the ownership or operation of the Leased Premises. In case any action, suit or proceeding is brought against Lessor by reason of any such occurrence, Lessee upon Lessor's request, will at Lessee's expense defend such action, suit or proceeding with counsel designated by Lessee.

10. Maintenance and Repair:

Lessee at its expense will keep or cause to be kept the Leased Premises and the adjoining sidewalks, curbs, vaults and vault space, if

any, and streets and ways in good and clean order and condition, ordinary wear and tear excepted, and will promptly make all necessary or appropriate repairs, replacements, additions and improvements renewals thereof, whether interior or exterior, structural or nonstructural, ordinary or extraordinary, foreseen or unforeseen and will obtain all necessary permits and approvals in connection therewith. All repairs, replacements and renewals shall be equal in quality to the original work. Lessee at its expense will do or cause others to do all shoring of the Leased Premises or of the property adjoining thereto, or of foundations and walls of the Leased Premises and every other act, necessary or appropriate for the preservation and safety thereof by reason of or in connection with any excavation or other building operation upon the Leased Premises or any adjoining property, whether or not Lessor or the owner of the Leased Premises shall, by any Legal Requirement, be required to take such action or be liable for failure to do so. Lessor shall not be required to maintain, alter, repair, rebuild or replace the Leased Premises or part thereof, or to maintain the Leased Premises or part thereof, in any way, and Lessee expressly waives the right to make repairs at the expense of Lessor which may be provided for in any law now in effect or hereafter enacted.

11. Alterations and Additions:

If not at the time in default under this Lease, Lessee may, at its expense and subject to the terms of the Ground Lease, make reasonable alterations of and additions or other improvements to the Leased Premises or any part thereof, provided that any alterations or additions or other improvements (i) shall not reduce the fair market value of the Leased Premises below its value immediately before such alteration or addition, or impair the usefulness of the Leased Premises, (ii) are effected with due diligence, in a good and workmanlike manner and in compliance with all Legal Requirements and Insurance Requirements, and (iii) are promptly and fully paid for by Lessee, provided, however, that payment may be delayed if Lessee shall have delivered to Lessor promptly after presentation to Lessee of a bill for such alterations or additions a waiver, in recordable form, executed by the parties seeking payment, which waiver shall prevent the creation of any lien on the Leased Premises or Lessor's estate therein. As between Lessor and Lessee, title to all such alterations, additions and improvements shall immediately vest in Lessor and all thereof shall be part of the Leased Premises.

12. Condemnation:

(a) Any award or payment to which Lessor or Lessee may be or become entitled by reason of any taking of the Leased Premises or part thereof, in or by condemnation or other eminent domain proceedings pursuant to any law, general or special, by reason of vacation pursuant to Article VII of the Ground Lease, or by reason of the temporary requisition of the use or occupancy of the Leased Premises or part thereof, by any governmental authority, civil or military, whether the same shall be paid or payable in respect of Lessee's leasehold interest hereunder or otherwise, shall be paid to Lessor to be held by it for application as provided in this paragraph 12. Such award or payment (except as aforesaid) less any cost and expense incurred in collecting such award or payment is herein called the "net award." TIAA shall be entitled to participate fully in any such proceedings and the reasonable costs and expenses of such participation (including reasonable attorneys' fees and expenses) shall be paid by Lessee.

(b) If during the Primary or Extended Term (i) the entire Leased Premises shall be taken in or by condemnation or other eminent domain proceedings pursuant to any law, general or special, or taken pursuant to Article VII of the Ground Lease, or (ii) a substantial portion of the Leased Premises, which in the opinion of Lessee's board of directors shall be sufficient to render the remaining portion unsuitable for Lessee's continued use and occupancy, shall be taken in or by such proceedings, Lessee shall, within 30 days after such taking, give notice to Lessor of Lessee's intention to terminate this Lease and give its irrevocable undertaking to purchase any remaining portion of the Leased Premises on the first Basic Rent Payment Date occurring not less than 60 days after the delivery of such notice, provided that, if less than the entire Leased Premises shall have been taken, such notice shall be accompanied by a certificate of Lessee, signed by its president or a vice president and dated currently, stating that Lessee's board of directors has determined that the remainder of the Leased Premises is unsuitable for Lessee's continued use or occupancy. On such Basic Rent Payment Date Lessor shall assign to Lessee in accordance with paragraph 16 Lessor's interest in the remaining portion, if any, of the Leased Premises, and shall, subject to any rights of the landlord under the Ground Lease thereto, pay to Lessee the net award actually received by Lessor, or if such net award shall not have been received by

Lessor, Lessor shall assign to Lessee its interest and right in and to such net award, in either case against payment by Lessee of the purchase price provided for in paragraph 1 of Schedule C hereof, in accordance with paragraph 16, together with all instalments of Basic Rent and all other sums then due and payable under this Lease to and including such Basic Rent Payment Date. On such Basic Rent Payment Date this Lease shall terminate except with respect to obligations and liabilities of Lessee under this Lease, actual or contingent, which have arisen on or prior to such Basic Rent Payment Date, but only upon payment by Lessee of all Basic Rent and other sums due and payable by it under this Lease to and including such Basic Rent Payment Date.

(c) If (i) a portion of the Leased Premises shall be taken in or by condemnation or other eminent domain proceedings pursuant to any law, general or special or be vacated pursuant to Article VII of the Ground Lease, and this Lease shall not be terminated, or (ii) the use or occupancy of the Leased Premises or part thereof shall be temporarily requisitioned by any governmental authority, civil or military, then this Lease shall continue in full force and effect, and Lessee shall, promptly after any such taking or requisition and at its cost and expense, promptly and diligently commence and complete the Restoration of the Leased Premises (subject only to Unavoidable Delays), provided that in the case of a temporary requisition, Lessee shall not be required to effect Restoration until such requisition is terminated. In case of any such lesser taking in or by such proceedings, Lessee shall apply the net award actually received by Lessee to the cost of Restoration and, if the net award shall have been paid to Lessor as provided in paragraph 12(a), Lessee may, from time to time after the commencement of Restoration but not more often than once in any period of 60 days, request by notice to Lessor that Lessor pay to Lessee an amount sufficient to reimburse Lessee for the previously unreimbursed cost and expense of Restoration, and upon receipt by Lessor of a certificate of Lessee, signed by a vice president and dated the date of such request, setting forth in reasonable detail the total amount of such unreimbursed cost and expense actually incurred by Lessee and not previously certified by Lessee, and stating that no event of default has happened and is continuing hereunder, Lessor shall pay to Lessee the amount so certified, to the extent of the net award received by Lessor by reason of such taking and remaining after the making of all previous reimbursements to Lessee. After the completion of Restoration, Lessor shall pay to Lessee, to the extent of the net award received by Lessor and remaining after making all previous reimbursements to Lessee, an amount sufficient to reimburse Lessee for all the previously unreimbursed cost and expense of Restoration, upon receipt by Lessor of a certificate of Lessee, signed by a vice president, stating that Restoration has been completed as provided in this paragraph 12(c) and that no default has occurred and is continuing under this Lease. If any portion of the net award shall remain after such payment is made, such remaining portion shall be assigned to Lessee, subject to any right of the landlord under the Ground Lease thereto. In case of such temporary requisition, the entire net award received by Lessor shall be paid over currently to Lessee. If the cost of Restoration required to be made by Lessee pursuant to this paragraph 12(c) shall exceed the amount of the net award, the deficiency shall be paid by Lessee. No payment of any portion of the net award shall be made to Lessee if any default by Lessee shall have happened and be continuing under this Lease.

(d) For purposes of this Lease, all amounts paid pursuant to any agreement with any condemning authority which has been made in settlement of any condemnation or other eminent domain proceeding affecting the Leased Premises shall be deemed to constitute an award made in such proceeding.

13. INSURANCE:

(a) Lessee, at its expense, will maintain, or cause to be maintained with financially sound and reputable insurers: (i) insurance with respect to the Leased Premises against loss or damage by fire, lightning, and other risks from time to time included under extended coverage endorsements, in amounts sufficient to prevent Lessor or Lessee from becoming a co-insurer of any partial loss under the applicable policies, but in any event in amounts equal to 90% of the full replacement value of the Leased Premises (exclusive of the cost of foundations and excavations), less physical depreciation, and in no event in an amount less than the outstanding principal amount of Lessor's Notes secured by the Mortgage; (ii) comprehensive general liability insurance applicable to the Leased Premises with limits of liability of not less than $1,000,000 combined single limit for injury to persons (including death

resulting therefrom) and damage to the property of others; (iii) explosion insurance in respect of any boilers and similar apparatus located on the Leased Premises in an amount of $100,000; (iv) war risk insurance, when and to the extent available in the United States and in the amounts usually carried, by persons operating similar properties in the Chicago area; and (v) such other insurance as may be required from time to time by the Ground Lease.

(b) All insurance required to be maintained pursuant to paragraph 13(a) shall: (i) name Lessor, Lessee, TIAA and the landlord under the Ground Lease as insureds, as their respective interests may appear; (ii) provide that all insurance proceeds shall be adjusted by Lessee and shall, except in the case of comprehensive general liability insurance, be payable to TIAA; (iii) provide that any losses shall be payable notwithstanding the occupation or use of the Leased Premises for purposes more hazardous than permitted by the terms of the policy; and (iv) provide that no cancellation thereof shall be effective until at least 10 days after receipt by Lessor, Lessee and TIAA of written notice thereof. Any insurance required to be maintained by Lessee pursuant to this paragraph 13 may be evidenced by blanket insurance policies covering the Leased Premises and other property or assets of Lessee, provided that any such policy shall specify that portion of the total coverage of such policy that is allocated to the Leased Premises and shall, in all other respects, comply with the requirements of this paragraph 13.

(c) Lessee will promptly upon request deliver to TIAA certificates evidencing (or copies of) all insurance policies with respect to the Leased Premises which Lessee is required to maintain pursuant to this paragraph 13. All certificates of insurance delivered pursuant to this paragraph 13(c) shall set forth the types of coverage afforded by the policy underlying such certificate and the limits of liability of the insurer executing such certificate, all in detail satisfactory to TIAA.

(d) There shall be no apportionment of premiums in respect of insurance maintained pursuant to this paragraph 13 at the expiration or any termination of this Lease; Lessee may cancel any such policies as of such expiration or termination and obtain any premium refunds incident thereto. Lessee shall be entitled to any premium refund or dividend received by Lessor or Lessee on account of any insurance maintained by Lessee pursuant to this paragraph 13.

14. CASUALTY:

(a) In case of any material damage to or destruction of the Leased Premises or any part thereof, Lessee will promptly give notice thereof to Lessor, generally describing the nature and extent of such damage or destruction and setting forth Lessee's best estimate of the cost of Restoration. Insurance proceeds, if any, payable in respect of Lessor's or Lessee's interest in the Leased Premises shall be and hereby are assigned to TIAA for application as hereinafter provided.

(b) If during the Primary or Extended Term (i) the entire Leased Premises shall be destroyed by fire or other casualty or (ii) a substantial portion of the Leased Premises, which in the opinion of Lessee's board of directors shall be sufficient to render the remaining portion unsuitable for Lessee's continued use and occupancy, shall be so damaged or destroyed, Lessee shall, within 30 days after such damage or destruction, give notice to Lessor of Lessee's intention to terminate this Lease and give its irrevocable undertaking to purchase any remaining portion of the Leased Premises on the first Basic Rent Payment Date occurring not less than 60 days after the delivery of such notice, provided that, if less than the entire Leased Premises shall have been destroyed, such notice shall be accompanied by a certificate of Lessee, signed by its president or a vice president and dated currently, stating that Lessee's board of directors has determined that the remainder of the Leased Premises is unsuitable for Lessee's continued use or occupancy. On such Basic Rent Payment Date Lessor shall assign to Lessee in accordance with paragraph 16 Lessor's interest in the remaining portion, if any, of the Leased Premises, and shall pay to Lessee the insurance proceeds actually received by Lessor on account of such damage or destruction, or if such insurance proceeds shall not have been received by Lessor, Lessor shall assign to Lessee its interest and right in and to such insurance proceeds, in either case against payment by Lessee of the purchase price provided for in paragraph 1 of Schedule C hereof, in accordance with paragraph 16, together with all instalments of Basic Rent and all other sums then due and payable under this Lease to and including such Basic Rent Payment Date. On such Basic Rent Payment Date this Lease shall terminate except with respect to obligations and liabilities of Lessee under this Lease, actual or contingent, which have arisen on or prior to such Basic Rent Payment Date, but only upon payment by Lessee of all Basic Rent and

other sums due and payable by it under this Lease to and including such Basic Rent Payment Date.

(c) If a portion of the Leased Premises shall be damaged or destroyed by fire or other casualty and this Lease shall not be terminated, then this Lease shall continue in full force and effect, and Lessee shall, promptly after any such damage or destruction and at its cost and expense, promptly and diligently commence and complete or cause to be commenced and completed the Restoration of the Leased Premises (subject only to Unavoidable Delays). Restoration by the landlord under the Ground Lease shall satisfy the obligation of the Lessee under the immediately preceding sentence and Lessee agrees to pay over to such landlord from time to time any insurance proceeds and such other amounts as may be necessary to enable such landlord to effect Restoration. In case of any such lesser damage or destruction, Lessee shall apply the insurance proceeds actually received by Lessee to the cost of Restoration and, if the insurance proceeds shall have been paid to Lessor as provided in paragraph 14(a), Lessee may, from time to time after the commencement of Restoration but not more often than once in any period of 60 days, request by notice to Lessor that Lessor pay to Lessee an amount sufficient to reimburse Lessee for the previously unreimbursed cost and expense of Restoration, and upon receipt by Lessor of a certificate of Lessee, signed by its president or a vice president and dated the date of such request, setting forth in reasonable detail the total amount of such unreimbursed cost and expense actually incurred by Lessee (or by the landlord under the Ground Lease) and not previously certified by Lessee, and stating that no event of default has happened and is continuing hereunder, Lessor shall pay to Lessee or such landlord the amount so certified, to the extent of the insurance proceeds received by Lessor by reason of such damage or destruction and remaining after the making of all previous reimbursements to Lessee. After the completion of Restoration, Lessor shall pay to Lessee or such landlord, to the extent of the insurance proceeds received by Lessor and remaining after making all previous reimbursements to Lessee, an amount sufficient to reimburse Lessee or such landlord for all the previously unreimbursed cost and expense of Restoration, upon receipt by Lessor of a certificate of Lessee, signed by its president or a vice president, stating that Restoration has been completed as provided in this paragraph 14(c) and that no default has occurred and is continuing under this Lease. If the cost of Restoration required to be made by Lessee pursuant to this paragraph 14(c) shall exceed the amount of the insurance proceeds, the deficiency shall be paid by Lessee. If the amount of the insurance proceeds shall exceed the cost of Restoration, such excess shall, subject to any right of the landlord under the Ground Lease thereto, be paid to Lessee. No payment of any portion of the insurance proceeds shall be made to Lessee if any default by Lessee shall have happened and be continuing under this Lease.

15. Termination of Ground Lease and Economic Abandonment:

If (i) the Ground Lease shall terminate pursuant to Articles XVIII or XIX thereof or otherwise, or (ii) Lessee shall fail to extend the terms of the Ground Lease for a period at least coterminous with the Primary Term hereof, then Lessee hereby agrees to give prompt notice to Lessor of such occurrence or failure and to pay to Lessor on the first Basic Rent Payment Date occurring not less than 90 days after the delivery of such notice an amount, calculated in accordance with paragraph 2 of Schedule C, upon receipt of which Lessor shall assign to Lessee its entire interest, if any then exists, in and to the Leased Premises and its right to receive any award payable in connection with vacation of the Leased Premises and this Lease shall terminate upon the conditions hereinafter in this paragraph set forth. If at any time after June 1, 1976, the continued use of the Leased Premises shall be uneconomic, Lessee may give notice to Lessor of Lessee's intention to terminate this Lease on the first Basic Rent Payment Date occurring not less than 90 days after the delivery of such notice, provided that such notice shall be accompanied by (i) a certificate of Lessee, signed by a vice president and dated currently, stating that the continued use of the Leased Premises by Lessee has been determined by Lessee's board of directors to be uneconomic and that Lessee has discontinued, or intends to discontinue, not later than such Basic Rent Payment Date, the use of the Leased Premises, and (ii) an irrevocable undertaking of Lessee to purchase the Lessor's interest in the Leased Premises on such Basic Rent Payment Date, at a price determined in accordance with paragraph 2 of Schedule C hereof. This Lease shall terminate on such Basic Rent Payment Date (or, in any case arising under the first sentence of this paragraph, on the Basic Rent Payment Date on which Lessee makes the payment to Lessor) except with respect to obligations and liabilities of Lessee under this Lease, actual or contingent, which have arisen on or prior to such date, but not only upon

payment by Lessee of all Basic Rent and other sums due and payable by it under this Lease to and including such Basic Rent Payment Date, and on such Basic Rent Payment Date, Lessor shall assign Lessor's interest in the Leased Premises to Lessee, if there shall be any such interest to assign, in accordance with paragraph 16, against payment by Lessee of the purchase price therefor, together with all instalments of Basic Rent and all other sums then due and payable under this Lease to and including such Basic Rent Payment Date.

16. PROCEDURE UPON PURCHASE:

(a) Upon the purchase of the Lessor's interest in the Leased Premises or part thereof by Lessee pursuant to this Lease, Lessor need not assign to Lessee any better title thereto than existed on the date of the commencement of this Lease, but Lessor shall assign and Lessee shall accept such interest as existed on the date of such commencement, subject to all liens, encumbrances, charges, exceptions and restrictions attaching thereto on or after such commencement, and to all applicable laws, regulations and ordinances, but free of the lien of the Mortgage.

(b) Upon the date fixed for any such purchase of the Leased Premises or part thereof (or for any payment to be made by Lessee to Lessor pursuant to paragraph 19(f)), Lessee shall pay to Lessor at its address set forth above or at any other place designated by Lessor, in lawful money of the United States of America, the purchase price or amount specified herein and Lessor shall deliver to Lessee an assignment or deed transferring at least the interest described in paragraph 16(a) (if there shall be any such interest to assign), together with any other instruments which may be necessary to assign to Lessee any interest then required to be sold by Lessor pursuant to this Lease. Lessee shall pay all charges incident to such assignment, including escrow fees, recording fees, reasonable attorneys' fees and expenses, title examination, title premiums and all applicable federal, state and local taxes (other than any income taxes and other taxes determined on the basis of income or revenues of Lessor levied upon or assessed against Lessor) which may be incurred or imposed by reason of such assignment or by reason of the delivery of said assignment or deed and other instruments. Upon the completion of such purchase and/or payment, but not prior thereto (whether or not any delay in the completion of such purchase or inability to complete such purchase shall be the fault of Lessor), this Lease and all obligations hereunder shall terminate with respect to the Leased Premises or part thereof so sold, except with respect to obligations and liabilities of Lessee, actual or contingent, under this Lease which arose on or prior to said date of purchase. Lessee agrees that on said date of purchase it will execute and deliver to Lessor an undertaking in form and substance satisfactory to Lessor to perform or cause to be performed all obligations, actual or contingent, which arose during the period the Leased Premises were occupied by the Lessee and imposed by the Ground Lease upon the tenant thereunder and indemnifying Lessor with respect to such obligations. In the event payment is made on a date later than the date originally fixed for such purchase, Lessee agrees to pay as an additional part of the purchase price of the Leased Premises an amount equal to the product of (x) .0278% of the purchase price of the Leased Premises and (y) the number of days from the date originally fixed for such purchase and the date such payment is made.

17. ASSIGNMENT AND SUBLETTING:

Without the prior written consent of Lessor, which consent shall not be unreasonably withheld, Lessee shall not sublet the Leased Premises or any part thereof and shall not assign its interest under this Lease in whole or in part; provided, however, that no such consent shall be required for a sublease or assignment to American Airlines, Inc., a Delaware corporation (Amercian) or a corporation at least 51% of each series or class of stock of which is owned beneficially and of record by Lessee or American, provided (x) such sublease or assignment shall terminate on the date the Lessee or American, as the case may be, ceases to own, beneficially and of record, at least 51% of each series or class of stock of such sublessee or assignee, and (y) American confirms to TIAA by a written instrument delivered concurrently with such sublease or assignment the continuance of its obligations under the Security Agreement dated , 1971 to TIAA (the Security Agreement) notwithstanding such sublease or assignment. No assignment or sublease made as permitted by this paragraph 17 shall affect or reduce any obligations of Lessee or rights of Lessor hereunder, and all obligations of Lessee hereunder shall continue in full force and effect as the obligations of a principal and not of a guarantor or surety, to the same extent as though no assignment or subletting had been made. Upon the occurrence of an event of default under this Lease, Lessor shall have the right to collect and enjoy all rents and

other sums of money payable under any sublease of the Leased Premises or part thereof, and Lessee hereby assigns such rents and money to Lessor, such assignment to be effective upon the occurrence of an event of default. Lessee shall not mortgage or pledge this Lease. Any such mortgage or pledge, and any such sublease or assignment made in violation of this paragraph 17, shall be void. Lessee shall, within 10 days after the execution and delivery of any such sublease or assignment, deliver a conformed copy thereof to Lessor, and within 10 days after the execution and delivery of any such sublease shall give notice to Lessor of the existence and term of such sublease and of the name and address of the sublessee.

18. Advances by Lessor; Permitted Contests:

(a) Lessor may, upon notice to Lessee, but shall not be obligated to, make any payment or perform any act required hereunder to be made or performed by Lessee with the same effect as if made or performed by Lessee, provided that no entry by Lessor upon the Leased Premises for such purpose shall constitute or shall be deemed to be an eviction of Lessee and shall not waive or release Lessee from any obligation or default hereunder. All sums so paid by Lessor and all costs and expenses (including reasonable attorneys' fees and expenses) incurred by Lessor in connection with the performance of any such act shall constitute additional rent payable by Lessee hereunder.

(b) Lessee, at its expense, and, if legally required, in the name of Lessor, may contest (in the case of any item involving more than $5,000, after prior written notice to Lessor), by appropriate legal proceedings conducted in good faith and with due diligence, the amount or validity or application, in whole or in part, of any Imposition or lien therefor or any Legal Requirement, Insurance Requirement or any liens of the type referred to in subdivision (d) of paragraph 8 or the application of any instruments referred to in paragraph 7(b), provided that (i) in the case of liens of mechanics, materialmen, suppliers or vendors, or Impositions or liens therefor, such proceedings shall suspend the collection thereof from Lessor, the Leased Premises, any interest therein, the Basic Rent or any additional rent, (ii) neither the Leased Premises nor any part thereof or interest therein, or the Basic Rent or any additional rent or any portion thereof, would be in any danger of being sold, forfeited or lost by reason of such proceedings, and (iii) Lessor would not be in any danger of any civil or any criminal liability by reason of such contest and the Leased Premises would not be subject to the imposition of any lien as a result of failure to comply with any Legal Requirement. Lessor, at the expense of Lessee, will cooperate with Lessee and execute any documents or pleadings legally required for any such contest.

19. Conditional Limitations — Default Provisions:

(a) Any of the following occurrences or acts shall constitute an event of default under this Lease: (i) if Lessee shall (a) fail to make any payment of Basic Rent, additional rent or other sum herein required to be paid by Lessee, or (b) fail to observe or perform any of Lessee's other covenants, agreements or obligations hereunder and such failure shall continue for 30 days after Lessor shall have given to Lessee notice specifying such failure or, if such default cannot be cured by the payment of money and cannot with due diligence be cured within such 30-day period owing to causes beyond the control of Lessee, if Lessee shall fail to proceed promptly to cure the same and thereafter prosecute the curing of such default with diligence and continuity, or (ii) if Lessee or American Airlines, Inc. shall file a petition in bankruptcy or for reorganization or for an arrangement pursuant to any present or future federal bankruptcy act or under any similar federal or state law, or shall be adjudicated a bankrupt or insolvent or shall make an assignment for the benefit of its creditors or shall admit in writing its inability to pay its debts generally as they become due, or if a petition or answer proposing the adjudication of Lessee or American Airlines, Inc. as a bankrupt or its reorganization under any present or future federal bankruptcy act or any similar federal or state law shall be filed in any court and such petition or answer shall not be discharged or denied within 90 days after the filing thereof, or (iii) if a receiver, trustee or liquidator of Lessee or American Airlines, Inc. or of all or substantially all of the assets of Lessee or American Airlines, Inc., as the case may be, or of Lessee's interest in the Leased Premises or part thereof shall be appointed in any proceeding brought by Lessee, or if any such receiver, trustee or liquidator shall be appointed in any proceeding brought against Lessee or American Airlines, Inc. and shall not be discharged within 90 days after such appointment or if Lessee or American Airlines, Inc. shall consent to or acquiesce in such appointment, or (iv) if the estate or interest of Lessee in the Leased Premises or part thereof shall be levied upon or attached in any proceedings and such process shall not be vacated or discharged within 60 days after such levy or attachment, or (v) if the Leased Premises shall be abandoned by Lessee

for a period of 20 consecutive days, or (vi) if the Ground Lease shall be terminated prior to the expiration date of the Primary Term or Extended Term, as the case may be, of this Lease and the payments required by paragraph 19(f) shall not be made by or on behalf of Lessee to Lessor on demand or (vii) an event of default under the Mortgage shall occur, which event of default is due solely to an act or omission of American under the Security Agreement or of Lessee under the Assignment of Lease and Agreement dated as of , 1971 from Lessor and Lessee to TIAA.

(b) This Lease and the term and estate hereby granted are subject to the limitation that whenever an event of default shall have happened and be continuing, Lessor shall have the right at its election, then or thereafter while any such event of default shall continue and notwithstanding the fact that Lessor may have some other remedy hereunder or at law or in equity, to give Lessee notice of Lessor's intention to terminate the term of this Lease on a date specified in such notice, which shall be not less than 10 days after the giving of such notice, and upon the date so specified, the term of this Lease and the estate hereby granted shall expire and terminate with the same force and effect as if the date specified in such notice were the date hereinbefore fixed for the expiration of the term of this Lease, and all rights of Lessee hereunder shall expire and terminate, but Lessee shall remain liable as hereafter provided. Should Lessor elect to re-enter as herein provided or should Lessor take possession pursuant to legal proceedings or pursuant to any notice provided for by law, Lessor may from time to time re-let the Leased Premises or any part thereof for such term or terms and at such rental or rentals and upon such terms and conditions as Lessor may deem advisable, with the right to make alterations in and repairs of the Leased Premises.

(c) In the event of any termination of the term of this Lease as in this paragraph 19 above provided or as permitted by law, Lessee shall quit and surrender the Leased Premises to Lessor, and Lessor may without further notice enter upon, re-enter, possess and repossess the same by summary proceedings, ejectment or otherwise, and again have, repossess and enjoy the same as if this Lease had not been made, and in any such event neither Lessee nor any person claiming through or under Lessee by virtue of any law or an order of any court shall be entitled to possession or to remain in possession of the Leased Premises but shall forthwith quit and surrender the Leased Premises, and Lessor at its option shall forthwith, notwithstanding any other provision of this Lease, be entitled to recover from Lessee (in lieu of all other claims for damages on account of such termination) as and for liquidated damages an amount equal to the excess of all Basic Rent and other amounts payable by Lessee reserved hereunder for the unexpired portion of the then current Term of this Lease, discounted at the rate of 6% per annum from the dates such rents would have become due under this Lease to the date of such termination, over the fair rental value of the Leased Premises at the time of termination for such unexpired portion, discounted at the rate of 6% per annum. Nothing herein contained shall limit or prejudice the right of Lessor, in any bankruptcy or reorganization or insolvency proceeding, to prove for and obtain as liquidated damages by reason of such termination an amount equal to the maximum allowed by any bankruptcy or reorganization or insolvency proceedings, or to prove for and obtain as liquidated damages by reason of such termination, an amount equal to the maximum allowed by any statute or rule of law whether such amount shall be greater or less than the excess referred to above.

(d) If Lessor shall re-enter and obtain possession of the Leased Premises following an event of default, Lessor shall have the right, without notice, to repair or alter the Leased Premises in such manner as to Lessor may seem necessary or advisable so as to put the Leased Premises in good order and to make the same rentable, and shall have the right, at Lessor's option, to re-let the Leased Premises or a part thereof, and Lessee agrees to pay to Lessor on demand all expenses incurred by Lessor in obtaining possession, and in altering, repairing and putting the Leased Premises in good order and condition, and in reletting the same, including reasonable fees of attorneys and architects, and all other reasonable expenses or commissions, and Lessee further agrees to pay to Lessor upon the Basic Rent Payment Dates following the date of such re-entry to and including the date set forth in paragraph 4 hereof for the expiration of the term of this Lease in effect immediately prior to such re-entry the sums of money which would have been payable by Lessee as Basic Rent hereunder on said Basic Rent Payment Dates if Lessor had not re-entered and resumed possession of the Leased Premises deducting only the net amount of rent, if any, which Lessor shall actually receive (after deducting from the gross receipts the expenses, costs and payments of Lessor which in accordance with the terms of this Lease would have

been borne by Lessee) in the meantime from and by any reletting of the Leased Premises, and Lessee hereby agrees to remain liable for all sums otherwise payable by Lessee under this Lease, including but not limited to the expenses of Lessor aforesaid, as well as for any deficiency aforesaid, and Lessor shall have the right from time to time to begin and maintain successive actions or other legal proceedings against Lessee for the recovery of such deficiency, expenses or damages or for a sum equal to any instalments of Basic Rent or additional rent and other sums payable hereunder, and to recover the same upon the liability of Lessee herein provided, which liability it is expressly covenanted shall survive the issuance of any action to secure possession of the Leased Premises. Nothing herein contained shall be deemed to require Lessor to wait to begin such action or other legal proceedings until the date when this Lease would have expired by limitation had there been no such event of default.

(e) If under any of the preceding provisions of this paragraph 19, Lessor shall be entitled to give Lessee a notice of termination of the term of this Lease, Lessor, without giving such notice of termination and notwithstanding the continuance of the term of this Lease and that Lessor may not have re-entered or taken possession of the Leased Premises pursuant to this paragraph 19, shall have, to the extent permitted by law, all the rights, powers and remedies given to Lessor by the preceding provisions of this paragraph 19, and Lessee shall have the obligations imposed upon it by such provisions. No such re-entry or taking of possession of the Leased Premises by Lessor shall be construed as an election on Lessor's part to terminate the term of this Lease unless a written notice of such intention shall be given to Lessee or unless such termination be decreed by a court of competent jurisdiction.

(f) If the Ground Lease shall expire or be terminated prior to the expiration date of the Primary Term of this Lease, this Lease and the term herein demised shall forthwith terminate without the necessity of any action by the parties hereto, except that on the effective date of such termination, Lessee shall become liable for, and shall pay to Lessor on demand (i) all sums payable by the tenant under the Ground Lease upon the expiration or termination thereof, whether or not pursuant to the provisions of the Ground Lease, as damages awarded to any person (other than Lessor) for such expiration or termination or otherwise, (ii) all amounts payable by Lessee under any provision of this Lease with respect to the Leased Premises, which amounts are accrued and unpaid on such date, and (iii) as and for liquidated damages to Lessor by reason of the termination of this Lease (in lieu of all other claims for damages on account of such termination), a sum equal to the purchase price which would have been payable if the Leased Premises had been purchased by Lessee pursuant to paragraph 15 on the Basic Rent Payment Date immediately preceding such date of termination.

20. Additional Rights of Lessor:

(a) No right or remedy herein conferred upon or reserved to Lessor is intended to be exclusive of any other right or remedy, and every right and remedy shall be cumulative and in addition to any other right or remedy given hereunder or now or hereafter existing at law. The failure of Lessor to insist at any time upon the strict performance of any covenant or agreement or to exercise any right, power or remedy contained in this Lease shall not be construed as a waiver or relinquishment thereof for the future. The receipt by Lessor of any Basic Rent, additional rent or other sum payable hereunder with knowledge of the breach of any covenant or agreement contained in this Lease shall not be deemed a waiver of such breach, and no waiver by Lessor of any provision of this Lease shall be deemed to have been made unless expressed in writing and signed by Lessor. Lessor shall be entitled, to the extent permitted by applicable law, to injunctive relief in case of the violation, or attempted or threatened violation, of any covenant, agreement, condition or provision of this Lease or to a decree compelling performance of any covenant, agreement, condition or provision of this Lease, or to any other remedy allowed to Lessor by law.

(b) Lessee hereby waives and surrenders for itself and all those claiming under it, (i) any right and privilege which it or any of them may have under any present or future constitution, statute or rule of law to redeem the Leased Premises or to have a continuance of this Lease for the term hereby demised after termination of Lessee's right of occupancy by order or judgment of any court or by any legal process or writ, or under the terms of this Lease, or after the termination of the term of this Lease as herein provided, and (ii) the benefits

of any present or future constitution, statute or rule of law which exempts property from liability for debt or for distress for rent.

(c) If Lessee shall be in default in the performance of any of its obligations under this Lease and an action shall be brought for the enforcement thereof in which it shall be determined that Lessee was in default, Lessee shall pay to Lessor the expenses incurred in connection therewith including reasonable attorneys' fees. If Lessor shall without fault on its part be made a party to any litigation commenced against Lessee, and if Lessee shall not provide Lessor with counsel satisfactory to Lessor, Lessee shall pay all costs and reasonable attorneys' fees incurred or paid by Lessor in connection with such litigation.

21. GROUND LEASE:

(a) Lessee will duly and punctually make all payments required to be made by the tenant under the Ground Lease, including without limitation all payments of rent and percentage fees payable thereunder, when and as the same shall become due and payable directly to the party entitled to receive the same. Lessee will also observe and perform at its own cost and expense all the covenants, terms and conditions imposed by the Ground Lease upon the tenant under the Ground Lease, to the end that Lessor shall have no responsibility for compliance with the provisions of the Ground Lease and shall be indemnified by Lessee against all liability thereunder.

(b) If any event (other than the expiration of any period provided in the Ground Lease for the exercise of a right to extend the term of the Ground Lease) shall occur which shall enable the tenant under the Ground Lease to terminate the same, Lessee shall notify Lessor thereof within 10 days after the occurrence thereof. Notwithstanding any such right of termination, Lessee shall take no action to terminate the Ground Lease and shall take all such action, if any, as shall be necessary to maintain the estate of Lessor in the Leased Premises subject to the Ground Lease during the term demised by the Ground Lease.

(c) If any event (other than the expiration of any period provided in the Ground Lease for the exercise of a right to extend the term of the Ground Lease) shall occur which, pursuant to the terms of the Ground Lease, with or without the passage of time, shall enable the landlord under the Ground Lease to terminate the same or to impair or restrict the rights of the tenant thereunder, Lessee shall notify Lessor thereof within 3 days after Lessee obtains knowledge of the occurrence thereof, and shall take such action, if any, as shall be necessary to maintain the estate of Lessor in the Leased Premises subject to the Ground Lease during the term demised by the Ground Lease and to enable the full enjoyment of such rights as they existed prior to any such impairment or restriction.

(d) Lessor hereby covenants to appoint and hereby irrevocably appoints Lessee the attorney-in-fact of Lessor during the term of the Lease to enforce the covenants, agreements and obligations of the landlord under the Ground Lease and the rights of the tenant thereunder, and authorizes Lessee to enforce such covenants, agreements and obligations. The foregoing appointment and authorization is made for the purpose of assuring the performance by such landlord of such covenants, agreements and obligations and the authority granted to Lessee in this paragraph 21(d) shall not be construed to authorize Lessee to enter into any amendment or modification of, or surrender or terminate, or cause the surrender, termination or cancellation of, the Ground Lease or to take any action which would impair the rights of Lessor under the Ground Lease and shall not be deemed to impair the right of Lessor to exercise any right, power or privilege of the tenant under the Ground Lease or to enforce such covenants, agreements and obligations.

22. NOTICES, DEMANDS AND OTHER INSTRUMENTS:

All notices and other communications hereunder shall be in writing and shall be sent by first class registered or certified United States mail, postage prepaid, addressed to the intended recipient at its address first above set forth. Lessor and Lessee each shall have the right, from time to time, to specify as its address for purposes of this Lease, any other address in the United States upon giving 15 days' notice thereof to the other party.

23. ESTOPPEL CERTIFICATES:

Lessor or Lessee, as the case may be, will execute, acknowledge and deliver to the other, promptly upon request, a certificate of Lessor or

Lessee, as the case may be, certifying (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect, as modified, and stating the date of each instrument so modifying this Lease), (b) the dates, if any, to which the Basic Rent, additional rent and other sums payable hereunder have been paid, (c) whether, in the opinion of each signer, there are then existing any offsets or defenses against the enforcement of any term hereof on the part of Lessee to be performed or complied with (and, if so, specifying the same), and (d) whether, in the opinion of each signer, any default exists hereunder and, if any such default exists, specifying the nature and period of existence thereof and what action Lessor or Lessee, as the case may be, is taking or proposes to take with respect thereto and whether notice thereof has been given to Lessee. Any certificate required under this paragraph 23 shall (i) state briefly the nature and scope of the examination or investigation upon which the statements contained in such certificate are based, (ii) state that in the opinion of each person signing such certificate he has made such examination or investigation as is necessary to enable him to express an informed opinion as to the subject matter of such certificate, and (iii) certify to the correctness of the statements contained therein. If such certificate is required to be delivered by a corporation, the same shall be signed by the president or a vice president and the secretary or an assistant secretary thereof, and if such certificate is required to be delivered by a partnership, the same shall be signed by a general partner thereof. Any certificate required under this paragraph 23 may be relied upon by any prospective purchaser or transferee of Lessee's interest under this Lease, or by TIAA, or any successor or assignee of TIAA.

24. No Merger:

There shall be no merger of this Lease or the leasehold estate created by this Lease with the fee estate in the Leased Premises or any part thereof by reason of the fact that the same person, firm, corporation or other entity may acquire or own or hold, directly or indirectly (a) this Lease or the leasehold estate created by this Lease or any interest in this Lease or in any such leasehold estate, and (b) the fee estate in the Leased Premises or any part thereof or any interest in such fee estate, and no such merger shall occur unless and until all corporations, firms and other entities having an interest (including a security interest) in (i) this Lease or the leasehold estate created by this Lease and (ii) the fee estate in the Leased Premises or any part thereof shall join in a written instrument effecting such merger.

25. Removal of Trade Fixtures:

If no default or event of default hereunder has happened and is continuing, Lessee may, during the Term hereof, remove any trade fixtures owned by this Lessee from the Leased Premises, provided that the Lessee shall repair any damage to the Leased Premises caused by such removal.

26. Surrender:

Upon any expiration or other termination of this Lease, Lessee shall quit and surrender the Leased Premises to Lessor in good order and condition, ordinary wear and tear excepted, and in the case of termination pursuant to paragraph 12, the condemned portion excepted, provided that Lessee shall remove from the Leased Premises any trade fixtures, machinery or equipment belonging to Lessee or third parties, which can be so removed without material damage to the Leased Premises, and at its cost and expense shall repair any damage caused by such removal. Property not so removed shall become the property of Lessor, which may thereafter cause such property to be removed from the Leased Premises and disposed of, but the cost of any such removal and disposition as well as the cost of repairing any damage caused by such removal shall be borne by Lessee.

27. Definitions:

As used in this Lease, the following terms have the following respective meanings:

Insurance Requirements: all terms of any insurance policy covering or applicable to the Leased Premises or any part thereof, all requirements of the issuer of any such policy, and all orders, rules, regulations and any other requirements of the National Board of Fire Underwriters (or any other body exercising similar functions) applicable to or affecting the Leased Premises or any part thereof, or any use or condition of the Leased Premises or any part thereof.

Any approval or consent of Lessor required hereunder shall not be unreasonably withheld. This Lease may be changed, waived, discharged or terminated only by an instrument in writing, signed by Lessor, Lessee and American Airlines, Inc. EXHIBIT D

ASSIGNMENT OF LEASE AND AGREEMENT

ASSIGNMENT OF LEASE AND AGREEMENT, dated as of , among SKYHARE CORP., a Delaware corporation (Assignor), having an address at 60 East 42nd Street, New York, New York 10017, SKY CHEFS, INC., a Delaware corporation (Lessee), having an address at 605 Third Avenue, New York, New York 10017 and TEACHERS INSURANCE AND ANNUITY ASSOCIATION OF AMERICA, a New York corporation (Assignee), having an address at 730 Third Avenue, New York, New York 10017.

PRELIMINARY STATEMENT

Assignor intends to borrow from Assignee certain sums of money and will execute and deliver to Assignee, as evidence of such borrowings, one or more of its 9¾% Secured Notes (the Notes) to finance the cost of acquiring the interest of Lessee in and to the parcel of real property described in Schedule A hereto (the Property). The Notes are being issued and sold pursuant to a Note Purchase Agreement dated June 1, 1970 (the Purchase Agreement), between Assignor and Assignee, and will be secured by a mortgage (the Mortgage) of the Property, dated as of , , from Assignor to Assignee and by the Security Agreement of American Airlines, Inc. As additional security for the Notes and to induce the Assignee to purchase the Notes, Assignor and Assignee are entering into the undertakings herein set forth.

NOW THEREFORE, the parties hereto agree as follows:

1. Assignor, for a good and valuable consideration, the receipt whereof is hereby acknowledged, as security for the payment of the principal of and any premium and interest and other sums payable on the Notes and under the Mortgage, has assigned, transferred, conveyed and set over, and by these presents assigns, transfers, conveys and sets over to Assignee all of Assignor's estate, right, title, interest, claim and demand as lessor in, to and under the lease of the Property, dated as of , , from Assignor to Lessee (said lease, as the same may be amended or supplemented in the manner provided for therein, herein called the Lease), together with all rights, powers, privileges, options and other benefits of Assignor as lessor under the Lease, including without limitation the immediate and continuing right to make claim for, receive, collect and receipt for (and to apply the same to the payment of the principal of and interest and premium, if any, on the Notes) all rents, income, revenues, issues, profits, insurance proceeds, condemnation awards and other sums payable or receivable under the Lease or pursuant thereto, whether as rent or as the purchase price for Assignor's interest in the Property payable upon a purchase by Lessee or otherwise, and whether payable prior or subsequent to the maturity date of the Notes for application as provided in the Mortgage, and the right, upon the purchase by Lessee of such interest in the Property or a portion thereof pursuant to the Lease, to execute and deliver as agent and attorney-in-fact of Assignor an appropriate assignment and other instruments necessary for the transfer of such interest, and to perform all other necessary or appropriate acts as said agent and attorney-in-fact with respect to such purchase and transfer and to make all waivers and agreements, to give and receive all notices and other instruments, and to take all action upon the happening of a default under the Lease, including the commencement, conduct and consummation of proceedings at law or in equity as shall be permitted under any provision of the Lease or by law, and to do all other things which Assignor or any lessor is or may become entitled to do under the Lease. The agency and power of attorney created by the immediately preceding sentence is coupled with an interest and shall be irrevocable. Notwithstanding any other provision of this Agreement, any insurance proceeds or condemnation awards received by Assignor shall be made available to Lessee or to whoever shall be entitled to receive the same, as and to the extent required by the Lease.

2. The assignment made hereby is executed as collateral security, and the execution and delivery hereof shall not in any way impair or diminish the obligations of Assignor under the Lease nor shall any of such obligations be imposed upon Assignee. Upon the payment of the principal of and any premium and all interest on the Notes and all other sums payable on the Notes and under the Mortgage, and the performance and observance of the provisions thereof and hereof, said assignment shall terminate and all estate, right, title and interest of Assignee in and to the Lease shall revert to Assignor.

3. Assignor designates Assignee to receive all notices, offers, demands, undertakings, certificates, documents and other instruments or communications and to receive all rents and other payments which Lessee is required or permitted to give, make, pay or deliver to or serve upon the lessor under the Lease, and directs Lessee to remit or deliver to Assignee, at its address above, or at such other address as Assignee shall designate, duplicate originals of all such notices, offers, demands, undertakings, certificates, documents and other instruments and all rents and other payments now or hereafter due or receivable by the lessor under the Lease, and no such payment or delivery by Lessee shall be of any force or effect unless made to Assignee as above provided.

4. Assignor and Lessee represent to Assignee that the Lease is in full force and effect and no default exists thereunder, and Assignor represents to Assignee that it has not executed any other assignment of the subject matter of the assignment hereby made to Assignee other than the assignment for the benefit of Assignee made by the Mortgage.

5. Assignor agrees that said assignment and said designation and directions to Lessee hereinabove set forth are irrevocable and it will not, while said assignment is in effect or thereafter until Lessee has received from Assignee notice of the termination thereof, take any action as lessor under the Lease or otherwise which is inconsistent with this Agreement or make any other assignment, designation or direction inconsistent herewith and that any assignment, designation or direction inconsistent herewith shall be void. An assignment, expressly subordinate to the Mortgage and to this Agreement, of rents payable under the Lease shall not be deemed to be inconsistent herewith. Assignor will from time to time, upon request of Assignee, execute such instruments of further assurance and all such supplemental instruments as Assignee may reasonably specify.

6. Lessee consents to the provisions of this Agreement and agrees to pay and deliver to Assignee as hereinabove provided, or to the last person designated in writing by Assignee from time to time, all rents and other moneys, or amounts equal thereto, and all security, assigned to Assignee, without any offset, counterclaim, abatement, deduction or defense, and will not assert any offset, counterclaim, deduction or defense in any proceeding brought under this Agreement or otherwise, nor for any reason seek to recover from Assignee any moneys paid to Assignee by virtue of this Agreement, and to deliver to Assignee all notices, demands, undertakings, certificates, documents and other communications whatsoever which may be delivered by Lessee under the Lease. Actual receipt by Assignee or its designee of the rents and other moneys referred to in this paragraph 6 shall alone constitute payment and delivery thereof, and no payment or delivery made otherwise than as provided in this paragraph 6 shall be of any force or effect. Lessee understands and agrees that its obligations hereunder to pay all such moneys to Assignee are made with knowledge that neither the Lease nor the Mortgage nor this Agreement are to be recorded or filed in any public office in the State of Illinois, and that such obligations are undertaken and are intended to be binding notwithstanding any invalidity or imperfections in any of such documents against any person or persons which may result from the absence of any such recordation or filing, and notwithstanding that another person or other persons may acquire rights in the Property or in the Lease or in the Mortgage or in this Assignment which may be superior to the rights of Assignee, and notwithstanding that by reason of lack of public notice Assignee's security interest may not have been perfected against all other parties, it being the intention of the parties hereto that all rents and other moneys hereinabove referred to are to be paid to Assignee free of all claims of all other parties, so that Assignee may apply the same to the payment in full of all principal of the Notes and all interest accruing thereon and any premium thereon.

7. Assignor and Lessee agree that they will not, except as herein expressly permitted, enter into any agreements subordinating, amending, modifying or terminating the Lease, without the written consent of Assignee, and that any attempted subordination, amendment, modification or termination without such consent shall be void. If the Lease shall be amended as herein permitted, the Lease as so amended shall continue to be subject to the provisions of this Agreement without any further act by any party hereto. Lessee agrees that it will remain obligated under the Lease in accordance with its terms and that it will not take any action to terminate, rescind or avoid the Lease, notwithstanding the bankruptcy, insolvency, reorganization, composition, readjustment, liquidation, dissolution or other proceed-

ing affecting Assignor or any assignee of Assignor and notwithstanding any action with respect to the Lease which may be taken by any trustee or receiver of Assignor or of any such assignee or by any court in any such proceeding.

8. If Lessee shall become obligated to purchase Assignor's interest in the Property or Assignor's interest in any net award as defined in the Lease, pursuant to any provision of the Lease, Lessee will accept an instrument complying with paragraph 16 of the Lease transferring any such interest, which is executed and delivered by Assignee, as being in compliance with the provisions of the Lease. If it should become necessary for Assignee or any other party to institute any foreclosure or other judicial proceeding in order that any such interest may be conveyed or assigned to Lessee or its nominee, the time within which delivery of the deed, assignment or any other instrument transferring such interest may be made shall not terminate for any reason, and Lessee and Assignor agree that the Lease shall not terminate, but shall continue in full force and effect, until such delivery of the deed, assignment or other instrument shall have been made and until such purchase shall have been completed.

9. Lessee agrees to deliver to Assignee and to any other holder of not less than 25% in principal amount of outstanding Notes, (i) as soon as practicable, and in any event within 45 days after the end of each of the first three quarterly periods in each fiscal year, two copies of a consolidated balance sheet of Lessee and its consolidated subsidiaries, if any, as at the end of such quarterly period and of consolidated statements of income and of surplus of Lessee and its consolidated subsidiaries, if any, for such quarterly period, setting forth in each case in comparative form the corresponding figures from the previous fiscal year, (ii) as soon as practicable, and in any event within 90 days after the end of each fiscal year of Lessee, two copies of a consolidated balance sheet of Lessee and its consolidated subsidiaries, if any, as at the end of such year and of consolidated statements of income and of surplus of Lessee and its consolidated subsidiaries, if any, for such year, setting forth in each case in comparative form the figures for the previous fiscal year, prepared in accordance with generally accepted accounting principles and in reasonable detail and certified by independent public accountants of recognized standing selected by Lessee and (iii) as soon as practicable and in any event within 90 days after the end of fiscal year of Lessee, two copies of a consolidated statement of source and application of funds of Lessee and its consolidated subsidiaries, if any, for such year.

10. By its acceptance of this Agreement, Assignee agrees that it will not cause any instrument delivered to it by Assignor to be recorded under circumstances which would permit the landlord under the Ground Lease, as defined in the Mortgage, to declare any provision of such Ground Lease void.

11. All notices and other communications hereunder shall be in writing and shall be sent by first class registered or certified United States mail, postage prepaid, addressed to the intended recipient at its address set forth above or such other address as may be requested on 15 days notice.

12. If any term or provision of this Agreement or any application thereof shall be invalid or unenforceable, the remainder of this Agreement and any other application of such term or provision shall not be affected thereby.

13. This Agreement shall be binding upon the parties hereto and upon their respective successors and assigns.

14. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

In Witness Whereof, the parties hereto have caused this instrument to be signed and sealed by their respective officers thereunto duly authorized, all as of the date first above set forth.

SCHEDULE A

DESCRIPTION OF REAL PROPERTY

EXHIBIT E

THIS AGREEMENT, made this _____ day of _____, A.D., by and between the CITY OF CHICAGO, a municipal corporation of the State of Illinois, (hereinafter referred to as "Landlord") and SKY CHEFS, INC., a corporation organized and existing by virtue of the Laws of the State of Delaware (hereinafter referred to as "Tenant"):

WITNESSETH:

That Landlord, for and in consideration of the covenants and agreements hereinafter contained, and made on the part of Tenant, does here demise and lease to Tenant the premises (hereinafter referred to as the "Demised Premises") on Chicago-O'Hare International Airport, (hereinafter referred to as "Airport") situated in the City of Chicago, Counties of Cook and DuPage, State of Illinois, known and described in accordance with the Chicago-O'Hare International Airport Rectangular Coordinate System with the basic point of said system set forth in Section 1 of an ordinance of the City of Chicago published in the Journal of the Proceedings of the City Council, dated July 11, 1957, pages 5777 to 5784 inclusive, all as shown on Exhibit "A" attached hereto and by this reference made a part hereof, subject only to an easement for any future installation, maintenance and replacement of such public utilities as may be necessary to be installed and which may traverse the demised premises.

The initial term of this Agreement shall be ten (10) years, commencing on the _____ day of _____, A.D. and expiring on the _____ day of _____, A.D. unless otherwise extended or terminated as hereinafter provided. In the event

Tenant is not then in default hereunder. Tenant shall have the further right at its option of extending the term of this Agreement upon the terms and conditions specified herein for an additional period of ten (10) years by giving to Landlord a written notice of such election at least one hundred twenty (120) days before the expiration of the said initial term. Upon the giving of such notice the term of this Agreement shall thereby be extended for the additional ten (10) year period; provided, however, that during the extended term hereof if Tenant is not otherwise in default hereunder, Tenant shall have the right at any time upon six (6) months notice in writing to Landlord to cancel, terminate, and be released from any and all further liability under this Agreement.

In consideration of said demise and the covenants and Agreements hereinafter expressed, it is covenanted and agreed as follows:

ARTICLE I

This Agreement shall be subject and subordinate to:

(a) Any existing or future Federal or State statute or any existing or future lease or Agreement between Landlord and the United States or the State of Illinois relative to the development, construction, operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the expenditure of Federal or State funds for the development, construction, operation or maintenance of said Airport.

(b) The provisions of a deed from the United States to the City of Chicago appearing as Document No. 13747964, recorded on March 22, 1946, a release executed by the United State in favor of the City of Chicago as Document No. 17260008, recorded on July 15, 1953, a deed from the United States to the City of Chicago appearing as Document No. 17966152, recorded on September 16, 1960, and a release executed by the United States in favor of the

City of Chicago, as Document No. 18246321, recorded on August 14, 1961, all in the office of the Recorder of Deeds, Cook County, Illinois.

(c) Other existing Agreements and leases between Landlord and the United States and any and all future releases, deeds, leases and Agreements hereafter granted or entered into by and between the United States and the City of Chicago with reference to the conveyance by the United States to the City of Chicago of any real or personal property under any existing or future Federal statutes authorizing the conveyance of such property by the Federal Government to the City of Chicago for airport purposes.

(d) Any lease and agreement heretofore executed by Landlord with airlines operating at O'Hare Airport, or any future lease and Agreement which Landlord may enter into with other airlines, provided such future lease and agreement shall be limited to the scope and character of the leases and agreements now in existence with airlines.

(e) Any existing Agreements and leases between Landlord and others relating to premises at the Airport.

ARTICLE II

As compensation for the privileges granted hereunder, and in addition to the rental charge hereinafter provided, Tenant agrees to pay to Landlord during each lease year of this Agreement, as hereinafter defined, and based on such lease year, a fee (hereinafter referred to as "Percentage Fee") equal to two per cent (2%) of the annual gross revenues, as hereinafter defined, derived by Tenant from its operations on, in, or from the Demised Premises. The aforesaid Percentage Fee shall be due monthly and paid on or before the 15th day of the calendar month next succeeding each and every calendar month of the term or portion thereof, on the basis of the Tenant's gross revenues for the preceding month. Each such monthly payment shall be made to the City Comptroller of the City of Chicago (hereinafter referred to as "Comptroller") and shall be accompanied by a report to Landlord showing

Tenant's gross revenues for said month and cumulatively for the lease inclusive of said month. A duplicate copy of such report shall be sent to the Commissioner of Aviation of the City of Chicago (hereinafter referred to as "Commissioner of Aviation") at the same time.

In addition to the percentage fee hereinabove mentioned Tenant shall pay to Landlord at the Office of Comptroller on or before the first day of each calendar month during the term hereof and any extensions thereof, a monthly rental of Two Thousand Two Hundred Forty-Two and 39/100 Dollars ($2,242.39), in advance, predicated on an annual rate of ten cents (10¢) per square foot of ground area within the Demised Premises. The first and last monthly payment may be pro-rated.

In addition to the rent and charges hereinabove outlined, Tenant shall pay all fees, charges, including utilities, license fees and taxes of whatever nature, if necessary, as required by law or ordinance of the City of Chicago.

"Gross Revenues", as used herein shall mean and include the total gross receipts derived by Tenant from any and all sources of business conducted on, in, or from the Demised Premises, including, but not limited, to the sales of all foods, beverages, and for services related thereto but for no other purposes whatsoever, by aircraft using the Airport; said food and food products shall not be consumed at the Airport. Said term shall not include, however, the receipts, if any, from the sale or exchange of Tenant's trade equipment, automotive vehicles, furniture, fixtures, furnishings, or leasehold improvements.

"Lease Year", as used herein shall mean a full year. The first lease year shall commence on the first day of the term hereof. Each succeeding and consecutive lease year shall begin on the anniversary of said day.

The Commissioner of Aviation and City Comptroller, or such representatives or public accountants as may be designated by them, are hereby given and granted the right at all reasonable times to examine and inspect the records and books of account of Tenant which shall be made available for examination on the Demised Premises and to make copies and excerpts therefrom that may be necessary to make a full, proper, and complete audit of all business transacted by Tenant in connection with its operation hereunder.

ARTICLE III

Landlord hereby grants to Tenant a non-exclusive privilege, in common with others that Landlord may from time to time so authorize, to operate at the Airport a business of preparing, handling, and selling meals, food and beverages to be served as in-flight meals on aircraft and for services related thereto but for no other purpose whatsoever.

In connection therewith Tenant is granted the exclusive use of the Demised Premises, subject to the terms and provisions hereof and to rules and regulations promulgated by Landlord, for the foregoing privileges and for the operation of related administrative offices, parking, loading, unloading of aircraft trucks, delivery trucks or automobiles of

employees and others having business with Tenant, and for no other purpose whatsoever. It is understood that parking on the Demised Premises will be at all times without charge and will only be permitted for and in connection with Tenant business.

Landlord covenants that it shall not during the term hereof grant to any other individual, firm, or corporation, occupying space on the Airport, a similar privilege on terms or conditions more favorable than those granted to Tenant by the provisions of this Agreement.

ARTICLE IV

Tenant, after securing necessary permits therefor, shall, at its own cost and expense, erect and install on the Demised Premises structures and improvements (hereinafter referred to as "Flight Kitchen") at a total capital expenditure of not less than Five Hundred Thousand Dollars ($500,000), including architect's and engineer's fees, cost of plans and specifications, and other costs incidental to such erection and installation. Plans and specifications, and changes thereto, for all such structures and improvements shall be subject to the advance approval in writing of the Commissioner of Aviation and Commissioner of Public Works of the City of Chicago (hereinafter referred to as Commissioner of Public Works").

During the period of construction, all construction work, workmanship, materials and installations involved in or incidental to the construction of the Flight Kitchen shall be subject at all times to inspection by Landlord. Tenant shall give or cause to be given to the Commissioner

of Aviation and Commissioner of Public Works advance notice before starting any new work, and shall provide and cause its contractors and sub-contractors to provide reasonable and necessary facilities for inspection. Tenant shall cause all construction, work, workmanship, materials, and installations to be in full compliance with plans and specifications.

Tenant shall reimburse Landlord for the cost of reviewing said plans and specifications, inspections or other related engineering services upon receipt of a warrant from Landlord.

Landlord has constructed roadways and lines for water, sewage, electricity, gas and storm drainage in the vicinity of the Demised Premises as indicated on Exhibit "B" attached hereto and made a part hereof. Tenant is granted the right and privilege, at its own expense, to continue the construction of such roadways, lines, and drainage ditches to serve the facility to be constructed on the Demised Premises; all in accordance with plans and specifications as outlined and approved by the Commissioner of Aviation and the Commissioner of Public Works.

It is understood and agreed that prior to commencement of construction, the plans of Flight Kitchen shall be submitted to the District Airport Engineer of the Federal Aviation Administration, pursuant to Part 77 of the Federal Aviation Regulations. Evident of such submission and action thereon shall be transmitted to the Commissioner of Aviation and the Commissioner of Public Works.

Upon completion of building it shall thereafter not be enlarged without in each case the consent in writing of the Commissioner of Aviation and the Commissioner of Public Works first had and obtained and permits received therefor.

Tenant shall at all times throughout the term hereof maintain the Flight Kitchen and all other portions of the Demised Premises in good and serviceable condition and repair.

The Tenant shall cause to be removed any and all liens of any nature arising out of or because of any construction performed by the Tenant or any of its contractors or sub-contractors upon the Tenant's premises or arising out of or because of the performance of any work or labor to it or them at said premises or the furnishing of any materials to it or them for use at said premises.

ARTICLE V

Tenant shall have the right, throughout the term of this Agreement and for use on the Demised Premises hereunder, to lease certain restaurant trade equipment, furniture, and fixtures which will in fact be owned by a reputable equipment rental company approved by the Commissioner of Aviation and be rented to Tenant either directly from such rental company or by way of an equipment sublease or assignment of an equipment sublease from an equipment sublessor. If Tenant elects to exercise such right, Landlord agrees to recognize in such equipment the property rights therein of the equipment lessor, sublessor or assignee. PROVIDED, (1) that prior to installation or use of any leased equipment, Landlord shall be furnished with a listing thereof which shall be kept current by appropriate

written notice of amendment by Tenant to Landlord; and (2) that all such leased equipment shall bear a permanently affixed identification indicating its ownership by the particular lessor, sublessor, or assignee.

Landlord agrees that all such items of leased equipment shall be and remain personal property notwithstanding the fact the same may be attached or affixed to real property. Tenant, and the lessor, sublessor, or assignee to the extent of their respective interests in such equipment, shall have the right at any time to remove or replace any and all such equipment, regardless of whether attached or affixed to real property; provided, that any damage caused to real property by such removal or replacement, shall be repaired to the satisfaction of Landlord by and at the expense of Tenant.

Except as herein provided, Landlord expressly waives any claim arising by reason of any Landlord's lien or otherwise, with respect to leased trade equipment. Tenant shall not install, erect or place, or permit others to so do, any illuminated signs, placards, displays or other advertising media on Flight Kitchen or elsewhere on Airport, without the prior written consent of the Commissioner of Aviation.

Landlord, by its representatives, shall have the right at any reasonable time, and as often as it considers necessary, to inspect the Demised Premises and (without any obligation so to do) to enter thereon to direct Tenant to make ordinary repairs to insure a continuing quality.

ARTICLE VII

Title to the said Flight Kitchen and related improvements to the Demised Premises and to any and all subsequent alterations, modifications, and enlargements thereof, shall upon completion vest in Landlord.

In the event that the Demised Premises are required for Airport purposes prior to the expiration of this Agreement, the Commissioner of Aviation may, upon sixty (60) days advance written notice to the Tenant, direct Tenant to vacate the same provided that Landlord, within sixty (60) days after Tenant's removal therefrom, will pay to Tenant the unamortized portion of the cost of the permanent structures and improvements constructed and installed thereon; such amortization to be computed on a straight line basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

ARTICLE VIII

Landlord hereby grants to Tenant the right of access and ingress to and egress from the Demised Premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests,

patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner of Aviation or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

The operations of Tenant and its employees shall be conducted in an orderly and proper manner so as not to annoy, disturb or be offensive to others at the Airport. Landlord shall have the right to complain to Tenant as to the demeanor, conduct, or appearance of Tenant employees, whereupon Tenant will take all steps necessary to remove the cause of the complaint.

Tenant and its employees, invitees, and those doing business with it shall have no right hereunder to park vehicles upon the Airport premises, other than in places demised to Tenant pursuant to this Agreement, or except in regular parking areas upon payment of regular charges therefor.

ARTICLE IX

Tenant shall provide a complete and proper arrangement for the adequate sanitary handling and disposal off the Airport of all trash, garbage and other refuse caused as a result of the operation of its business. Tenant shall provide and use suitable covered metal receptacles for all garbage, trash and other refuse on or in connection with the Demised Premises. Piling of boxes, cartons, barrels, or other similar items, in an unsightly or unsafe manner, on or about

the Demised Premises, is forbidden. The method of handling and disposing of trash, garbage and other refuse shall at all times be subject to approval of the Commissioner of Aviation.

ARTICLE X

Tenant shall not be obligated to operate the Demised Premises or to pay ground rent therefor during any time when all of the Demised Premises shall be untenantable, as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents. In the event the Demised Premises are partially untenantable, as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents, Tenant shall not be obligated to operate such part of the Demised Premises and the rent shall be proportionately and equitably abated. In the event that the Airport shall be closed for any period of time by any order or direction of Landlord or any other governmental authority or agency, or by any order or direction of any court of competent jurisdiction, the rental shall abate for the period of such closing.

ARTICLE XI

Tenant, at the expense of Tenant, shall keep in force, during the term of this Agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by Comptroller for the protection of Landlord and/or Tenant. Insurance requirements hereunder shall be subject to the sole determination of Comptroller.

Said insurance may include, but need not be limited to, insurance cover-

ages commonly known as, or similar in kind to, Public Liability, Products Liability, Property Damage, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of Comptroller. All policies or endorsements thereto shall in all cases where possible name Landlord as co-insured thereunder.

In event the improvements on the Demised Premises are financed by a loan or loans for that purpose secured by an assignment of Tenant's interest in and to this Agreement, the fire and extended coverage insurance on such improvements shall be payable to such assignee, subject to an agreement (which may be contained in such assignment) that the proceeds thereof shall be applied to the cost of rebuilding, but that if for reasons beyond the control of Tenant and such assignee the said improvements cannot be rebuilt, or if it would be impractical at the time to so rebuild, then the proceeds of such insurance shall be applied first to the payment of any such then outstanding loan and the balance thereof shall be paid over to the Landlord.

Upon determination by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto or certificates showing such insurance to be in effect, to Comptroller which shall be appended hereto as Exhibit C.

In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this Agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of this Agreement.

Tenant shall, before commencing construction of Flight Kitchen, furnish to Comptroller a Performance Bond in form similar to City Form No. P.W.O. 62 in the full amount of the Flight Kitchen contract with sureties satisfactory to said Comptroller.

ARTICLE XII

Landlord shall not be liable to Tenant, or to Tenant's agents, representatives or employees for any injury to, or death of any of them or of any other person or for any damage to any of Tenant's property or loss of revenue, caused by any third persons in the maintenance, construction or operation of said O'Hare Airport, its appurtenances, facilities and equipment, or caused by any third persons using said Airport or its appurtenances, facilities and equipment, or navigating any aircraft on or over said Airport, whether such injury, death or damage is due to negligence or otherwise. Third persons as used herein shall include the United States of America, State of Illinois or any of their agencies and all persons other than the City of Chicago.

Except as to the Demised Premises the Landlord reserves the right to regulate, police, and further develop, improve, reconstruct, modify or otherwise alter said O'Hare Airport and any portion in such manner as Landlord sees fit, regardless of the desires or views of the Tenant.

The Tenant shall assume all risks incident to or in connection with its business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Airport and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Tenant, or any of its agents or employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

ARTICLE XIII

In the event the building to be constructed upon the Demised Premises shall be damaged or destroyed by fire or other casualty, the same shall be promptly repaired or rebuild by Landlord at its expense from, after and only to the extent of insurance proceeds received by Landlord therefor, but Landlord shall not be obligated to repair or rebuild any fixtures, equipment and other personal property installed by Tenant pursuant to this Agreement.

In the event of any damage or destruction by fire or other casualty to the Demised Premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other personal property,

installed by it pursuant to this Agreement.

ARTICLE XIV

Tenant, its officers, agents, employees, and any other persons over which Tenant has control, shall comply with all lawful rules and regulations and amendments or supplements thereto governing or related to the use of the Airport or of the Demised Premises as may from time to time be promulgated by Landlord in the interests of health, safety, sanitation and good order which are not inconsistent with applicable rules and regulations of any Federal, State or local governmental body having jurisdiction with respect thereto.

Tenant shall at all times faithfully obey and comply with all lawful present and future laws and ordinances of Federal, State or local governmental bodies and rules and regulations lawfully promulgated thereunder, whether or not of the type enumerated, applicable to, or affecting Tenant and its operations and activities in the Demised Premises or elsewhere at the Airport not inconsistent with the provisions of this Agreement.

ARTICLE XV

Tenant covenants not to assign, transfer, not to sublet, license or permit the use of the premises or any part thereof, except to a wholly owned, affiliated or subsidiary company, without the consent in writing of the Commissioner of Aviation and the City Council first had and obtained, nor permit any transfer by operation of law of its interest created thereby. Any such assignment, transfer, sublease, license or permission when and if approved shall be in writing and promptly upon execution thereof, Tenant shall furnish two (2) copies to Landlord for its files.

It is contemplated that the Tenant may seek to finance the improvements designated herein as the Flight Kitchen by obtaining a loan. It is agreed that the Tenant may, without further approval of the Landlord, assign and set over to such lender all of Tenant's right, title and interest in and to this Agreement for the purpose of securing such loan. Any such assignee-lender shall thereupon acquire no greater interest in the Demised Premises than that of the Tenant as herein provided. In event of any foreclosure under such financing, and then only during the initial term hereof, the assignee-lender shall have the further right to assign its interest in this Agreement to a person or company of good reputation and qualified to operate the type of business herein authorized and who will be subject ot the same terms and conditions as herein contained.

In the event an assignment, sublease, license or permit to use the aforesaid premises, or any part thereof, is approved by Landlord, under no circumstances shall the income derived by Tenant therefrom exceed the amount of a proportionate share of Tenant's obligations and expenses, under the terms of this Agreement. Landlord expressly reserves the right to assess an extra charge against any approved assignee, sublessee, license or permittee hereunder.

It is expressly understood and agreed that the only activity which Tenant may conduct on or from the Demised Premises, directly or indirectly, alone or through others, is only as authorized under the terms of this Agreement.

This Agreement does not constitute either party the agent or representative of the other for any purpose whatsoever.

Landlord covenants that Tenant shall and may peaceably and quietly have, hold and enjoy the premises or space leased exclusively to it during the term of the letting thereof and any extension of said term, unless such term or extension thereof shall cease, close or expire sooner or shall be terminated as provided in this instrument.

ARTICLE XVI

Tenant agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, age or national origin, nor otherwise commit an unfair employment practice. Tenant further agrees that this article will be incorporated by Tenant in all contracts entered into with suppliers of materials or services, contractors and subcontractors, and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement. Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR p. 567, 1966; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1967, CH. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill Rev. Stat. 1967, CH. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1967, CH. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1967, CH. 48, Secs. 881 to 887 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings.

To demonstrate compliance the Tenant and his contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

ARTICLE XVII

This Agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this Agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this Agreement.

ARTICLE XVIII

In any of the following events Landlord, at any time hereafter, shall have the right at Landlord's election immediately to terminate this Agreement.

In the event Tenant shall fail to pay the rent in the amounts and at the times and in the manner herein provided and such failure shall continue for fifteen (15) or more days after written notice thereof shall have been given to Tenant.

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereafter, or the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within 90 days thereafter.

ARTICLE XIX

Upon the occurence of any one or more of the events of default herein specified, Tenant's right to possession of the Demised Premises shall terminate and Tenant shall surrender possession thereof immediately. In such event Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof, with or without process of law, and to expel and remove Tenant or any other person who may be occupying the said premises, or any part thereof, and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary; and Landlord may repossess itself of the said premises as of its former estate, but waid entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall

it cause a forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Tenant. Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

Landlord may, if it so elects, pursue any other remedies provided by law for the breach of this Agreement or any of its terms, covenants, conditions or stipulations. No right or remedy herein conferred upon or reserved to Landlord or Tenant is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given hereunder, or now hereafter existing at law or at equity or by statute.

The acceptance of rent by Landlord, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension hereof, shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the

tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgement for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the Demised Premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

ARTICLE XX

This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

Section 1. The City, at County expense, will perform preliminary engineering necessary for the improvement of W. Fullerton Avenue between N. Narragansett Avenue and N. California Avenue and the relocation of the C.T.A. columns and intersection improvements at the intersection of N. Pulaski Rd. and W. Lake Street and will submit to the County, through its Department of Public Works, for County's approval, nine (9) sets of the detail plans, specifications and cost estimates for the proposed relocation and/or adjustments of City's water and electrical utilities which are necessitated by the proposed County Federal-Aid project. The City's submittal shall conform with the requirements of Policy and Procedure Memorandum 30-4 and 30-4.1, and shall be transmitted well in advance of and proposed County contract award to avoid or minimize delay.

Section 2. City will perform construction engineering and adjust and/or relocate its electrical and water utilities for the project involved in accordance with its County-approved plans, but will not start on any project without written notice from County that City is authorized to proceed with such work for that project, and City shall notify County at least 48 hours prior to City forces beginning work. City shall assume full responsibility for the correctness of its work, including lines and grades, unless otherwise stated in the project construction contract.

Section 3. County will designate an Engineer to oversee City's utility relocation, adjustments, removals and alterations and to provide City personnel with information regarding the project or projects on which City work is to be performed; City's Engineer and foreman on the project shall be responsible to County's Engineer and shall submit written documentation to him on the work performed, the manner of performance and rate of progress. Such documentation shall include daily reports, for County's Engineer's verification and approval, showing complete personnel classification and the number of personnel in each classification, amounts of materials (quantities of units

as set forth in City's estimate) used, types and numbers of equipment items employed and, if necessary, to substantiate time-rate charges, the time intervals the equipment items are used. County's Engineer shall be furnished a copy of such daily reports. Such reports shall be available to County, the State and the FHWA at any time during project construction and as set forth in Section 4. All such documentation shall carry the County Section Number and Federal-Aid Project Number. All material salvaged shall be itemized by City, verified and inspected by representatives of all participating agencies. Prior notification shall be given to County in writing as to the time and location of said salvage inspection. County shall retain one (1) copy of City salvage report to expedite audit and payment of final bill.

Section 4. City shall bill County for all work for any project which City anticipates is reimbursable according to the terms of this agreement as augmented hereinbefore by documents made part of it by reference. City's bills shall be properly identified as to County Section Number and, in addition, the Federal-Aid Project Number, and shall be submitted in sets of twelve (12) copies for processing. In no case set forth hereinbelow shall either City Department bill County for an amount associated with its utility adjustment work on any project in excess of the amount for adjusting or relocating that utility as shown in the corresponding County approved estimate of cost for that project except as set forth hereinafter in Section 5, and the terms of the two paragraphs following shall be subject to this limitation.

For any project where the estimated cost of reimbursable work by either City Department is $25,000.00 or less, that Department, within 90 days after completion of its work, will submit a final detailed itemized statement showing all reimbursable actual cost and expense. After County has checked that Department's statement and has ascertained that it is correct, conforms to the Department's cost estimate for reimbursable work and to other requirements of PPM 30-4, and is otherwise proper, County will reimburse City for ninety-five (95) percent of the amount thus billed. After County has audited City's project cost records for the Department involved, County will reimburse City for the remaining amount billed by that Department less any item excepted in audit for reimbursement.

For any project where the reimbursable work of either City Department is estimated to exceed $25,000.00, that Department may submit partial bills, conforming to PPM 30-4 requirements, not more often than one bill per month. Such partial billing shall show appropriate credit for estimated materials salvaged during the period billed. A City partial bill for the project shall be paid by County after it has checked the bill, has ascertained that it conforms to the corresponding estimate and is otherwise proper. In such cases, after City has completed its work for a particular project, its involved Departments will each submit a statement of complete and final billing showing therein a listing of, and credit for, all partial payments previously made. After approving this bill, County will pay City the amount necessary to make the total amount paid to City ninety-five (95) percent of the total billing, with the remaining amount to be paid to City after receipt of a final Departmental City bill and audit of all project cost records and less any items excepted in audit for reimbursement.

All cost records of the City pertaining to any project will be subject to inspection at any time by State, County and/or FHWA representatives during City working hours, and shall be retained for a minimum of three (3) years following the date of final reimbursing payment.

Section 5. In the event City incurs additional cost in the authorized work due to any extra work or material which may be required, then, prior to proceeding therewith, City will request County in writing to approve such extra work for payment, setting forth detailed justification therefor. In event of emergency, in which the work delay incurred by waiting for written approval before beginning work would be detrimental to County's interests, City may request County to give verbal approval contingent upon written approval, and, upon such verbal approval, may proceed with such work.

Section 6. Any work of altering and maintaining the utilities covered by this agreement, at any time after they have been adjusted by City as herein provided, shall be done by City at its sole expense. Such work shall be interpreted to include all repairs and revisions necessary to maintain the utility so that it will not in any way interfere with or endanger the public in its use of any highway constructed by County and/or maintained by the State, but excluding adjustments or relocations necessitated by highway changes or other construction initiated by County or the State. City shall not maintain any facilities from the through traffic-lanes, or shoulders of controlled access expressways or from the ramp pavements or shoulders of interchanges therewith. Emergency maintenance may be performed but only under advice and direction of the State's Division of Highways, District Engineer.

Section 7. This agreement shall bind the parties and inure to their benefit only after approval by the State and the FHWA, and, upon becoming effective, shall cancel the mutual obligations set forth between the County and the City in the agreement with the City's Bureau of Electricity, dated August 2, 1960, and the City's Bureau of Water, dated March 7, 1960, both of which agreements covered utility adjustments for Federal-Aid expressway projects.

In Witness Whereof, County has caused this agreement to be executed in its behalf by its proper officers pursuant to a resolution passed by the Board of County Commissioners on the ..... day of ....., 19....., a certified copy of which resolution is attached hereto and made a part hereof, and City has caused this agreement to be executed in its behalf by its proper officers pursuant to an ordinance passed by its City Council on the ..... day of ....., 19....., a certified copy of which ordinance is attached hereto and made a part hereof, the agreement becoming effective on the date of FHWA approval.

The Commission will not carry insurance of any kind on furniture or furnishings or on any fixtures, equipment, improvements, or appurtenances owned by the Lessee or leased by the Lessee from other than the Commission and located in said Facilities; and the Commission shall not be obligated to repair any damage thereto resulting from fire or other casualty or to replace the same if destroyed by fire or other casualty.

The Commission shall have the sole right to receive the proceeds of such insurance and to receipt for and settle claims thereunder. All such policies shall be for the benefit of the Commission, shall be made payable to the Commission, and the Commission shall cause the proceeds of any and all such insurance to be received and held by the Trustee as security for the Bonds issued hereunder and the same shall be credited by the Trustee to a Special account (except proceeds of builders' risk insurance, which shall be credited to the Construction Account under said Bond Resolution) and be available for, and shall to the extent necessary be applied to the repair, replacement or reconstruction of the damaged or destroyed property, and shall be disbursed by check of the Trustee in the manner and upon the showings, so far as reasonably applicable, provided in Section 7.4 of the Bond Resolution for payments from the Construction Account. The Trustee shall not be liable for disbursements so made. If such proceeds are more than sufficient for such purpose, the balance remaining shall be by order of the Commission deposited by the Trustee to the credit of the Surplus Account. If such proceeds shall be insufficient for such purpose, the deficiency shall be supplied by the Commission from any moneys available for that purpose in the Surplus Account under the Bond Resolution.

The Commission covenants that, immediately after any substantial damage to or destruction of any part of the Facility, it will cause the Architect-Engineers appointed under the Bond Resolution to prepare plans and specifications for repairing, replacing or reconstructing the damaged or destroyed property (either in accordance with the original or a different design) and an estimate of the cost thereof, and to file copies of such estimate with the Trustee and the Lessee.

The Commission covenants that, in the case of any substantial damage to or destruction of any part of the Facility, if the cost of renewing, replacing or reconstructing the damaged or destroyed property as estimated by the Architect-Engineers shall not exceed the proceeds of insurance and other moneys available for such purpose, it will forthwith commence and diligently proceed with the renewal, replacement or reconstruction of the damaged or destroyed property according to plans and specifications prepared or approved by the Architect-Engineers.

The proceeds of any such insurance not applied within eighteen months after their receipt by the Commission to renewing, replacing or reconstructing the damaged or destroyed property (unless it has been prevented from so doing because of conditions beyond its control) shall be credited by the Trustee upon order of the Commission to the Sinking Fund Account under the Bond Resolution.

SECTION 16. The Commission covenants that it will at all times carry or cause to be carried with a responsible insurance company or companies qualified to assume the risk thereof:

(A) Such workmen's compensation or employers' liability insurance, covering the Commission's employees, as may be deemed necessary or advisable under law.

(B) Public and other liability insurance of such character and amount (if any) as shall be adequate, in the judgment of the Commission, to insure the Commission and the Lessee against risks (if any) to which it may reasonably be or become subject in the operation, use, construction or reconstruction of the Facility. The proceeds of any such insurance not applied directly in settlement of such liability shall be promptly deposited with the Trustee and by it credited to the Construction Account or Insurance Account, as the case may be.

(C) All officers and employees at any time employed by the Commission who receive or handle revenues shall be bonded for the

faithful performance of their duties and the faithful accounting of all monies and other property that may come into their hands, in a principal amount deemed sufficient in the opinion of the Commission.

All policies of insurance required by this Section 16 shall name as the insured parties thereunder the Commission, the Architect-Engineers, and the Lessee, as their interests may appear.

SECTION 17. All insurance provided under Section 15 and 16 above shall provide for fifteen days' prior written notice to the Commission and the Trustee of the cancellation or material modification of any such insurance, and shall further provide that, as to the interest of the Commission, such insurance shall not be altered or impaired by any act or omission of anyone other than the Commission.

Within 90 days after the date of the delivery of the Bonds referred to in the Bond Resolution, and within the first three months of each subsequent fiscal year the Commission shall file with the Lessee and the Trustee a schedule of all insurance policies referred to in Sections 15 and 16 which are then in effect, stating with respect to each policy the name of the insurer, the amount, number and expiration date, and the hazards and risks covered thereby. All such insurance policies shall be open to the inspection of the Trustee, the Lessee and its agents and representatives.

The Commission will maintain and keep proper books of record and accounts separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the Facility. Not later than 120 days after the close of each fiscal year, the Commission will cause an annual audit of its books, records and accounts for the preceding fiscal year to be made by an independent certified public accountant and will mail a copy of such audit report to the Trustee and the Lessee. Such books, records and accounts shall be open for inspection to the Trustee and the Lessee at all reasonable times.

No portion of the funds paid by the Lessee to the Commission shall be used for any purpose inconsistent with the conditions of the Bond Resolution and this Lease.

SECTION 18. SECTION 19. The leasehold rights, duties and obligations of the Lessee under this Lease shall not be assigned or sublet in whole or in part during the term of this Lease or while any Revenue Bonds of the

ARTICLE 4.

Provisions of Bonds.

Section 4.1. The Bonds shall be executed on behalf of the Commission with the facsimile signature of the Chairman, pursuant to the "Uniform Facsimile Signature of Public Officials Act" (Ill. Rev. St. 1969, Ch. 102, Sec. 61 et seq.) and be manually signed and attested by its Secretary, with the facsimile seal of the Commission to be printed thereon and the coupons attached, if any, shall be executed with the facsimile signatures of the Chairman and Secretary. In case any of the officers who shall have signed, countersigned or attested any of the Bonds, or interest coupons, shall cease to be such officer before the Bonds, and interest coupons, so signed, countersigned or attested shall have been actually issued and delivered, such Bonds and interest coupons shall be valid nevertheless, and may be issued by the Commission with the same effect as though the persons who had signed, countersigned or attested such Bonds and interest coupons had not ceased to be such officers. The Trustee shall authenticate the Bonds from time to time upon the order of the Secretary, and shall deliver the same to or upon his order. Only such of the Bonds as shall have thereon a certificate of authentication substantially in the form hereinafter set forth, duly executed by the Trustee, shall be entitled to any right or benefit under this Resolution. No Bond and no coupon appertaining to any Bond shall be valid or obligatory for any purpose unless or until such certificate of authentication shall have been duly executed by the Trustee, and such certificate of the Trustee on any such Bond shall be conclusive evidence that such Bond shall have been duly executed and issued under this Resolution. The Trustee's Certificate of Authentication on any Bond shall be deemed to have been duly executed if signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the Certificate of Authentication on all of the Bonds that may be issued hereunder at any one time.

All Bonds shall be payable as to principal and interest, in lawful money of the United States of America at the principal office of the Trustee in the City of Chicago, Illinois, as Paying Agent, or at the option of the holder thereof at the principal office of the Chemical Bank in the City of New York, New York, and shall be payable only out of the special accounts created and established in Section 8.3 hereof.

Section 4.2. The Commission will cause to be kept at the principal office of the Trustee in the City of Chicago, Illinois, as Bond Registrar, at all times while any of the Bonds containing provisions for registration and transfer shall be outstanding and unpaid, books for the registration and transfer of such Bonds. Upon presentation at such office for such purpose by any bearer of any Coupon Bond containing provisions for registration as to principal only, the Commission will under such reasonable regulations as (with the approval of the Trustee, as Bond Registrar) it may prescribe from time to time, cause the Trustee to register in such books, in the name of the bearer or his nominee, the ownership, as to principal only, of any such presented Coupon Bond, and such registration shall be noted on the Bond. After such registration and notation, no transfer of any such Coupon Bond registered otherwise than as to bearer shall be valid unless evidenced by a written instrument of transfer, in form satisfactory to the Trustee, as Bond Registrar, duly executed by the registered owner in person or by his duly authorized agent; but any such Coupon Bond so registered may be discharged from registration, and transferability by delivery be restored, by a like transfer to bearer similarly registered and noted, and after such transfer to bearer such Bond shall be a bearer Bond. Any such Coupon Bond containing provisions for registration may again, from time to time, in like manner, be registered as to principal only, or be transferred to bearer. Registration of any such Bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely, notwithstanding such registration as to principal.

Section 4.3. Any Registered Bond may be transferred pursuant to its provisions at the principal office of the Trustee, as Bond Registrar, in the City of Chicago, Illinois, by surrender of such Bond for cancellation, accompanied by a written instrument of transfer, in form satisfactory to the Trustee, as Bond Registrar, duly executed by the registered owner in person or by his duly authorized agent, and thereupon the Commission will issue, or cause to be issued, and authenticated, and deliver or cause to be delivered at the office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof), in the name of the transferee or transferees, a new Registered

Bond, of like form, interest rate, principal amount and maturity, dated so that there shall result no gain or loss of interest as a result of such transfer. To the extent of denominations authorized in respect of any such Bond by the terms thereof or by the terms of this Resolution one such Registered Bond may be exchanged for several such Registered Bonds of like form, interest rate and maturity, and for a like aggregate principal amount, and several such Registered Bonds may be exchanged for one of several such Registered Bonds, respectively, of like form, interest rate and maturity and for a like aggregate principal amount.

SECTION 4.4. The bearer of any Coupon Bond which at the time is not registered or is registered as to principal to bearer, and the registered owner of any Registered Bond or any Coupon Bond registered as to principal otherwise than to bearer may at any time, provided such Bond shall not have matured, surrender the same for cancellation at the principal office of the Trustee, in the City of Chicago, Illinois, as Bond Registrar, in the case of Coupon Bonds or Coupon Bonds registered as to principal with all unmatured coupons attached, and in the case of Registered Bonds, or Coupon Bonds registered as to principal, with instruments of transfer satisfactory to the Trustee and shall be entitled to receive in exchange therefor an equal aggregate principal amount of Bonds of the same interest rate and maturity, in any one or more of the forms, the issue of which has been provided for; and the Commission will issue, or cause to be issued, and authenticated, and deliver, or cause to be delivered, at the principal office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof), the Bonds necessary to make such exchange.

Upon the issue of any Registered Bond, the serial number or numbers covering a Coupon Bond or Bonds of the same interest rate and maturity, and of an equal aggregate principal amount shall be reserved. The serial number or numbers so reserved shall be endorsed on such Registered Bond. All or any of the Bonds may also bear such an endorsement or legend satisfactory to the Trustee as may be required to conform to usage or law with respect thereto.

Whenever Registered Bonds with proper instruments of transfer shall be surrendered to the Trustee for exchange for Coupon Bonds of like interest and maturity, the Commission will issue, or cause to be issued, and deliver, or cause to be delivered, at the principal office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof) in exchange, a like principal amount of Coupon Bonds of the same interest rate and maturity, in bearer form, of the serial number or numbers so reserved upon the issue of the Registered Bond or Bonds so surrendered, bearing coupons so that no gain or loss of interest shall result from such exchange.

SECTION 4.5. In every case of an exchange of Bonds, or of a transfer of any Registered Bond, the surrendered Bonds and coupons, if any, shall be cancelled by the Trustee, and satisfactory evidence of such cancellation shall be furnished to the Treasurer. As a condition of any such exchange, or of any registration or transfer, the Commission at its option may require the payment of a sum sufficient to reimburse it for any stamp tax or other governmental charge that may be imposed thereon, and, in addition thereto in the case of exchange of Bonds or the transfer of a Registered Bond, such reasonable charge therefor to cover the expense of making such exchange or transfer. All Bonds executed, authenticated and delivered in exchange for or upon transfer of Bonds so surrendered shall be valid obligations of the Commission, evidencing the same debt as the Bonds surrendered, and shall be entitled to all the benefits and protection of this Resolution to the same extent as the Bonds in exchange for or upon transfer of which they were executed, authenticated and delivered.

Anything herein to the contrary notwithstanding, the Commission will, without any charge to the holder of any fully Registered Bond initially issued hereunder, upon written request of any such Bondholder, deliver or cause to be delivered at the principal office of the Trustee in exchange for any such fully Registered Bond, other fully Registered Bonds in any denomination provided by this Resolution, or Coupon Bonds with appropriate coupons attached of the denomination provided by this Resolution, in an equal aggregate principal amount and of the same interest rate and maturity.

The Commission shall not be required to issue, transfer or exchange fully Registered Bonds for a period of 15 calendar days next preceding any interest payment date.

SECTION 4.6. In case any Bond shall become mutilated in respect of the body of such Bond or the coupons, if any, appertaining thereto, or shall be determined by the Commission to have been destroyed, stolen

or lost, upon proof of ownership satisfactory to the Commission and upon the surrender of such mutilated Bond with its coupons, if any, at the office of the Trustee in the City of Chicago, Illinois, or upon the receipt of evidence satisfactory to the Commission and the Trustee of such destruction, theft or loss, and upon receipt also of indemnity satisfactory to the Commission and the Trustee and upon payment of all expenses incurred by the Commission and the Trustee for any investigation relating thereto and for each new Bond issued under this Section, the Commission shall cause to be authenticated by the Trustee and issued and delivered, at the office of the Trustee in the City of Chicago, Illinois, a new Bond or Bonds of the same interest rate and maturity and for the same aggregate principal amount with the unpaid coupons, if any, appertaining thereto, of like tenor and date, bearing the same issue number or numbers, with such notations as the Commission and the Trustee shall determine, in exchange or substitution for and upon cancellation of the mutilated Bond and its coupons, if any, or in lieu of and in substitution for the Bond and its coupons, if any, so lost, stolen or destroyed.

If any such destroyed, stolen or lost Bond or coupon shall have matured, payment of the amount due thereon may be made by the Trustee on receipt of like proof, indemnity and payment of expenses.

Any duplicate Bond or coupons issued pursuant to this Section shall be entitled to equal and proportionate benefits with all other Bonds issued hereunder. Neither the Commission, nor the Trustee, shall be required to treat both the original Bond and any duplicate Bond as being outstanding for the purpose of determining the principal amount of Bonds which may be issued hereunder or for the purpose of determining any percentage of Bonds outstanding hereunder, but both the original and duplicate Bond shall be treated as one and the same.

ARTICLE 5.

Bonds To Be Negotiable Instruments.

Section 5.1. All Bonds issued pursuant to this Resolution, subject to the provisions for registration and transfer herein and in the Bonds contained, shall be negotiable instruments and shall have all of the qualities and incidents of negotiable instruments under the laws of the State of Illinois. The Commission, the Trustee, the Treasurer, the Paying Agents and any other person may treat the registered owner of a Registered Bond or the bearer of a Coupon Bond (or, if such Coupon Bond be registered as to principal, the registered owner) and the bearer of any coupon appertaining thereto as the absolute owner of the Bond or coupon for the purpose of making payment thereon and for all other purposes, and neither the Commission nor the Trustee, Paying Agents, Bond Registrar nor the Treasurer shall be bound by any notice or knowledge to the contrary. All payments of or on account of interest to any bearer of a coupon or any registered owner of a Registered Bond and of or on account of principal to the bearer of a Coupon Bond not registered as to principal, or to any registered owner of a Coupon Bond registered as to principal or to any registered owner of a Registered Bond shall be valid and effectual and shall be a discharge of the Commission, the Trustee, Paying Agents, Bond Registrar and the Treasurer in respect of the liability for interest or principal, as the case may be, to the extent of the sum or sums so paid.

ARTICLE 6.

Form of Bond

Section 6.1. The Bonds shall be in substantially the following form:

(Form of Coupon Bond)

UNITED STATES OF AMERICA
State of Illinois
County of Cook

PUBLIC BUILDING COMMISSION OF CHICAGO
BUILDING REVENUE BOND,
SERIES "A" OF 1971

No. $5,000

Public Building Commission of Chicago, in the County of Cook, a body politic and municipal corporation of the State of Illinois (hereinafter called the "Commission"), for value received hereby promises to pay (but only out of Revenues hereinafter referred to) to the bearer, or, if this Bond be registered as to principal, to the registered owner hereof, on the first day of January, 19 ..., the principal sum of

FIVE THOUSAND DOLLARS ($5,000),

and to pay interest on such principal sum from the date hereof at the rate of per cent (%) per annum, payable semi-annually on the first day of January and the first day of July in each year, commencing with July 1, 1971, until the payment of such principal sum in full, but in the case of the interest due on or before maturity of this Bond, only upon the presentation and surrender of the annexed coupons as they severally become due.

Both principal of, and interest on, this Bond are payable in lawful money of the United States of America at the principal office of the Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, or at the option of the holder hereof at the principal office of the Chemical Bank in the City of New York, New York.

This Bond is one of an issue of Public Building Commission of Chicago Building Revenue Bonds, Series "A" of 1971 (hereinafter called the "Bonds)" of the Commission (limited in aggregate principal amount except as may be otherwise provided in the Resolution hereinafter mentioned). All of the Bonds, of which this Bond is one, are issued and to be issued pursuant to the provisions of the Public Building Commission Act of the State of Illinois, approved July 5, 1955, as amended (hereinafter called the "Act") and pursuant to a Resolution adopted by the Board of Commissioners of the Public Building Commission of Chicago authorizing the issuance of the Bonds (hereinafter called the "Resolution"). A copy of the Resolution is on file at the office of the Treasurer of the Commission and at the Continental Illinois National Bank and Trust Company of Chicago (hereinafter in its several capacities called "Trustee") and reference is hereby made to the Resolution and to any and all amendments or supplements or modifications thereof adopted as therein provided and to the Act for a description of the terms on which the Bonds are issued and to be issued and on which additional bonds may be issued, the provisions with regard to the Administrative Expense Account, Sinking Fund Account, Renewal, Replacement and Improvement Account and Surplus Account payments, and with regard to the nature and extent of the Revenues, and of the rights of the holders and registered owners of the Bonds and of the bearers of the appurtenant coupons. All the terms defined in the Resolution and all covenants of the Resolution shall have the same meaning herein as in the Resolution. The Resolution constitutes a contract between the Commission and the holder or registered owner from time to time of this Bond, and to all the provisions thereof the holder or registered owner hereof, by his acceptance of this Bond, consents and agrees.

The principal of and interest on this Bond and the issue of which it forms a part are payable solely out of the Revenues, as defined in the Resolution, and are secured by a charge and lien on such Revenues as provided for in the Resolution, and as and to the extent set forth in the Resolution. All such Revenues of the Buildings and Facilities to be constructed and equipped with the proceeds derived from the sale of said Bonds, after the payment of reasonable Administrative Expense, are exclusively and irrevocably pledged to and constitute a trust fund in accordance with the terms hereof and the provisions of the Resolution and in accordance with the provisions of the Act, for the security and payment of, and for the security and payment of interest on, this Bond and all other Bonds that may hereafter be issued under the terms of the Resolution.

The rights and obligations of the Commission and of the holders and registered owners of the Bonds may be modified or amended at any time with the consent of the Commission and of the holders of not less than sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding Bonds in the manner, to the extent, and upon the terms provided in the Resolution, provided that no such modification or amendment shall extend the maturity or reduce the interest rate on or otherwise alter or impair the obligation of the Commission to pay the principal or interest at the time and place and at the rate and in the currency provided therein of any Bond without the express consent of the holder or registered owner of such Bond, or permit the creation by the Commission of any pledge or lien on any part of the Buildings and Facilities or property, or any other lien upon any of the Revenues derived by the Commission from said Buildings and Facilities except for additional bonds as provided by the Resolution, or permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds, or reduce the percentage of Bonds required for the affirmative vote or written consent to an amendment or modification, all as more fully set forth in the Resolution.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this Bond shall have all the qualities and

incidents of a negotiable instrument under the laws of the State of Illinois, and shall pass by delivery unless registered as to principal in the owner's name on the books of registration to be kept by the Trustee, as Bond Registrar, at its principal office in the City of Chicago, Illinois, and such registration noted hereon, after which no valid transfer hereof can be made, except at such office by the registered owner in person or by duly authorized attorney and similarly noted hereon, until after registered transfer to bearer, but after such registered transfer to bearer this Bond shall be again transferable by delivery. Such registration, however, shall not affect the negotiability of the coupons which shall remain payable to bearer and transferable by delivery. The Commission, its Treasurer, and the Trustee, Paying Agents, Bond Registrar and any other person may treat the bearer of this Bond (or, if this Bond be registered as to principal, the registered owner) and the bearer of any coupon hereunto appertaining, whether or not this Bond has been registered as to principal, as the absolute owner hereof and thereof for the purpose of receiving payment hereof and thereof and for all other purposes and shall not be affected by any notice to the contrary, whether this Bond or such coupon be overdue or not.

The Bonds are issuable as Coupon Bonds, registrable as to principal only, in the denomination of $5,000, and as Registered Bonds without coupons in the denomination of $5,000 and multiples thereof. The Coupon Bonds and Registered Bonds without coupons are interchangeable as provided in the Resolution upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee, in the City of Chicago, Illinois, as Bond Registrar.

The Commission covenants and agrees that so long as any of the Bonds remain outstanding it will establish and collect rentals for the use of all of the said Buildings and Facilities so that its Revenues will be sufficient at all times to provide for the payment of the Bonds through the Sinking Fund Account, and the payments into the Administrative Expense Account, Sinking Fund Account, Renewal, Replacement and Improvement Account and Surplus Account.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed, precedent to and in the issuance of this Bond, exist, have happened and have been performed in due time, form and manner as required by the Constitution and Statutes of the State of Illinois. Neither the principal of nor interest on this Bond is an indebtedness or obligation of The County of Cook, the City of Chicago, the Chicago Park District or any other political subdivision of or municipality within the State, or an obligation or an indebtedness or a claim against any of the property of the Commission within the purview of any statutory or constitutional limitation or provision.

The execution by the Trustee of its Certificate of Authentication hereon is essential to the validity of this Bond, and is conclusive evidence of the due execution and issue hereof under the aforesaid Resolution.

IN WITNESS WHEREOF, the Public Building Commission of Chicago, by its Board of Commissioners, has caused this Bond to be executed with the facsimile signature of its Chairman, with the facsimile seal of the Commission to be printed hereon, attested by its Secretary, and has caused the annexed interest coupons to be executed with the facsimile signatures of said Chairman and Secretary, all dated the first day of January, 1971.

The proceeds, after payment of all interim borrowings by the Commission incurred in connection with the Commission's Projects No. CC-1, CS-2 and CPD-1, derived from the sale of the Bonds authorized hereby, at the time of the delivery of the Bonds or any part thereof to a purchaser, shall be promptly deposited by the Treasurer with the Trustee, (the Trustee being hereby designated as the Depository therefor), and held by the Trustee in an account which is hereby created and designated "Public Building Commission of Chicago Buildings and Facilities (Series "A" of 1971) Construction Account" (hereinafter sometimes called "Construction Account"), and all of the said funds realized from the sale of the Bonds and all revenues realized from said projects and deposited in said Account shall be used and

After making said transfer, the Trustee shall, for the purpose of acquiring the sites and of constructing and equipping said Buildings and Facilities, allocate the funds in the Construction Account, prior to payment of all interim borrowings, among the projects, pro rata as follows:

Project No.	Amount
CC-1	$31,790,000
CS-2	8,415,000
CPD-1	12,155,000

All interest and any profit or proceeds realized on funds in the Construction Account shall be credited to the project subaccount for which the investment was made. Pending their application as provided by this Resolution, all such funds shall be subject to a lien and charge in favor of the holders of the Bonds issued and outstanding under this Resolution and for the further security of such holders until paid out or transferred as herein provided.

SECTION 7.2. For the purpose of this Resolution the cost of acquiring the sites and of constructing and equipping said Buildings and Facilities, herein provided for, shall include all appurtenances in connection therewith and, without intending to limit or restrict any definition of such acquisition, construction and equipping under the provisions of the Act, shall include the following:

(a) Obligations incurred for labor, materials, supplies and services and to architects, engineers, contractors and materialmen and suppliers in connection with the construction and equipping of the Buildings and Facilities;

(b) Interest accrued and to accrue on Bonds prior to the commencement of and during the construction and equipping of the Buildings and Facilities at any time there are no other funds available for that purpose;

(c) The fees and expenses of the Paying Agents and the Trustee for all of their services under or in connection with this Resolution until the filing of the Certificate of Completion of said Buildings and Facilities;

(d) The cost of preliminary investigations to determine the feasibility or practicability of constructing and equipping the Buildings and Facilities and fees for consultants by way of illustration and not in limitation thereof, fees for preparation of specifications, building performance guidelines and management consultants, and all fees and expenses of Architect-Engineers for making reports, estimates, plans and specifications, and other engineering services, and fees for any other consulting surveys and reports in connection with such work and the issuance of Bonds therefor, surveys and estimates of costs of Revenues and other estimates and for surpervising the construction as well as the performance of all other duties of Architect-Engineers set forth herein in relation to construction and equipping of the Buildings and Facilities or the issuance of Bonds therefor;

(e) Legal expenses and fees, financing charges, costs of audits and of preparing and issuing the Bonds, wages of office and clerical employees, general administrative expenses, pension requirements and health, hospitalization and other necessary insurance;

(f) All other items of expense not elsewhere in this Section specified incident to the construction and equipping of the Buildings and Facilities, the financing thereof, the placing of the same in operation (including the initial premiums on any insurance required or obtained under the provisions of this Resolution), and the acquisition of the real property comprising the sites, property rights and franchises and including title insurance, if any, and costs of surveys, appraisals, relocation expenses authorized by statute and other expenses in connection with such acquisition; and

(g) Any expense heretofore or hereafter incurred by the Commission for any of the foregoing purposes, and also any amounts necessary for Administrative Expense during the period of constructing and equipping said Buildings and Facilities and any other expenses reasonably necessary or incident to the construction and equipping of said Buildings and Facilities and the placing of the same in operation.

SECTION 7.3. The Trustee shall promptly, after receiving the funds referred to in Section 7.1 hereof, set aside from said funds referred to in Section 7.1 and credit to the Sinking Fund Account, provided for in Section 8.3 hereof, an amount sufficient to pay interest accrued and to accrue on said Bonds up to and including January 1,

1972. The balance of the proceeds derived from the sale of the Bonds shall be held in the Construction Account and used and applied, as defined in Section 7.2 hereof, for the acquisition of sites and the construction and equipping of said Buildings and Facilities.

SECTION 7.4. Transfers or payments from the Construction Account referred to in Section 7.1, except those authorized and directed to be made under the provisions of Section 7.3, shall be made for payment of the cost of acquiring sites and constructing and equipping said Buildings and Facilities in accordance with the provisions of this Section.

All payments shall be made by check of the Trustee upon written order of the Board, signed by the Chairman and countersigned by the Treasurer, and each such order shall state in respect of such payments:

1. The item number of the payment and the project number;
2. The name of the person, firm or corporation to whom the payment is due;
3. The amount to be paid and the purpose for which the obligation is to be paid; and if for the acquisition of a site, or portion thereof, the legal description of the real property;
4. That obligations in the stated amounts have been incurred by the Commission, for the payment of cost of constructing and equipping said Buildings and Facilities and that each item thereof is a proper charge against the Construction Account and has not been paid; and
5. The amount of any notice of lien or liens on public funds made pursuant to the Illinois Mechanics' Lien Law which has not been released or will not be released simultaneously with the payment of such obligations. If such notice of lien on public funds will not be so released with the payment referred to in said order, the Trustee shall deduct the amount stated in such notice of lien on public funds (if not theretofore reserved from payment under a previous order) and reserve the same for the period required under the provisions of the Illinois Mechanics' Lien Law relating to liens on public funds (currently Section 23 of Chap. 82, Ill. Rev. Stat. 1969), and upon the expiration of such statutory period, as certified by the Treasurer of the Commission, to forthwith make payment of the same to the party or parties entitled thereto.

If such order directs payment for work or materials stated therein to be under the supervision of the Architect-Engineers, it shall be accompanied by a certificate signed by the Architect-Engineers certifying that the obligations in the amounts stated have been incurred by the Commission and that each item thereof is a proper charge against the Construction Account and has not been paid.

Upon receipt of any such order and accompanying certificate, if required, the Trustee shall pay such obligation to the party named in the order and charge the same against the Construction Account.

Funds in the Construction Account shall not be expended for other than the cost of acquiring the sites and of constructing and equipping the buildings and facilities to which the funds have been allocated.

The Commission will use its best efforts to complete the buildings and facilities or cause the buildings and facilities to be completed at the earliest possible date in accordance with the construction contracts therefor, provided that the Commission shall not be required to expend any moneys therefor which are not available from the proceeds derived from the sale of said Bonds and provided, further, that the failure to complete or cause the completion of the buildings and facilities, or any of them, will not give any Lessee the right to cancel or terminate its Lease or to abate, reduce or make reduction from or offset against any rent payable under its Lease or to fail to perform or observe any of the other covenants or conditions of the Lessee thereunder.

In addition to the foregoing, the Trustee shall, upon order signed by the Chairman and countersigned by the Treasurer, at one time or from time to time until the Certificate of Completion is filed with the Trustee, pay to the Treasurer by check of the Trustee from the Construction Account a sum or sums aggregating not to exceed $25,000, such sum or sums to be used by the Commission as the Buildings and Facilities (Series "A" of 1971) Revolving Fund (herein referred to as "Revolving Fund") for payment of items of expense during construction which cannot be conveniently paid as herein otherwise provided. Said sum originally so paid to the Treasurer by the Trustee shall be charged by the Trustee to the respective projects on the following basis: CC-1, 85%; CS-2, 5%; CPD-1, 10%. Such Revolving Fund shall be replenished from time to time upon written order of the Treasurer, countersigned by the Chairman, directed to the Trustee, accompanied by certificate signed by the Treasurer setting forth an itemized statement of the purposes for which the prior funds were expended and the balance remaining and that they were all proper charges against and payable from the designated project allocations in the Construction

Account, it being the intent of this paragraph to provide a Revolving Fund for the Commission to be maintained at all times in an amount not to exceed $25,000. Said certificate of the Treasurer shall further identify the project number for each item.

SECTION 7.5. All orders, certificates and other papers received by the Trustee, as required in this Article 7 as conditions of payment from the Construction Account, may be relied upon by the Trustee, without any investigation, and shall be retained in the possession of the Trustee, subject at all reasonable times to the inspection of the Commission, the Comptroller of The County of Cook, the Comptroller of the City of Chicago, the Treasurer of the Chicago Park District, the Architect-Engineers, any Bondholder and the agents and representatives thereof.

SECTION 7.6. After all obligations of any kind or character, including all liens on public funds, have been fully paid on account of the acquisition of said sites and construction and equipping of said Buildings and Facilities, there shall be filed with the Trustee a certificate executed by the Chairman and Treasurer stating that all obligations, including liens on public funds for the construction and equipping of said Buildings and Facilities have been paid and satisfied, accompanied by a certificate of the Architect-Engineers that said construction and equipping of said Buildings and Facilities has been fully completed. Upon receipt of such certificates, the Trustee shall, without further order or direction, transfer the remaining funds in the Construction Account to the Sinking Fund Account.

SECTION 7.7. Moneys held by the Trustee for the credit of the Construction Account shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Government Bonds, Treasury Bills or other securities now or hereafter issued by or constituting direct obligations of the United States of America, certificates of deposit, or time deposits constituting direct obligations of any bank defined by the Illinois Banks Act, as heretofore or hereafter amended, which is insured by the Federal Deposit Insurance Corporation or short term discount obligations issued by the Federal National Mortgage Association which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates, as estimated by the Executive Director, when said moneys will be required for the purpose intended. It shall be the duty of the Executive Director to file with the Trustee from time to time the estimated dates when such funds will be required and the Commission covenants that it will cause to be filed such estimates and cause the Trustee to make investments of the moneys to the credit of the Construction Account as provided by this Section.

All interest accruing thereon and any profit or proceeds realized from any such investment shall be credited to the respective project subaccounts in the Construction Account for which the investment was made and any loss resulting from the sale of such investments shall be charged to such account. The Trustee shall sell at the best price reasonably obtainable or present for redemption any obligations so purchased whenever it shall be necessary so to do in order to provide moneys to meet any payment or transfer from such account. Neither the Trustee, the Treasurer nor the Commission shall be liable or responsible for any loss resulting from any such investment or from the sale of securities delivered to the Trustee by the Commission.

ARTICLE 8.

CUSTODY AND APPLICATION OF REVENUES.

SECTION 8.1. The Commission covenants and agrees that so long as any of the Bonds remain outstanding, said Buildings and Facilities shall be operated on a fiscal year basis commencing on the first day of January and ending on the last day of December of each year, and all Revenues derived by the Commission from said Buildings and Facilities shall be deposited by the Treasurer with the Trustee (which Trustee is hereby designated as the Depositary therefor) within three full business days after receipt thereof. All sums so deposited by the Treasurer with the Trustee shall be credited by the Trustee to the "Public Building Commission of Chicago Buildings and Facilities (Series "A" of 1971) Revenue Fund", which is hereby created (hereinafter referred to as "Revenue Fund"). Any advance rentals shall be held in the Revenue Fund and invested and be applied to the payment of the rent for the year or years for which the advance payment was made.

SECTION 8.2. The Trustee in each fiscal year shall first, without further order or direction, transfer from said Revenue Fund to the Treasurer, to be deposited by him with the Depositary in the separate commercial account which is hereby created by the Commission and designated the "Public Building Commission of Chicago Buildings and Facilities (Series "A" of 1971) Administrative Expense Account" (here-

inafter referred to as the "Administrative Expense Account"), the amount budgeted for such year as provided by Section 16.1 of this Resolution; provided that in no event shall the Trustee transfer to the Treasurer for deposit to said Administrative Expense Account in any fiscal year more than the amount for that particular fiscal year set forth in Section 16.1 of this Resolution plus any additional funds that may be transferred from the Surplus Account as authorized by Section 9.4 of this Resolution for such fiscal year. The funds in said Administrative Expense Account shall be used by the Commission to pay the reasonable Administrative Expense in connection with said Buildings and Facilities and a pro-rata share of the Commission's general administrative expense for the current fiscal year as provided in the annual budget adopted in accordance with the provisions of Section 16.1 of this Resolution.

SECTION 8.3. After making the transfer of funds to the Treasurer as required by Section 8.2 hereof, the Trustee shall credit the balance of the Revenues referred to in Section 8.1 hereof in the following order of priority to the following respective account, that is:

Public Building Commission of Chicago Building Revenue Bonds (Series "A" of 1971), Sinking Fund Account (hereinafter referred to as "Sinking Fund Account")

Public Building Commission of Chicago Buildings and Facilities Renewal, Replacement and Improvement Account (Series "A" of 1971) (hereinafter referred to as "Renewal, Replacement, and Improvement Account")

Public Building Commission of Chicago Buildings and Facilities (Series "A" of 1971) Surplus Account (hereinafter referred to as "Surplus Account")

Each of said accounts is hereby created and the Commission hereby covenants and agrees to cause each of them to be maintained and all moneys credited to each account shall be held in trust by the Trustee and applied, used, and withdrawn only for the purposes and as hereinafter authorized:

(a) There shall be credited in each fiscal year to the Sinking Fund Account an amount sufficient to pay the principal of and interest on all Bonds (including all Bonds that may be issued in the future to share ratably and equally in the revenues derived by the Commission from the Buildings and Facilities with the Bonds herein authorized and for the purposes of brevity such Bonds to be issued in the future being hereinafter referred to as "Parity Bonds") provided to be issued hereunder which will become due on July 1 of such fiscal year and January 1 of the succeeding fiscal year. All moneys deposited pursuant to the provisions hereof in said account shall be used only for the purpose of paying the principal of and interest on the Bonds of this issue, or any Parity Bonds, as the same shall become due and funds sufficient to pay such maturing principal or interest, or both, shall be forwarded to the Paying Agents prior to each current maturity date of such principal or interest, or both.

(b) After crediting the amount required to be credited to the Sinking Fund Account, there shall be credited in the fiscal year 1972 to the Renewal, Replacement and Improvement Account (Series "A" of 1971) the sum of $25,000 and in each fiscal year thereafter the sum of $25,000 until said account aggregates the sum of $100,000. Whenever any money is paid out of said account credits into said account shall be resumed and continued until the balance in said account again aggregates the sum established by this subparagraph.

The funds of said account shall be withdrawn from said account from time to time and used for the purpose of renewing, replacing and improving any part of the buildings and facilities which have become obsolete, worn out or otherwise unusable, or to provide extraordinary repairs whenever no other funds are available for that purpose. Provided, however, no funds shall be withdrawn from said Account unless there is filed with the Trustee a certificate of the Architect-Engineers setting forth the estimated cost and the necessity for such expenditures. Payments shall be made by the Trustee from such fund only upon submission to the Trustee of a certified copy of a resolution adopted by the Commission reciting that funds are to be used for renewing, replacing or improving part of the buildings or facilities which have become obsolete and worn out or otherwise unusable, identifying the facilities to be renewed, replaced or improved. The funds held in said account to the extent necessary shall also be used to prevent or remedy a default in the payment of the interest on or principal of the Bonds and shall by resolution of the Board be transferred by the Trustee to the Sinking Fund Account when no other funds are available for that purpose.

(c) All moneys remaining in the Revenue Fund as established by this Resolution, after crediting the requirements in each fiscal year to the respective accounts hereinabove provided for, shall be credited as soon as, and as often as, received to the Surplus Account and shall be used in the order and for the purposes as follows:

(1) to credit the Sinking Fund Account in order to make up or prevent any deficiency therein.

(2) to credit the Administrative Expense Account with any additional funds that the Commission may direct be transferred from the Surplus Account to the Administrative Expense Account, as authorized by Section 9.4.

(3) To credit to the Renewal, Replacement and Improvement Account to make up any deficiency in the current fiscal year's required credits thereto and at the discretion of the Commission to credit the Renewal, Replacement and Improvement Account with additional funds whenever such crediting may, in the opinion of the Commission, be desirable or necessary.

(4) at the discretion of the Commission, if the proceeds of any insurance shall be insufficient to repair, replace or reconstruct damaged or destroyed property, for credit to the Public Building Commission of Chicago Buildings and Facilities (Series "A" of 1971) Insurance Account referred to in Section 11.1 and applied for the purposes therein stated.

(5) If for any reason the construction and equipping of the Buildings and Facilities provided for in this Resolution shall not have been fully completed as contemplated by the plans and specifications therefor, then, at the discretion of the Commission, money in this account may be credited to the Construction Account and used for the completion thereof in accordance with such plans and specifications or as such plans and specifications may have been modified.

(6) Within thirty (30) days prior to the end of each fiscal year, if there are funds remaining in the Surplus Account after making up any deficiency existing in the Sinking Fund Account, the same shall be credited pro-rata to the next annual rental payment due from The County of Cook, the City of Chicago, and the Chicago Park District, and the Certificate of the Treasurer of the Commission certifying as to the amount of said surplus funds available for credit to the next annual rental payments due from The County of Cook, the City of Chicago, and the Chicago Park District shall be filed with the County Clerk of Cook County, the City Clerk of the City of Chicago and with the Treasurer of the Chicago Park District, as notice of such credit on the next succeeding rental payment due from The County of Cook, the City of Chicago and the Chicago Park District. An additional copy of such certification shall be filed with the Trustee and upon receipt of such the Trustee shall, without further order or direction, transfer said sum remaining in the Surplus Account at the end of such fiscal year to the Revenue Fund for credit to the accounts as provided by Sections 8.2 and 8.3.

SECTION 8.4. Money in the Administrative Expense Account created in Section 8.2 may be invested by the Treasurer, and money in any of the accounts hereinabove created in Section 8.3 shall be invested by the Trustee, from time to time, in direct and general obligations of the United States Government which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, prior to the date on which the moneys in said account will be needed, but in no event later than two years from the date of any such investment. Such securities shall be sold from time to time without further direction from the Commission whenever funds are needed for the purpose for which said account has been created. All investments purchased under the provisions of this Section 8.4 until sold shall be deemed at all times to be a part of the account from the moneys of which they shall have been purchased. All earnings received on any funds so invested, or profit or loss resulting from the sale of any such investments, shall be credited or charged to the account for which the investment was made. The Board, the Treasurer, or the Trustee shall not be liable or responsible for any loss resulting from any such investment.

SECTION 8.5. All Revenues derived by the Commission from the ownership of the Buildings and Facilities, and all income, interest, and profits thereon, and all other moneys and securities under the terms of this Resolution paid or to be paid to or held or to be held by the Treasurer, or the Trustee, are, until paid out or transferred as provided by this Resolution, hereby pledged to and charged with and subjected to a lien for the payments of the principal of and interest on all Bonds in accordance with their terms and the provisions of this Resolution and are hereby subjected to a lien and charge in favor of all present and future holders of all Bonds and of the coupons as security for the performance and observance of all of the covenants, agreements, and conditions in the Bonds and herein contained for the equal and proportionate benefit, protection, and security of all present and future holders of any and all of the Bonds and coupons issued and to be issued under this Resolution, without preference, distinction, or priority as to lien or otherwise of any one Bond or coupon over any other of the Bonds or coupons authorized by this Resolution, by reason of priority in time of authorization, issue, sale, or negotiation thereof or otherwise.

ARTICLE 9.

Transfers and Disbursements from Accounts of the Public Building Commission of Chicago Created by Article 8.

Section 9.1. The funds of the Administrative Expense Account may be transferred by the Treasurer to a separate bank account in an amount not to exceed the amount budgeted each fiscal year for Administrative Expenses of the Buildings and Facilities and be disbursed by the Treasurer on the written order of the Board, signed by the Chairman and countersigned by the Treasurer. It shall be the duty of the Treasurer not later than sixty days after the end of each fiscal year to file an accounting of the expenditure of funds from said separate account with the Trustee setting forth an itemized statement of the purposes for which such funds were expended, the project number, and that they were all for proper charges against and payable from said Administrative Expense Account.

Section 9.2. The Trustee, without further order or direction, shall, as Paying Agent, apply the moneys to the credit of the Sinking Fund Account to the payment of interest and principal from time to time becoming due on the Bonds.

Section 9.3. Disbursements from the Renewal, Replacement and Improvement Account shall be made by check of the Trustee in accordance with the provisions of Sections 7.4 and 8.3(b) of this Resolution.

Section 9.4. Moneys to the credit of the Surplus Account shall be transferred by the Trustee at any time and from time to time without further order or direction for making up any deficiencies in the Sinking Fund Account. If the Sinking Fund Account has been credited with all amounts required to be credited, the Board may by resolution direct the transfer of moneys in the Surplus Account for the credit of additional funds to the Administrative Expense Account for the purposes provided for by Section 8.2, or, upon first receiving a certification from the Architect-Engineers that it is necessary and essential to the efficient operation of the Buildings and Facilities that such funds be used for one or more of the purposes referred to in subparagraphs 3, 4 and 5 of paragraph (c) of Section 8.3, together with an estimate of cost thereof, may by resolution direct the transfer of said funds to the credit of any one or more of the accounts referred to in subparagraphs 3, 4 and 5 of paragraph (c) of Section 8.3. A certified copy of such resolution, accompanied by a certified copy of the certificate of the Architect-Engineers, as herein provided, shall be filed with the Trustee and the Trustee, upon receipt of such instruments shall make the proper transfer and credit as herein provided.

No such transfers shall be made by the Trustee, nor shall the Board adopt any resolution providing for such tranfers within thirty (30) days prior to the end of each fiscal year and any funds remaining in the Surplus Account within thirty days prior to the end of each fiscal year shall be credited to the rental payments of The County of Cook, the City of Chicago and the Chicago Park District, as provided by subparagraph (6) of paragraph (c) of Section 8.3.

Section 9.5. The Treasurer in making any disbursements under Section 9.1 hereof may rely upon the orders and certificates required in this Section and neither the Trustee nor the Depositary shall have any liability with respect to such disbursements nor any duty to inquire into the propriety or application thereof.

ARTICLE 10.

Covenants with Bondholders

Section 10.1. The Commission covenants that it will fix and establish rentals and other charges for the use of said Buildings and Facilities so that the Revenues of the Commission will be sufficient at all times to pay the Bonds and the interest thereon, as the same shall become due and payable, and all other requirements herein provided.

The Commission further covenants that it will promptly pay the principal of, and the interest on, all Bonds issued under the provisions of this Resolution at the place, on the dates, and in the manner provided herein, and in said Bonds and in any coupons appertaining to said Bonds.

Section 10.2. The Commission covenants that it will promptly acquire and own fee title to each of said sites for said buildings and facilities, and that it will, as said sites are acquired, forthwith proceed to construct and equip said Buildings and Facilities as described in Section 2.2 according to the Architect-Engineers' reports based on the preliminary plans and specifications heretofore approved and placed on file in the office of the Commission, and in conformity with the Act,

and that it will complete such work with all practicable expediency, free and clear of all liens.

The Commission covenants that all of its contracts for the construction and equipping of the buildings and facilities shall be submitted to the Architect-Engineers and that no such contracts shall be entered into and no partial or final payments on such contracts will be made without the approval of the Architect-Engineers.

The Commission covenants that, except as otherwise provided in this Resolution, each such contract for labor or materials of construction will also provide that payments thereunder shall not be made by the Commission in excess of ninety per cent (90%) of current estimates approved by the Architect-Engineers until the aggregate amount of payments withheld equals five per cent (5%) of the contract price, which amount shall be payable as follows:

(a) Upon certification by the Architect-Engineers of "substantial completion" of the work, payment may be made upon certification and approval by the Architect-Engineers of such portion of such withheld funds as will not reduce such withheld funds below an amount representing 2% of the adjusted contract price; and

(b) The balance shall be payable upon "final acceptance" of the work by the Architect-Engineers.

Nothing in this Section 10.2 shall be interpreted as in any way affecting the right or obligation of the Commission to withhold funds in addition to the retained percentage provided for in this paragraph, on account of notices of lien on public funds as provided in this Bond Resolution.

SECTION 10.3. The Commission covenants that it will require that The County of Cook, the City of Chicago and the Chicago Park District keep said buildings and facilities repaired and maintained in strict compliance with the recommendations of the Architect-Engineers or a Building Management Consultant Firm employed for that purpose except for such amounts as the Commission shall expend from the Renewal, Replacement and Improvement Account set forth in Section 8.3. The Commission also covenants to require The County of Cook and Park District to provide services, including, but not to the exclusion of other items not specified, water, heat, light, electricity, air conditioning, repairs, replacements, janitor, cleaning and caretaking services; all at The County of Cook's and Park District's expense and without right of reimbursement from the Commission therefor; and that it will observe and perform all of the applicable terms and conditions contained in the Act, in this Resolution, the Leases and any other leases covering the premises upon which the buildings and facilities are located.

SECTION 10.4. The Commission covenants that it will not issue any bonds or other evidences of indebtedness, except pursuant to the provisions of this Resolution, secured by a pledge of the Revenues of said Commission from said Buildings and Facilities; and that it will not create or suffer to be created any lien or charge upon the buildings, facilities or property or any part thereof or upon the Revenues therefrom except the lien and charge of the Bonds secured hereby upon such Revenues, or such additional bonds that may be issued pursuant to the provisions of this Resolution, and that, from such Revenues or other available funds, it will pay or cause to be discharged, or will make adequate provision to satisfy and discharge, within sixty days after the same shall become payable, all lawful claims and demands for labor, materials, supplies or other objects; provided, however, that nothing in this Section contained shall require the Commission to pay or cause to be discharged, or make provision for, any lien or charge so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings which stay the enforcement thereof.

SECTION 10.5. The Commission covenants that it will, for the purpose of performing and carrying out the duties imposed upon the Architect-Engineers by this Resolution, employ Architect-Engineers from time to time to perform the duties required by this Resolution, each having nationwide and favorable repute for skill and experience in such work.

The Commission further covenants that it will cause the respective Architect-Engineers or a Building Management Consultant firm employed for that purpose, to make an inspection of the respective buildings and facilities at least once each year, and submit to the Commission their respective reports not later than ninety days preceding the beginning of each fiscal year setting forth their findings whether said buildings and facilities have been maintained by The County of Cook, City of Chicago and the Park District as required in this Resolution

and in said Leases in good repair, working order and condition, and their recommendations as to:

(a) Proper maintenance, repair and operation to be performed by the respective lessees during the ensuing fiscal year;

(b) Any other recommendations they deem in their judgment should be carried out by the respective lessees to keep the facility in proper repair in order to assure an efficient operation thereof;

(c) The insurance to be carried by the Commission on the respective facilities under the provisions of this Resolution.

A copy of such report shall be filed with the Trustee, The County of Cook, the City of Chicago and the Chicago Park District.

SECTION 10.6. The Commission covenants that, except as in this Resolution otherwise permitted, it will not sell or mortgage said Buildings and Facilities or any part thereof. The Commission may, however, from time to time sell any of its machinery, fixtures, apparatus, instruments or other movable property, if the Commission shall determine that such articles are no longer needed or are no longer useful in connection with the construction and equipping of the Buildings and Facilities and the net proceeds thereof shall, as soon as practicable, be applied to the replacement of the articles so sold or disposed of, or shall be deposited to the credit of the Sinking Fund Account; provided that prior to the completion of the construction and equipping of said Buildings and Facilities the net proceeds of any such sale of machinery, fixtures, apparatus, tools, instruments or other movable property acquired by the Commission from the proceeds of Bonds issued on account of said Buildings and Facilities or from other income or Revenues shall not be so applied or deposited, but shall be credited to the Construction Account.

SECTION 10.7. The Commission covenants that it will faithfully, diligently and punctually do all things required of it, and will comply with all reasonable requests, and will file all schedules and reports provided by this Resolution.

SECTION 10.8. The Commission covenants that all payments under the Leases entered into by and between the Commission and The County of Cook, the City of Chicago and the Park District, and pertaining to said Buildings and Facilities referred to in this Resolution, shall inure to the benefit of the holder of any of the Bonds authorized hereunder and the Commission further agrees that it will properly enforce all obligations of Lessees of said Buildings and Facilities and it will not make or consent to any change or modification of the aforesaid Leases which would reduce the rates, rentals, fees or charges of the Lessees thereunder, extend the time for payment of rentals provided therein, nor permit any change in operation or occupancy which would reduce the required payments under said Lease or Leases to the Commission, except as herein provided.

SECTION 10.9. The Commission further covenants and agrees that any provisions in this resolution to the contrary notwithstanding, it will take no action which would result in making the interest payable on any of the bonds hereby authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(d) of the Internal Revenue Code of 1954, as amended.

ARTICLE 11.

INSURANCE AND RECORDS.

SECTION 11.1. The Commission covenants that:

It will insure and at all times keep said Buildings and Facilities insured under a Special Multi-Peril Insurance Policy or policies with a responsible insurance company or companies, qualified to assume the risk thereof, against physical loss or damage, including fire and extended coverage, against vandalism, malicious mischief, and against other risks as may be deemed necessary or advisable by the Board, with such exceptions as are ordinarily required by insurers of structures or buildings of similar type, in an amount equal to the full replacement value thereof, as certified by the Architect-Engineers in writing filed with the Commission and with the Trustee; and that as contracts are awarded by the Commission for the doing of the work involved in the said construction and equipping of said Buildings and Facilities said Special Multi-Peril Policy will be endorsed to cover the value of said work and to have the insurer waive subrogation against all contractors, sub-contractors and material suppliers doing said work or furnishing supplies; and provided further, that if at any time the Commission shall be unable to obtain such insurance to the extent above required, either as to amount of such insurance or as to the risks covered thereby, it will not constitute an event of default under the provisions of this Resolution if the Commission shall maintain such insurance to the extent reasonably obtainable. The Commission will not

carry insurance of any kind on furniture or furnishings or on any fixtures, equipment, improvements, or appurtenances owned by The County of Cook, the City of Chicago or the Chicago Park District or leased by The County of Cook, City of Chicago or Chicago Park District from other than the Commission and located in said Buildings or Facilities; and the Commission shall not be obligated to repair any damage thereto resulting from fire or other casualty or to replace the same if destroyed by fire or other casualty.

All such policies shall be for the benefit of the Commission, shall be made payable to the Commission, and shall be received by the Treasurer and by him forthwith deposited with the Trustee. The Commission shall have the sole right to receive the proceeds of such insurance and to receipt for and settle claims thereunder and shall deposit the same with the Trustee. The proceeds of any and all such insurance shall be held by the Trustee as security for the Bonds issued hereunder until paid out as hereinafter provided.

The Commission covenants that, immediately after any substantial damage to or destruction of any part of said Buildings and Facilities, it will cause the Architect-Engineers to prepare plans and specifications for repairing, replacing or reconstructing the damaged or destroyed property (either in accordance with the original or a different design) and an estimate of the cost thereof, and to file copies of such estimate with the Trustee.

The proceeds of all insurance referred to in this Section 11.1 received by the Trustee during the construction and equipping of said Buildings and Facilities shall be held by the Trustee, credited to the Construction Account, and shall be available for and disbursed by the Trustee in the manner and on the showings provided in Section 7.4 for payments from the Construction Account. The proceeds of all insurance referred to in this Section 11.1 received by the Trustee after the construction and equipping of said Buildings and Facilities has been fully completed, shall be credited by the Trustee to a special account which is hereby created and designated "Public Building Commission of Chicago, Buildings and Facilities (Series "A" of 1971) Insurance Account" (hereinafter referred to as the "Insurance Account"), and said proceeds shall be available for, and shall to the extent necessary be applied to, the repair, replacement, or reconstruction of the damaged or destroyed property, and shall be disbursed by check of the Trustee in the manner and upon the showings so far as reasonably applicable, provided in Section 7.4 for payments from the Construction Account. The Trustee shall not be liable for disbursement so made. If such proceeds are more than sufficient for such purpose, the balance remaining shall be by order of the Board deposited by the Trustee to the credit of the Surplus Account. If such proceeds shall be insufficient for such purpose, then the deficiency shall be supplied by the Commission from any moneys available for that purpose in the Surplus Account.

The Commission covenants that, in the case of any substantial damage to or destruction of any part of said Buildings or Facilities, it will cause said Buildings or Facilities to be renewed, replaced or reconstructed to the extent possible from the proceeds of insurance and other moneys available for such purpose, and that it will forthwith commence and diligently proceed with such renewal, replacement or reconstruction of the damaged or destroyed property according to plans and specifications prepared or approved by the Architect-Engineers.

The proceeds of any such insurance not applied within eighteen months after their receipt by the Commission to renewing, replacing or reconstructing the damaged or destroyed property (unless it has been prevented from so doing because of conditions beyond its control) shall be credited by the Trustee upon order of the Commission to the Sinking Fund Account.

SECTION 11.2. The Commission covenants that it will at all times carry or cause to be carried with a responsible insurance company or companies qualified to assume the risk thereof:

(a) Such workmen's compensation or employers' liability insurance covering its employees as may be deemed necessary or advisable under law.

(b) Public and other liability insurance of such character and amount as shall be adequate, in the judgment of the Commission, to insure the Commission against risks to which it may reasonably be or become subject to in the work of constructing and equipping said Buildings and Facilities, and in leasing the same, but the Commission shall not be required to maintain any such insurance to the extent such insurance is carried for its benefit by any lessee, licensee or other person operating any of said Buildings or Facilities or by contractors. The proceeds of any such insurance not applied directly in settlement of such liability shall be promptly deposited with the Trustee and by it credited to the Administrative Expense Account in case of risks to which the Commission is subject in operation, and credited to the Con-

struction Account in case of risks to which it is subject in the construction and equipping of said Buildings and Facilities.

(c) All officers and employees of the Commission authorized to receive or retain the custody of money or to sign vouchers, checks, warrants, or evidences of indebtedness on behalf of the Commission, shall be bonded for the faithful performance of their duties and the faithful accounting of all moneys and other property that may come into their hands, in an amount to be fixed and in a form to be approved by the Commission.

The Commission covenants that it will, if obtainable in the judgment of the Commission at a reasonable cost, carry war risk insurance covering direct physical loss or damage and loss of Revenues of such portions of said Buildings or Facilities and in amounts as may be appropriate. The proceeds of any insurance shall be applied in the same manner as the proceeds of insurance under Section 11.1.

SECTION 11.3. Within ninety days after the delivery of said Bonds and within the first three months of each subsequent fiscal year the Commission shall file with the Trustee a schedule of all insurance policies referred to in Sections 11.1 and 11.2 which are then in effect, stating with respect to each policy the name of the insurer, the amount, number and expiration date, and the hazards and risks covered thereby. Copies of such schedule shall be mailed to the Lessees. All such insurance policies shall be open to the inspection of the Trustee, the Bondholders and their agents and representatives.

Any appraisement or adjustment of any loss or damage under any policy payable to the Commission and any settlement or payment of indemnity under any policy in which the Commission is interested, which may be agreed upon between the Commission and any insurer shall be evidenced to the Trustee by a certificate, signed by the Chairman and Secretary, which certificate may be relied upon by the Trustee as conclusive. The Trustee shall not in any way be liable or responsible for any breach by the Commission of insurance requirements of this Resolution or for the collection and applications of insurance moneys in case of any loss or damage or liability and the Trustee need make no inquiry with respect to the performance of such requirements or such collections and applications.

SECTION 11.4. The Commission covenants that it will keep accurate records, broken down by project, of: the total cost of acquiring, constructing and equipping said Buildings and Facilities; the Revenues collected and of the application of such Revenues; and that it will maintain the following records which shall be open at all reasonable times at the office of the Treasurer to the inspection of the Trustee, Comptroller of The County of Cook, Comptroller of the City of Chicago and the Treasurer of the Park District, the purchasers of the bonds, and their agents and representatives:

(a) An income and expense account.

(b) Record of all deposits to the credit of and withdrawals from each account created under the provisions of this Resolution.

(c) The details of all Bonds issued, paid, purchased or redeemed.

(d) A balance sheet as of the end of each such year.

(e) Record of revisions (if any) in rentals and other charges.

The Commission further covenants that not later than one hundred and twenty days after the close of each fiscal year it will cause an audit to be made of its books and accounts relating to said Buildings and Facilities, including a detailed report and financial statement of its operations and of its assets and liabilities, by the Independent Accountant. Promptly thereafter copies of each such audit report shall be filed with the Trustee, and also with the Secretary. Copies of such audit report shall also be mailed to The County of Cook, the City of Chicago and the Park District and all Bondholders who shall have filed their names and addresses with the Commission for such purpose. Each such audit report shall set forth the findings of the Independent Public Accountant whether the moneys received by the Commission under the provisions of this Resolution have been applied in accordance with the provisions of this Resolution, and whether any payments or liabilities for administrative expense in the preceding fiscal year were in excess of the annual budget for such fiscal year.

Such audit report shall be open at all reasonable times to the inspection of the Bondholders and their agents and representatives.

The Commission further covenants that it will cause any additional reports or audits relating to said Buildings and Facilities to be made as required by law and that, as often as may be requested, it will furnish to the Trustee, and the holder of any Bond issued hereunder, such other information concerning said Buildings and Facilities or the operation thereof as any of them may reasonably request. The cost of

such reports and audits shall be treated as a general administrative expense of the Commission.

ARTICLE 12.

Additional Bonds.

Section 12.1. To the extent necessary to pay the cost of constructing and equipping the Buildings and Facilities, funds shall be advanced and disbursed from the Construction Account as provided in and by this Resolution, to the end that the work provided for and authorized by Section 2.2 of this Resolution shall be completed according to said plans and specifications therefor, provided, that if sufficient funds are not available in any project sub-account of the Construction Account to complete the work for said project being a part of said Buildings and Facilities provided for in said Section 2.2 for which Bonds have been issued under the limitations prescribed by this Resolution, additional bonds to the extent necessary to provide additional funds for completing payment of the cost of such work and the equipping of the Buildings and Facilities may be issued under and secured by this Resolution at any time or from time to time ranking on a parity with the Bonds then outstanding and issued under this Resolution. Under no circumstances may any prior lien bonds be issued. Such additional Bonds shall be designated "Public Building Commission of Chicago, Building Revenue Bonds Series "A" of 1971" with such appropriate particular designation added to said title as the Commission may determine, and shall be dated and bear such interest rate or rates (not in excess of maximum rate provided by law) payable on January 1 and July 1 of each year as may be determined by the Commission, and shall mature serially on January 1. Such additional Bonds shall be authorized by supplemental resolution or resolutions to be adopted by the Commission, and shall direct their issue, execution, authentication and delivery to a purchaser, and such additional Bonds shall be in the form as provided for in this Resolution, but before such Bonds shall be issued or authenticated there shall be filed with the Trustee the following:

(a) A certificate signed by an Independent Public Accountant setting forth the amounts set aside from the Construction Account that were required to to be set aside for purposes other than acquiring, constructing and equipping under Section 7.3, the amounts expended, by Project, for acquiring, constructing and equipping said Buildings and Facilities described in Section 2.2 to date of such certificate, and the amount of money in the Construction Account, by Project, then available for such construction and equipping of said Buildings and Facilities.

(b) A certificate signed by the Architect-Engineers stating that additional funds are necessary to complete the construction and equipping of the buildings and facilities (identifying the particular project or projects), and that the balance of the funds to the credit of the particular project subaccount in the Construction Account are insufficient to pay the cost of completion of said project, and setting forth the amount of additional funds that will be required and that said additional funds will be sufficient to pay the balance of the cost of completion of such work.

(c) A certificate signed by Counsel for the Commission that a Supplemental Lease or Supplemental Leases have been executed between The County of Cook, the City of Chicago or the Park District, as the case may be, and the Commission providing for additional annual payments, for use and occupancy of the Buildings and Facilities involved, which will be sufficient to amortize the additional Bonds that are to be issued.

Section 12.2. The Commission further covenants that except for the issuance of additional Bonds to complete such work and the equipping of said Buildings and Facilities as provided for in Section 12.1, no additional Bonds to share ratably and equally in the income and revenue of said Buildings and Facilities may be issued.

ARTICLE 13.

Concerning the Trustee, Paying Agent and Bond Registrar, Appointment.

Section 13.1. Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, is hereby appointed as Trustee. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by this Resolution as Trustee and Bond Registrar, by executing a Certificate of Authentication endorsed upon the Bonds, and by executing such certificate upon any Bond the Trustee shall have been deemed to have accepted such duties and obligations not only with respect to the Bonds so authenticated, but with respect to all Bonds authorized to be issued by this Resolution, but only, however, upon the

terms and conditions set forth in this Resolution. The Trustee shall also signify its acceptance of the duties and obligations imposed upon it as Trustee and Bond Registrar by this Resolution by executing and delivering to the Commission a written acceptance thereof.

Any right or immunity conferred upon, and any reference in this Resolution to, the Trustee shall be deemed to be a right or immunity conferred upon or a reference to the Trustee in its capacity as Trustee, Bond Registrar and Paying Agent unless the context clearly makes such reference inapplicable to the Trustee acting in one or more of such capacities.

SECTION 13.2 Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, and Chemical Bank in the City of New York, New York, are hereby designated and appointed as Paying Agents.

SECTION 13.3. The recitals, statements, covenants and representations contained in this Resolution or in the Bonds or coupons (exclusive of the Trustee's certificate on the Bonds) shall be taken as the recitals, statements, covenants and representations of the Commission and the Trustee assumes no responsibility and shall not be liable for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Resolution or of any supplemental resolution directing the issue of any Bonds hereunder, or of any Bonds issued thereunder or as to the application of proceeds of the Bonds or of the Revenues or other funds of the Commission or of the moneys paid by the Trustee to or for the account of the Commission, or in respect of the lien or security or availability of remedies afforded by this Resolution, and shall not incur any responsibility in respect thereof or with respect to performance by the Commission of its covenants and agreements in this Resolution set forth. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value. The Trustee shall not be liable for any interest on moneys deposited with it pursuant to the provisions of this Resolution except interest actually collected by it from investments made pursuant to this Resolution.

In the absence of a written notice to the Trustee from the holders of not less than ten per cent (10%) in principal amount of all Bonds then outstanding, which states that they have information or other reasons which lead them to suspect the existence of a default and which states such information or other reasons, the Trustee shall be under no duty to make any investigation or inquiry regarding defaults by either the Commission or the Treasurer or any other employee of the Commission in any of the matters or things to be done or performed by any thereof, and, further, the Trustee may conclusively assume that there has been no default by either the Commission or the Treasurer or any other employee of the Commission in any of the matters or things to be done or performed by any of them (except for default in payment of moneys to the Trustee which the Commission or the Treasurer is required to pay or transmit to the Trustee on or before a specified date or the failure to file audits or reports of insurance policies required to be filed with the Trustee) unless and until the Trustee is notified in writing of a default by the holders of not less than ten per cent (10%) in principal amount of all Bonds then outstanding, specifying the default.

The Trustee shall be under no obligation or duty to make any investigation or inquiry regarding defaults, or to commence any action or suit or to perform any remedial act which would involve it in any expense or liability, or to institute or defend any suit in respect hereof, or to advance any of its own moneys, unless in each case indemnified to its reasonable satisfaction.

The Trustee shall not be liable in connection with the performance of its duties hereunder, except for its own negligence.

SECTION 13.4. The Trustee shall, without making any investigation or inquiry, be protected (a) in relying and acting upon, and in assuming the correctness and truth of, any statement contained in any notice, ordinance, resolution, request, consent, order, certificate, estimate, report, opinion, bond, budget or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties, either in his, her or their own behalf or believed to be duly authorized and empowered to do so in a fiduciary or representative capacity and (b) in assuming that any amounts paid to it by the Commission or Treasurer are the amounts required to be paid to the Trustee pursuant to the provisions of this Resolution and that the amounts and kinds of insurance required to be taken out by the Commission pursuant to the provisions of this Resolution have been taken out and are in force. The Trustee may consult with counsel, who may be counsel to the Commission, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance with such opinion of counsel.

Whenever the Trustee shall deem it necessary or desirable that a matter with respect to the Commission be proved or established prior to taking or suffering any action under this Resolution, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an authorized officer of the Commission and such certificate shall be full warrant for any action taken or suffered in good faith in accordance with the provisions of this Resolution upon the faith of such certificate.

Except as otherwise expressly provided in this Resolution, any request, consent, order, notice, certificate, estimate, report, opinion, budget or other paper or other document required or permitted to be furnished pursuant to any provision hereof by the Commission to the Trustee shall be sufficiently executed if executed in the name of the Commission by an authorized officer thereof.

SECTION 13.5. The Trustee may become the owner of any Bonds and coupons or act as bank or depositary (otherwise than under this Resolution) for or loan money to the Commission or any contractor or other person dealing with the Commission, or any owner of Bonds, or otherwise deal therewith in each case with the same rights it would have if it were not Trustee or acting in any other capacity hereunder. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the holders of a majority in principal amount of the Bonds then outstanding.

SECTION 13.6. The Commission shall pay to the Trustee from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges and other disbursements, including those of its attorneys and agents and experts retained by it, incurred in and about the performance of the Trustee's powers and duties under this Resolution and the Trustee shall have a lien therefor on any and all funds at any time held by it under this Resolution prior to the lien of the Bonds or coupons. The Commission further agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its own negligence or default.

All compensation, expenses, charges and other disbursements of the Trustee paid during the acquisition of sites and constructing and equipping the respective Buildings and Facilities as described in Section 2.2 hereof shall be paid from the Construction Account and thereafter all compensation, expenses, charges and other disbursement of the Trustee shall be paid from the Administrative Expense Account provided by Section 8.2 of this Resolution.

SECTION 13.7. The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty days' written notice to the Commission and publishing notice thereof specifying the date when such resignation shall take effect, once in each week for two successive calendar weeks in a daily newspaper published in the English language and of general circulation in the City of Chicago, Illinois, and such resignation shall take effect upon the date specified in such notice unless previously a successor shall have been appointed by the Commission.

SECTION 13.8. The Trustee may be removed at any time by an instrument or concurrent instruments in writing, upon sixty days' notice, filed with the Trustee and signed by the holders of a majority in principal amount of the Bonds then outstanding, or by their attorneys-in-fact duly authorized.

SECTION 13.9. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the Board or, if the Board does not act within thirty days, then by the holders of a majority in principal amount of the Bonds then outstanding, by an instrument in writing signed and acknowledged by the Board or by such Bondholders or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the predecessor Trustee. The Commission shall publish notice of any such appointment made by it once in each week for two consecutive calendar weeks, in one daily newspaper published in the English lan-

guage and of general circulation in the City of Chicago, Illinois, and in the City of New York, New York, the first publication to be made within twenty days after such appointment.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Article 13 within forty-five days after the Trustee shall have given to the Commission written notice as provided in this Article 13 or after a vacancy in the office of the Trustee shall have occurred by reason of removal or its inability to act, the Trustee or the holder of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Article 13 in succession to the Trustee shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association, doing business and having its principal office in the City of Chicago, Illinois, and having a capital and surplus aggregating at least $10,000,000, if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed on it by this Resolution.

SECTION 13.10. Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Commission, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties, and obligations of such predecessor Trustee, with like effect as if originally named as Trustee, and the predecessor Trustee shall promptly furnish an accounting to and permit the successor Trustee to secure from the records of the predecessor Trustee, such information as may be required by the successor Trustee to perform its duties and obligations as such successor, and shall deliver to the successor Trustee instruments then in its possession for the inspection of the holders of Bonds; but the Trustee ceasing to act shall nevertheless, on the written request of the Commission, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property held by it under this Resolution subject to the trusts and conditions herein set forth, including all records and books of registry.

SECTION 13.11. Any company into which any Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association and shall have an office for the transaction of its business in the City of Chicago and State of Illinois, and shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act.

SECTION 13.12. In case any of the Bonds contemplated to be issued under this Resolution shall have been authenticated but not delivered, any successor Trustee may adopt the Certificate of Authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated; and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is in said Bonds or in this Resolution provided that the certificate of the Trustee shall have.

SECTION 13.13. The Commission shall promptly notify the Trustee, in writing, of the names and signatures of those of its officers and employees who are authorized by law and this Resolution to sign, countersign or execute all orders, certificates and other documents required to be signed, countersigned or executed by this Resolution.

All orders, certificates and other documents required by this Resolution to be signed, countersigned, executed or attested by a designated officer or employee of the Commission shall be equally effective if signed, countersigned, executed or attested by any other officers or

employees of the Commission who may now or hereafter be authorized by law to sign, countersign, execute or attest to such orders, certificates and other instruments, upon submission to the Trustee of satisfactory evidence of such authority.

SECTION 13.14. Any moneys held by the Paying Agents which have not been disbursed in the payment of the principal of or interest on the Bonds within ten years from the final maturity of the Bonds issued under this Resolution shall be transferred to the Commission by the Paying Agents, and at the time of making such transfer the Paying Agents shall furnish the Commission with a schedule of the matured Bonds and the aggregate amount of the matured interest for each applicable interest maturity for the payment of which such moneys were being held. Upon making the transfer of such moneys, together with a schedule of unpaid or unredeemed Bonds or interest coupons, the Paying Agents shall be relieved of any further duty with respect to said matured Bonds or coupons; provided, however, the Paying Agents before paying over such moneys may require publication of notice in a newspaper published in the English language and of general circulation in the City of Chicago, Illinois, that on a date specified such moneys will be turned over to the Commission pursuant to the provisions of this Section and thereafter holders of outstanding Bonds and coupons shall look only to the Commission for payment.

ARTICLE 14.

EVENTS OF DEFAULT.

SECTION 14.1. The Commission shall be in default under this Resolution if one or more of the following events (herein called "events of default") shall happen, to-wit:

(a) Failure to make due and punctual payment of the principal of any Bond when and as the same shall become due and payable;

(b) Failure to make due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable, and such default shall have continued for a period of thirty days;

(c) Failure to make due and punctual payment or satisfaction of any required payments to the Sinking Fund Account within the fiscal year within which such payments shall become due and payable, and such failure shall have continued for a period of one hundred eighty days;

(d) The Commission shall unreasonably delay or fail to acquire fee title to the sites, or shall unreasonably delay or fail to carry on with reasonable dispatch or discontinue the construction and equipping of said Buildings and Facilities;

(e) The Commission shall for any reason be rendered incapable of fulfilling its obligations hereunder;

(f) Any substantial part of said Buildings or Facilities shall be destroyed or damaged to the extent of impairing its efficient operation and adversely affecting its gross revenues and shall not with reasonable promptness be repaired, replaced or reconstructed (whether the failure to so repair, replace or reconstruct the same be due to the impracticability of such repair, replacement or reconstruction or to lack of funds therefor or for any other reason);

(g) Judgment for the payment of money shall be rendered against the Commission as a result of its ownership of the building or facility and any such judgment shall not be discharged within ninety days from the entry thereof or an appeal shall not be taken therefrom or from the order, decree or process upon which or pursuant to which such judgment shall have been granted or entered, in such manner as to set aside or stay the execution of or levy under such judgment, order, decree or process or the enforcement thereof;

(h) Any proceeding shall be instituted, with the consent or acquiescence of the Commission, for the purpose of effecting a composition between the Commission and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any Federal or State statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable from the Revenues of the Buildings and Facilities; or

(i) The Commission shall fail in the due and punctual performance of any other of the covenants, conditions, agreements or provisions contained in the Bonds or in this Resolution on the part of the Commission to be performed, and such failure shall have continued for a period of ninety days after written notice specifying such failure and requiring same to be remedied shall have been given to the Commission by the

Trustee, which may (but need not) give such notice in its discretion, and shall give such notice at the request of the holders of not less than ten per cent (10%) in aggregate principal amount of the Bonds then outstanding.

SECTION 14.2. If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than twenty-five per cent (25%) in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the Commission and to the Trustee, to declare the principal of all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon such declaration the same shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding.

SECTION 14.3. From and after the date of notice in writing of a default as hereinabove provided in Section 14.2, all of the Revenues and all sums then held or thereafter received by the Treasurer hereunder, shall be applied by the Treasurer and, to the extent then held or thereafter received by the Trustee, shall be applied by the Trustee in the order following and, if payment is made upon Bonds, upon presentation of the several Bonds and coupons, and the stamping thereon of the payment if only partially paid, or upon the surrender thereof if fully paid:

First, to the payment of current obligations incurred by the Commission for Administrative Expense prior to said written notice of default, including all compensation claims and expenses of the Trustee in carrying out the provisions of this Section 14.3 and all other services performed under this Resolution including reasonable compensation to its agents, attorneys and counsel, and then to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel;

Second, in case the principal of the Bonds shall not have matured by their terms, or by declaration, to the payment of the interest in default in the order of the maturity of the installments of such interest, with interest on the overdue installments at the rate specified in the Bonds, such payments to be made ratably to the persons entitled thereto without preference or priority;

Third, in case the principal of the Bonds shall have matured by their terms, or by declaration, to the payment of the whole amount then owing and unpaid upon the Bonds for principal and interest, with interest on the overdue principal at the rate of interest specified in such Bonds and on installments of interest at the rate specified in the Bonds on which said interest is overdue, and in case such moneys shall be insufficient to pay in full the whole amount so owing and unpaid then to the payments so far as may be of such principal and interest without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

SECTION 14.4. Subject to any contractual limitations binding upon the holders of any of the Bonds (including the provisions of Section 14.1, 14.2 and 14.5 hereof and any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the Commission or by any of its officers, agents and employees of any contract or covenant made by the Commission with the holders of Bonds and coupons as provided in this Resolution, and to compel the Commission and any of its officers, agents, and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this Resolution and the Act, and to enjoin the Commission and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution and the Act;

(b) By action or suit in equity to require the Commission to account as if it were the trustee of an express trust; or

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon the Trustee or any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subse-

quent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of the Trustee or the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every right and every remedy conferred upon the Trustee or the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the Trustee or the holders of Bonds, then, and in every such case, the Commission, the Trustee and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

SECTION 14.5. The Trustee appointed hereunder may, but need not, act as a trustee to represent the Bondholders in the matter of exercising and prosecuting on their behalf such rights and remedies as may be available to such holders under the provisions of the Bonds and this Resolution as well as under the Act or other provisions of applicable law (and the successive respective holders of the Bonds and interest coupons, by taking and holding the same, shall be conclusively deemed to have so appointed the Trustee). Upon the event of any default or other occasion giving rise to a right in such trustee so to represent the Bondholders, such trustee may, but need not, take such action on behalf of the Bondholders as may seem appropriate to it and, upon the request in writing of the holders of not less than twenty-five per cent (25%) in principal amount of all the Bonds then outstanding, which request shall specify such default or occasion and the action to be taken by the trustee, and upon being furnished with indemnity satisfactory to it, such trustee shall take such action on behalf of the Bondholders as may have been so requested.

Except as in Section 14.4 provided, no holder of any Bond or of any interest coupon pertaining to any Coupon Bond shall have any right by virtue or by availing of any provision of this Resolution or the Act or other provisions of applicable law to institute any suit, action or proceeding, at law or in equity, for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the Revenues and other funds pledged or held hereunder, unless such holder shall previously have given to the Trustee written notice of an existing default, and unless, also, there shall have been tendered to the Trustee security and indemnity satisfactory to it against all costs, expenses and liabilities which might be incurred in or by reason of such action, suit or proceeding, and unless, also, the holders of not less than twenty-five per cent (25%) in aggregate principal amount of all the Bonds then outstanding shall have requested the Trustee in writing to take action with respect to such default and the Trustee shall have declined (and the Trustee may decline) to take such action or failed so to do within thirty days thereafter; it being intended that no one or more holders of Bonds or interest coupons shall have any right in any manner to institute or prosecute any action, suit or proceeding for the appointment of a trustee in bankruptcy, receiver, liquidator or custodian of the Revenues and other funds pledged or held hereunder, except in the manner herein provided, and for equal, proportionate benefit of all holders of outstanding Bonds and interest coupons; provided that nothing contained in this Resolution or in the Bonds shall affect or impair the obligation to pay the principal of and the interest on the Bonds as in this Resolution provided, or shall affect or impair the right of action, which is absolute and unconditional, of the holders of the Bonds otherwise to enforce payment thereof by virtue of the contract embodied in the Bonds and in this Resolution and the Act and other applicable statutes and provisions of law, or to enforce any of the covenants or provisions in the Bonds, this Resolution, the Act, or other applicable statutes or provisions of law, except as hereinabove provided with respect to suits, actions or proceedings for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the Revenues and other funds pledged or held hereunder.

SECTION 14.6. The Trustee is hereby appointed (and the successive respective holders of the Bonds and interest coupons issued hereunder, by taking and holding the same, shall be conclusively deemed to have so appointed it) the true and lawful attorney-in-fact of the respective holders of the Bonds and interest coupons, with authority, which it may but need not exercise, to make or file, irrespective of whether the Bonds or any of them are in default as to payment of principal or interest, in the respective names of the holders of the Bonds or interest coupons, or in behalf of all holders of the Bonds, or of interest coupons pertaining to the Bonds, as a class or classes, any proof of debt, amendment of proof of debt, petition or other

ARTICLE 15.

Modification and Amendment.

Section 15.1. This Resolution and the rights and obligations of the Commission and of the holders of the Bonds may be modified or amended at any time by resolution supplemental hereto adopted by the Board pursuant to an affirmative vote at a meeting of the Bondholders held in accordance with this Section, or with the written consent, without a meeting, of the holders of sixty-six and two thirds per cent (66⅔%) of the principal amount of all of the Bonds then outstanding; provided that no such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the Commission to pay the principal or interest at the time and place and at the rate and in the currency provided therein of any Bond, without the express consent of the holder of such Bond, nor permit the creation by the Commission of any mortgage or pledge or lien upon the Buildings or Facilities, or upon the Revenues held or pledged hereunder, other than the lien and pledge created by this Resolution, nor permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds, nor reduce the percentage of Bonds required for the affirmative vote or written consent to an amendment of modification, nor, without the written assent of the Trustee thereto, modify any of the rights, immunities or obligations of the Trustee at any time acting hereunder.

Section 15.2. The Commission may at any time call a meeting of the holders of the Bonds. Every such meeting shall be held in the City of Chicago, State of Illinois, at such time and place as may be specified in the notice calling such meeting. Written notice of such meeting, stating its time and place and in general terms the business to be submitted, shall be given by the Secretary of the Commission to the Trustee who shall mail a copy of such notice, postage prepaid, not less than thirty nor more than sixty days before such meeting, (a) to each registered owner of Bonds then outstanding, at his address, if any, appearing on the books of registration, and (b) to each holder of any Bond payable to bearer who shall have filed with the Trustee as Bond Registrar an address for notices, and such notice shall be published by the Secretary at least once a week for two successive calendar weeks in a daily newspaper having a general circulation in the City of Chicago, Illinois, and in New York City, New York, the first publication to be not less than thirty nor more than sixty days prior to the meeting; provided, however, that the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at such meeting.

Section 15.3. Attendance and voting by Bondholders at such meeting may be in person or by proxy. Owners of Registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

Section 15.4. The Commission may with the consent of the Trustee make and from time to time vary such rules and regulations as it shall deem proper for the authentication of proxy voters, including rules and regulations covering authentication of Bondholders' consents by fiduciaries and other representatives, and shall keep copies of such rules and regulations on file in the office of the Trustee and of the Secretary. Representatives of the Commission and the Trustee

may attend such meetings and take part therein, but shall not be entitled to vote thereat.

SECTION 15.5. Persons named by the Commission shall act as temporary chairman and secretary of any Bondholders' meeting. A permanent chairman and secretary shall be selected by the Bondholders and proxies present by a majority vote of the aggregate principal amount of Bonds represented. The permanent chairman of the meeting shall appoint two inspectors of votes who shall count all votes cast at the meeting, except votes on the election of chairman and secretary as aforesaid, and who shall make and file with the secretary of the meeting their verified written report of the votes so cast at the meeting. The ballots, if any, cast at the meeting shall not be attached to such election report but shall be filed separately with the Commission.

SECTION 15.6. The holders of not less than sixty-six and two-thirds per cent (66⅔%) in principal amount of all Bonds outstanding shall constitute a quorum for the transaction of business. Less than a quorum, however, shall have power to adjourn from time to time without any other notice than the announcement thereof at the meeting; provided, however, that if such meeting is adjourned by less than a quorum for more than thirty days, notice thereof shall forthwith be mailed by the Secretary at least seven days prior to the adjourned date of the meeting, in the manner provided in Section 15.2 and such notice shall be published by the Secretary in the manner provided in said Section 15.2 at least once in each thirty-day period of such adjournment. The failure to mail such notice as aforesaid shall in no case affect the validity of any action taken at any meeting held pursuant to such adjournment.

SECTION 15.7. A record, in duplicate, of the proceedings of each meeting of Bondholders shall be prepared by the permanent secretary thereof and shall have attached thereto the original reports of the inspectors of votes and affidavits by a person or persons having knowledge of the facts, showing a copy of the notice of the meeting and setting forth the facts with respect to the mailing and publication thereof under the provisions of Section 15.2 and, in a proper case, under the provisions of Section 15.6. Such a record shall be signed and verified by the affidavits of the permanent chairman and the permanent secretary and shall be delivered to the Trustee and the Secretary. Any records so signed and verified shall be conclusive proof of the matters therein stated. Copies of any resolution adopted by such meeting shall be furnished to and mailed by the Trustee, to each registered owner of Bonds and to the holders of any bearer Bonds who shall have filed with the Trustee an address for notices (but failure so to mail copies of such resolution shall not affect the validity of such resolution) and notice of the fact of the adoption of such resolution (stating that a copy thereof is available for inspection at the office of the Trustee) shall be published by the Secretary at least once a week for two successive calendar weeks in a daily newspaper published in the English language and having a general circulation in Chicago, Illinois, and also by like publication in a newspaper published in New York City, New York, the first publication in each case to be made not more than ten days after the date of the adoption of such resolution. Proof of such mailing and publication by the affidavit or affidavits of a person or persons having knowledge of the facts shall be filed with the Trustee and the Secretary. No such resolution adopted by such meeting shall be binding unless a valid resolution of the Commission be passed containing the modifications or amendments authorized by the resolution adopted by such meeting. A copy of said resolution of the Commission, certified by its Secretary, shall be filed with the Trustee. If such resolution of the Commission is adopted, then it shall be deemed conclusively to be binding upon the Commission, and the holders of all Bonds and coupons (except as otherwise hereinabove specifically provided in this Section) at the expiration of sixty days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside the resolution adopted by such meeting of Bondholders or annulling the action taken thereby in a legal action or equitable proceeding for such purpose commenced within such sixty-day period. Nothing in this Section shall be deemed to authorize or permit, by reason of any call of a meeting of Bondholders or of any right expressly impliedly conferred hereunder to make such call, any hindrance or delay in the exercise of any right or rights conferred upon or reserved to the Trustee, or to the Bondholders, under any of the provisions of this Resolution or of any resolution amendatory hereof or supplemental hereto or of the Bonds issued hereunder.

SECTION 15.8. The Commission may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution amendatory hereof or supplemental hereto to

the extent that such an amendment is permitted by the provisions of Section 15.1, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the Commission to Bondholders for their consent thereto, shall be mailed by the Trustee to each registered owner of Bonds and to the holders of any Bonds who shall have filed with the Trustee and address for such notices, and notice of the adoption thereof shall be published in the manner provided in Section 15.2 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of this resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the Trustee the written consents of the percentage of holders of outstanding Bonds specified in Section 15.1, and a notice shall have been published as hereinafter in this Section provided. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 15.4. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof) unless such consent is revoked in writing by the holder giving such consent or a subsequent holder by filing such revocation with the Trustee prior to the first date when the notice hereinafter in this Section provided for has been published. After the holders of the required percentage of Bonds shall have filed their consents to the resolution, the Trustee shall mail and the Secretary shall publish a notice to the Bondholders in the manner provided in Section 15.2 for the mailing of notice of the resolution adopted at a meeting of Bondholders and publication of a notice of adoption thereof referred to in said Section (but failure to mail copies of said notice shall not affect the validity of the ordinance or consents thereto) stating in substance that the resolution has been consented to by the holders of the required percentage of Bonds and will be effective as provided in this Section. A certificate of the Trustee reciting compliance with the provisions hereof shall be filed with the Commission and shall be conclusive proof of the matters therein stated and the resolution shall be deemed conclusively binding upon the Commission, the Trustee and the holders of all Bonds and coupons at the expiration of sixty days after the filing with the Commission of the certificate as aforesaid, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period.

SECTION 15.9. Bonds authenticated and delivered after the effective date of any action taken as provided in this Article 15 may bear a notation, by endorsement or otherwise, in form approved by the Commission and the Trustee as to such action, and in that case, upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Trustee, a suitable notation shall be made on such Bond by the Trustee as to any such action. If the Commission shall so determine, new Bonds so modified as to conform to such Bondholders' action shall be prepared and authenticated, and upon demand of the holder of any Bond then outstanding shall be exchanged at the principal office of the Trustee in the City of Chicago, Illinois, without cost to any Bondholder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons appertaining thereto.

SECTION 15.10. Bonds owned or held by or for the account of the Commission shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

Section 17.1. After this Resolution becomes effective, the Bonds herein authorized shall be sold by the Board in such manner as it may thereafter determine and the award of the sale of said Bonds shall be made to the acceptable bidder on the basis of the lowest interest cost to the Commission; provided, however, that the price for such Bonds shall be not less than par and accrued interest to date of delivery. The execution and delivery of said Bonds shall be subject to the prior execution of the Leases by and between the Public Building Commission of Chicago and The County of Cook, the City of Chicago, and the Chicago Park District for use and occupancy of said Buildings and Facilities and providing for annual rental payments sufficient to pay the Commission's charge which is to be applied toward its General Administrative Expenses; the annual requirements of the Renewal, Replacement and Improvement Account in connection with said Buildings and Facilities, and to amortize and pay the principal of and interest on the Bonds herein authorized as the same become due.

If the acceptable bidder offers to purchase said Bonds bearing interest at a lower rate or rates than the maximum herein provided, then the Board shall adopt a resolution fixing the interest rate or rates on such Bonds in accordance with the terms of the acceptable offer to purchase the same and directing the officers of the Commission to execute and deliver said Bonds to such purchaser bearing interest at such lower rate or rates so specified by the acceptable bidder.

The Mayor stated that Alderman Metcalfe had been an outstanding alderman, who also had been an outstanding athlete and one who had served his country well. The Mayor also spoke of the interest Alderman Metcalfe had taken in young people, encouraging them in sporting activities and assisting them in furthering their education. He also wished him well in his new career as a Congressman, stating that he would make a fine one due to his first-hand knowledge of the problems facing all communities. He concluded by extending the privilege of the Chair to Alderman Metcalfe.

Alderman Metcalfe now in the Chair.

Alderman Metcalfe in addressing the Council thanked his colleagues for the many kindnesses and services they had rendered on his behalf. He said that he regarded the occasion with mixed emotions, because after serving for sixteen years in the Council, it was not without sadness that he was retiring. He also extended his heartfelt thanks to all the "ladies in City Hall", mentioning several by name, saying that all had been most helpful and kind. Alderman Metcalfe said that he had been proud to serve as an alderman, proud to have served as the Chairman of the Committee on Buildings and Zoning, and proudest of the fact that he had been chosen unanimously to serve as President Pro Tem. of the Council. Be It Further Resolved, That a suitable copy of this Resolution be presented to the family of Alderman Kenneth E. Campbell.

Alderman Holman moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Holman (seconded by Aldermen Metcalfe, Frost and Keane) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Holman in his remarks stated that the late Alderman's life could be placed in three categories, the first as a successful business man, secondly as an outstanding public relations man, and lastly his life as a public servant. He told that while Colonel Campbell was in service, he had been selected by the late President Eisenhower as his public relations officer, a post he held with distinction and pride. He also noted that Alderman Campbell had always held his head high, convinced that his party offered the best possible service not only to his people but all of Chicago. Alderman Holman concluded by saying that Chicago was a better place for having known the late Alderman Campbell.

Alderman Metcalfe stated that he met Colonel Campbell while he too had been in uniform and had always looked to him for guidance and help. He cited the late Alderman for his qualities as a fighter, a man of great taste and dedication, and one who had been chosen as one of the "best dressed men" award. He concluded by extending his sympathy to the family.

Alderman Frost rose to pay his respects to a great man, one who had been a real gentleman. He too extended his condolences to the bereaved family.

Alderman Keane in his remarks stated that Alderman Campbell had left a mark which all could follow, and praised him as being a fine father, a fine husband and an outstanding public servant.

Honorable Richard J. Daley, Mayor, then addressed the Council, stating that when the history of Chicago was written, Alderman Campbell's record would indicate that he had been a fine alderman, soldier and citizen. He characterized Alderman Campbell as being a dedicated and devoted leader of his people. He said that he would miss him very much and the great loyalty he had always displayed. He also thanked the late alderman for all the help he had rendered to him as Mayor. He too expressed his sympathy to Alderman Campbell's wife and family.

GENTLEMEN—I have appointed Mr. Samuel W. Sax as a member of the Public Building Commission of Chicago to fill the unexpired term of Gilbert H. Scribner, Jr., resigned. The term ends September 30, 1971.

Referred—MAYOR'S COMMUNICATIONS URGING COMMITTEE ON ENVIRONMENTAL CONTROL TO SCHEDULE PUBLIC HEARINGS, STAFF STUDIES, ETC. REGARDING CONTROL OF ASBESTOS EMISSIONS AND NOISE POLLUTION.

Honorable Richard J. Daley, Mayor, submitted the following communications, which were *Referred to the Committee on Environmental Control:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

January 26, 1971.

To the Honorable, The Members of the City Council of the City of Chicago:

GENTLEMEN—After conferences with the Commissioners of Environmental Control, Buildings, Health, Public Works, and Development and Planning, and the Chairman of your Committee on Environmental Control, I am impressed with the need for a thorough staff study, public review and legislative fact-finding of the health problems resulting from airborne asbestos particulate matter. There are indications that harmful asbestos particles are generated when buildings are under construction or in the process of demolition. An exploration of the possible controls over the application of asbestos or substitute materials is needed.

The subject of asbestos control is one which compels our early and comprehensive action. However, any action taken must be based upon the broadest possible review of the technical information, opinion and advice available.

For that reason, I respectfully request that your Committee on Environmental Control set a schedule for public hearings, to elicit the wide range of factual and technical data on the subject, to stimulate public discussion and awareness of the problem and to explore the alternate legislative courses available to the city.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

OFFICE OF THE MAYOR
CITY OF CHICAGO

January 26, 1971.

To the Honorable, The Members of the City Council of the City of Chicago:

GENTLEMEN—In 1957, the City of Chicago, acting upon recommendations of experts at Illinois Institute of Technology, passed a most modern noise pollution control ordinance. Since then, urbanization and new industrial techniques have increased the volume and kinds of objectional noises.

After conferences with the Commissioners of Environmental Control, Buildings, Development and Planning, Health, Public Works, Streets and Sanitation, and the Chairman of your Committee on Environmental Control, I am impressed with the need for a thorough staff study, public review and legislative fact-finding of the problems incurred by noise pollution and for an exploration of the possibility of controls over sources of unwanted noise within the city.

The subject of noise pollution control is one which compels our early and comprehensive action. However, any action taken must be based upon the broadest possible review of the technical information, opinion and advice available.

For that reason, I respectfully request that your Committee on Environmental Control set a schedule for public hearings to elicit a wide range of factual and technical data on the subject to stimulate public discussion and awareness of the problem and to explore legislative courses available in the city.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

The Urban Beautification and Improvement Program as authorized by provisions of the Housing and Urban Development Act of 1965 which amended Title VII of the Housing Act of 1961, provides assistance for beautification activities undertaken as part of an officially adopted beautification plan.

Your favorable review and action on this document and the attached resolution are recommended so that we may maintain the city's eligibility for federal assistance for beautification activities, and continue our coordinated program for the improvement and beautification of every neighborhood.

WHEREAS, There now exists at both the Federal and State level across the country numerous variations of conflict of interest regulations, financial disclosure laws and ethics codes representing the widest possible range of ideas to attain this end; and

WHEREAS, This City Council in recognition of both the timeliness and desirability of this kind of legislation as applied to elected City officials, and others, seeks to review standards imposed elsewhere, solicit comments and suggestions locally, and hopes to innovate and create an ordinance which serves the public and the office holder alike—meeting the need for public disclosure without demeaning the individual, balancing the public right to know against the individual right to privacy, and encouraging public confidence without stifling or discouraging vocations for public service; now, therefore

Be It Resolved, That the Finance Committee of the City Council, assemble data, initiate studies, conduct hearings and make recommendations to the Council of an ordinance or ordinances deemed necessary and desirable and in the public interests on the subject of conflict of interest and financial disclosure for elected City officials and others.

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Gayle F. Haglund, Marsile J. Hughes, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

Somerset House, Inc., Plaintiff-Appellee vs. Board of Appeals of City of Chicago, Defendants-Appellants. Appellate Court No. 54847. In the instant case the Circuit Court held that plaintiff had proved its case and was entitled to a special use of its hotel premises as a licensed sheltered care home, that there was a need for such a sheltered care home and that the planned location would not cause substantial injury to other property in its vicinity. Judgement of Circuit Court affirmed.

Roosevelt Memorial Hospital, Exchange National Bank of Chicago and National Bank of Chicago, Plaintiffs-Appellees vs. Harry F. Chaddick, et al, constituting Board of Appeals of City of Chicago and John P. Maloney, Zoning Administrator and City of Chicago, Defendants-Appellants. Appellate Court No. 53542. The Circuit Court in this cause had reversed the decision of the Zoning Board of Appeals which under the provisions of the Chicago Zoning Ordinance ruled that the plaintiff was entitled to a variation and special use in connection with the extension of its hospital. The Appellate Court found that the plaintiff had not produced the requisite proof before the Zoning Board of Appeals to entitle it to the prayed for relief. Judgment of Circuit Court reversed and orders of Board of Appeals affirmed.

North State, Astor, Lake Shore Drive Association, etc., et al., Plaintiffs-Appellants, vs. City of Chicago, Defendant-Appellee and Chicago Title and Trust Co., Trustee, Intervenor-Appellee. Illinois Appellate Court No. 53858. The Illinois Appellate Court reversed the decision of the Circuit Court of Cook County in the above cause which held as valid an ordinance of the City of Chicago rezoning certain property from an R-7 to an R-8 classification. The Appellate Court ruled the particular zoning ordinance was invalid because no public hearing had been held prior to the adoption of the ordinance. Reversed and remanded with directions.

Bell Realty and Insurance Agency, Juozas Bacevicius, Plaintiff-Appellant vs. Chicago Commission on Human Relations, Lucille Gipson and Ernest Hamilton, Defendants-Appellees. Illinois Appellate Court No. 53171. This was an appeal from the order of the Circuit Court of Cook County dismissing plaintiff's suit for a judicial review of the suspension of plaintiff's real estate brokers license. The Chicago Commission on Human Relations found plaintiff-appellant in violation of the Fair Housing ordinance as to both defendants, whereupon plaintiff's license was temporarily suspended. The Appellate Court reversed the suspension as to defendant Gipson because of insufficient evidence but affirmed the suspension of complaint against defendant Hamilton. Reversed in part and affirmed in part.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor be and he is hereby authorized and directed to execute, the City Clerk to attest, and the Commissioners of the Departments of Streets and Sanitation, Water and Sewers, and Public Works to approve, a certain agreement between the City of Chicago and the State of Illinois regarding the relocation and/or adjustments of City-owned water and electrical utilities in connection with the construction and/or improvement of streets, highways and expressways on Federal-Aid systems within the City of Chicago, which agreement is in form and substance as follows:

AGREEMENT

City of Chicago State of Illinois	City Electrical & Water Utilities Adjustments-Highways Force Account Federal-Aid Projects

This Agreement made and entered into between the City of Chicago, a Municipal Corporation in the State of Illinois, hereinafter referred to as "City", and the State of Illinois, acting by and through its Department of Public Works and Buildings, hereinafter referred to as "State".

WITNESSETH:

Whereas, State desires to construct and/or improve Federal-Aid access controlled Expressways, urban segments of the Federal-Aid Primary Highway System and/or arterial segments on any Federal System, all within the City of Chicago, in accordance with plans, specifications and cost estimates to be prepared by City and to be approved by State and for Federal-Aid projects, by the Federal Highway Administration, United States Department of Transportation, hereinafter called the "FHWA"; and

Whereas, such highway construction will necessitate certain relocation and/or adjustments on occasion to City's water and electrical utilities, and it may be desirable on certain of such occasions that City perform this work, because of its specialized nature, through the Bureau of Electricity of its Department of Streets and Sanitation and through the Bureau of Water (Water Distribution Division) of its Department of Water and Sewers; and

Whereas, for all Federal-Aid projects, in order to make the cost of such work eligible for Federal reimbursement, it is necessary for the parties to comply with the applicable terms and provisions of the FHWA Policy and Procedure Memorandum 30-4, Utility Relocation and Adjustments, hereinafter known as PPM 30-4, dated February 14, 1969, and all supplements and amendments thereto or subsequently dated reissues and, where applicable, the effective issue of Policy and Procedure Memorandum 30-4.1, Accommodation of Utilities, all of which, by this reference, are hereby made a part of this agreement.

Now, Therefore, City and State agree as follows:

Section 1. The City, at State expense, will perform preliminary engineering necessary and will submit to the State, through its Department of Public Works, for State's approval, nine (9) sets of the detail plans, specifications and cost estimates for the proposed relocations and/or adjustments of City's water and electrical utilities which are necessitated by the proposed State Federal-Aid highway project. The City's submittal shall conform with the requirements of Policy and Procedure Memorandum 30-4 and 30-4.1, and shall be transmitted well in advance of any proposed State contract award to avoid or minimize delay.

Section 2. City will have its forces make necessary relocations and/or adjustments in its electrical and water utilities for the project involved, in accordance with its State-approved plans, but will not start on any project without written notice from State that City is authorized to proceed with such work for that project, and City shall notify State at least 48 hours prior to City forces beginning work. City shall assume full responsibility for the correctness of its work including lines and grades, unless otherwise stated in the project construction contract.

Section 3. State will designate an Engineer to oversee City's utility relocation, adjustments, removals and alterations and to provide City personnel with information regarding the project or projects on which City work is to be performed; City's Engineers and foreman on the project shall be responsible to State's Engineer and shall submit written documentation to him on the work performed, the manner of performance and rate of progress. Such documentation shall include daily reports, for State's Engineer's verification and approval, showing complete personnel classification and the number of personnel in each classification, amounts of materials (quantities of units as set forth in City's estimate) used, types and numbers of equipment items employed and, if necessary to substantiate time-rate charges, the time intervals the equipment items are used. State's Engineer shall be furnished a copy of such daily reports. Such reports shall be available to State and the FHWA at any time during project construction and as set forth in Section 4. All such documentation shall carry the State Section Number and, if Federal-Aid, the Federal-Aid Project Number. All material salvaged shall be itemized by City, verified and inspected by representatives of all participating agencies. Prior notification shall be given to State in writing as to the time and location of said salvage inspection. State shall retain

one (1) copy of City salvage report to expedite audit and payment of final bill.

Section 4. City shall bill State for all work for any project which City anticipates is reimbursable according to the terms of this agreement as augmented hereinbefore by documents made part of it by reference. City's bills shall be properly identified as to State Section Number and, if applicable, the Federal-Aid Project Number, and shall be submitted in sets of twelve (12) copies for Federal-Aid projects and ten (10) copies otherwise.

For any project where the estimated cost of reimbursable work by either City's Department of Streets and Sanitation or its Department of Water and Sewers is $25,000.00 or less, that Department, within 90 days after completion of its work will submit a final detailed itemized statement showing all reimbursable actual cost and expense. After State has checked that Department's statement and has ascertained that it is correct, conforms to the Department's cost estimate for reimbursable work and to other requirements of PPM 30-4, and is otherwise proper, State will reimburse City for ninety-five (95) percent of the amount thus billed. After State has audited City's project cost records for the Department involved, State will reimburse City for the remaining amount billed by that Department less any item excepted in audit for reimbursement.

For any project where the reimbursable work of a City Department is estimated to exceed $25,000.00, that Department may submit partial bills, conforming to PPM 30-4 requirements, not more often than one bill per month, and such partial billing shall show appropriate credit for estimated materials salvaged during the billing period. A City partial bill for the project shall be paid by State after it has checked the bill, has ascertained that it conforms to the corresponding estimate and is otherwise proper. In such cases, after City has completed its work for a particular project, its involved Departments will each submit a statement of complete and final billing showing therein a listing of, and credit for, all partial payments previously made. After approving this bill, State will pay City any amount necessary to make the total amount paid to City ninety-five (95) percent of the total billing, with the remaining amount to be paid to City after receipt of a final Departmental City bill and audit of all project cost records and less any items excepted in audit for reimbursement.

All cost records of the City pertaining to any project will be subject to inspection at any time by State and/or FHWA representatives during City working hours, and shall be retained for a minimum of three (3) years following the date of final reimbursing payment.

Section 5. In the event City incurs additional costs in the authorized work due to any extra work or material which may be required, then, prior to proceeding therewith, City will request State in writing to approve such extra work for payment, setting forth detailed justification therefor. In event of emergency, in which the work delay incurred by waiting for written approval before beginning work would be detrimental to State's interests, City may request State to give verbal approval contingent upon written approval, and, upon such verbal approval, may proceed with such work.

Section 6. WHEREAS, Almighty God in His Infinite Wisdom called to his eternal reward the beloved and renowned Pastor of Sacred Heart Church, Reverend Vendelin Vasilj; and

WHEREAS, Father Vasilj, loved by his flock, served as Pastor of Sacred Heart Church since September 1968. Prior to this assignment he served as Pastor of St. Augustine Church in Wisconsin. In 1949 Father Vasilj became the Provincial delegate of the Croatian Franciscans in the United States, and in 1962 he became the guardian of St. Anthony's Monastery.

Among his great accomplishments during his service in God's work was the building of many great church structures, such as the Sacred Heart Croatian Church in Milwaukee, Wisconsin and many others.

As an author he edited several magazines and wrote many articles on religion and sociology. His book entitled "Communism and Faith" was his contribution to the history of the persecution of his people in Croatia, where he was forced to flee in the communistic persecutions in his early days of his priesthood.

A courageous and learned man with many degrees and doctorates to his credit, he organized catholic youth movements, including the Army of St. Anthony, which kept alive the faith of the Croatian people during the terrible persecutions.

His work in behalf of refugees was untiring. Despite an ailment that should have ended his activity in this vein, he continued to his dying day, completely dedicated to his Church, to the refugees and the fight to preserve liberty here in his new Country, as well as regain freedom from oppression for his beloved homeland; now, therefore,

Be It Resolved, That the Mayor, Richard J. Daley, and the members of the City Council of the City of Chicago, do this day join in an expression of sympathy to the family of Father Vasilj and to the members of the Sacred Heart Parish in this moment of their great sorrow at the loss of a beloved leader and Pastor; and

Call for Meeting.

The City Clerk informed the City Council that the following call for the meeting was filed in the City Clerk's office on March 1, 1971:

OFFICE OF THE MAYOR
CITY OF CHICAGO

March 1, 1971.

Honorable John C. Marcin,
City Clerk,
Room 107, City Hall,
Chicago, Illinois 60602.

DEAR SIR—I, Richard J. Daley, Mayor, do hereby call a special meeting of the City Council of Chicago to be held on Friday, March 5, 1971, at Noon, in the Council Chamber, second floor, City Hall, for the purpose of taking suitable action in honor of Astronauts Captain Alan B. Shepard, Jr., Captain Edgar D. Mitchell and Lieut. Colonel Stuart A. Roosa, and also the Recovery Team, Lieut. Jr. Grade R. R. Rohrbach, HMI T. G. (Doc) Holmes, Lieut. Jr. Grade F. W. Schmidt and Lieut. Jr. Grade N. L. Slagle, all members of the U. S. Navy, assigned to Apollo 14.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

NATIONAL ANTHEM.

Honorable Richard J. Daley, Mayor, requested the members of the City Council and guests to stand during the singing of the National Anthem by Louis Sudler.

Invocation.

Honorable Richard J. Daley, Mayor, requested that all remain standing while Chaplain Derke Bergsma, U. S. Navy, delivered the invocation.

March 5, 1971 Proclaimed Apollo 14 Astronauts Day in Chicago in Honor of Astronauts Shepard, Mitchell and Roosa.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, On Sunday, January 31, 1971, Astronauts Alan B. Shepard, Jr., Stuart A. Roosa, and Edgar D. Mitchell, successfully undertook the Apollo 14 Mission to the Moon; and

WHEREAS, The smooth and highly accurate landing of the Lunar Module "Antares" in the early hours of February 5, 1971, concluded a trip that started with adversity. From the very start of the nine-day voyage, the Apollo 14 Mission was plagued by a series of nagging problems that repeatedly tested the patience, skill and ingenuity of both the Astronauts and the technicians on the ground. About 6,400 miles from earth, difficulties arose in docking the command ship "Kitty Hawk" with the Lunar Module "Antares". Five times the command ship was maneuvered into position and driven forward to dock with the Lunar Module—unsuccessfully. Engineers worked feverishly to solve the problem. Perseverance, ingenuity, patience and skill finally paid off. One more suggestion from Mission Control resulted in a successful docking and the Astronauts settled down to the "normal" routine of space travel, and other problems were also surmounted; and

WHEREAS, The landing on the moon of the Lunar Module "Antares" was made a scant 87 feet north of the preplanned target; during a record moon walk of 4 hours and 47 minutes on their first day on the moon, Astronauts Shepard and Mitchell set up nuclear powered experiments; worked a walking stick-like device designed to slam a bottom plate against the moon's surface, producing shallow seismic waves from which scientists could draw conclusions about the moon's "topsoil"; collected 50 pounds of rocks including two large specimens each nearly as large as a football. Stimulated by their first tour and impatient to continue their exploration, Shepard and Mitchell emerged from "Antares" for their second moon walk two hours ahead of schedule for a four hour and forty-five minute moon walk. With their equipment-loaded rickshaw they collected 58 more pounds of moon rock, photographed the terrain, took core samples of the soil, began a climb up the steeper side of Cone Crater and regaled eager scientists at Mission Control with detailed geological descriptions; finally they re-entered the Lunar Module and prepared for the trip home; and

WHEREAS, The Lunar Module after blast-off from the atmosphere-free moon was docked with the command ship on the first attempt, only one hour and 38 minutes after leaving the moon, and Astronauts Shepard and Mitchell transferred to the command ship with their precious lunar samples. For all the nerve-racking moments, man had triumphed again. Apollo 14's mission provided a rich new storehouse of material and scientific data from the moon. It also proved that man as a lunar explorer is far superior to a machine; now, therefore,

Be It Resolved, That the Mayor and City Council, in special meeting assembled this 5th day of March, 1971, do hereby declare Friday, March 5, 1971, to be a day of commemoration of the flight of Apollo 14, and a day to honor Astronauts Shepard, Mitchell and Roosa, and ask all citizens of Chicago and the people of our great Midwest to join in paying tribute to our heroic space adventurers for their truly successful accomplishment, adding once again to the annals of courageous men in space; and

Be It Further Resolved, That Friday, March 5, 1971, is hereby declared to be Astronauts Shepard, Mitchell and Roosa Day in Chicago and that the flag of the United States be flown on all public buildings, at all places of business, and from every home in the City of Chicago.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Alderman Bohling) the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Bilandic and Alderman Bohling both spoke of how proud they were to welcome the Astronauts to Chicago.

Presentation of Distinguished Guests.

Honorable Richard J. Daley, Mayor, thereupon presented Honorable Charles H. Percy, Senior Senator from Illinois.

In addressing the Council Senator Percy told of the great impact the Astronauts had wherever they went, and especially so in Washington where they had addressed the members of both houses. Senator Percy stated that it had been most unusual to see so many members of the Senate present on that occasion. He spoke too of how very proud he had been of the astronauts deeds in outer space and how wonderful it was to be an American and to be a part of such accomplishments.

Next Honorable Richard J. Daley, Mayor, introduced Honorable John W. Lewis, Secretary of State, who was representing the State of Illinois.

Mr. Lewis read a telegram from Governor Richard B. Ogilvie in which he expressed his regrets at being unable to welcome the Astronauts to Chicago. Mr. Lewis spoke of the beauty of the stars and the moon and marveled that man had been able to set foot on the moon.

Mayor Daley then introduced Honorable Paul Simon, Lt. Governor of Illinois. Lt. Governor Simon spoke of what a great pleasure it was to be present at the joyous occasion. He too spoke of his pride in being an American and of the prestige the Astronauts had brought to this nation.

Thereupon Mayor Daley read a telegram from Honorable Adlai E. Stevenson, III, expressing his regrets that he was unable to participate in the welcome extended the Astronauts.

Conferring of Honorary Citizenship on Members of Apollo 14 Crew and Members of Recovery Team.

Honorable Richard J. Daley, Mayor, then announced that it gave him great pleasure to confer honorary citizenship upon the Apollo 14 Astronauts. He praised them for their knowledge and courage, saluting them as pioneers in space and spoke of the scientific benefits that would result to all of mankind due to space exploration. He said that Chicago was proud indeed to be able to welcome them and their families to Chicago.

The Mayor then called upon Captain Alan B. Shepard, Jr. Captain Shepard told of having heard about the warmth of a Chicago greeting and declared that the welcome was most heart warming. He told that his first assignment as a test pilot had been at Glenview air base. He spoke of the progress that had been made since that time, that many problems had been overcome making their successful flight possible. He stated that all of the experiments being carried out would directly benefit all mankind. He concluded by thanking all of Chicago.

The Mayor then introduced Lt. Colonel Stuart A. Roosa who also spoke of the extremely warm greeting they had received, and that he was deeply touched. He also spoke of how proud he was to see the flag displayed by old and young and in between. He spoke of what a terrific thrill Apollo 14 had been for him and that all America could be proud of the success of their flight. He likened their flight to the spirit that created this great nation out of the wilderness.

Honorable Richard J. Daley, Mayor, then presented Captain Edgar D. Mitchell, who spoke of his delight in being present. He spoke of seeing the planet earth from the moon and how similar the two were and what a feeling of awe he experienced from his view. He dwelt upon the benefits mankind would derive from space exploration and he also cited that the amount of the tax dollar devoted to space exploration was very minute. He also expressed his gratitude to all the people of Chicago.

The Mayor then conferred honorary citizenship upon the following members of the Recovery Team:

Lt. Junior Grade Robert R. Rohrbach, U.S. Navy;
Hospital Mate 1st Class Thomas G. (Doc) Holmes, U.S. Navy; and
Lt. Junior Grade Fred W. Schmidt, U.S. Navy.

All thanked the Mayor for the honor bestowed upon them.

Presentation of Members of Astronauts Families.

Honorable Richard J. Daley, Mayor, then called upon the following members of the Astronauts families:

Mrs. Stuart A. Roosa and their children Christopher, John D., Stuart and Rosemary;

Mrs. Edgar D. Mitchell and their daughters Karlyn and Elizabeth;

Mrs. Robert Rohrbach.

Also presented to the audience was Mrs. Richard J. Daley. All were warmly applauded by the Council members and guests.

Benediction.

Very Reverend James Eddeman, Pastor, St. Thomas Episcopal Church, offered a prayer that God would keep all in His divine care.

People of the State of Illinois, ex rel., Petlock, Plaintiff-Appellee vs James J. McDonough, Commissioner, Department of Streets and Sanitation of the City of Chicago, et al., Defendants-Appellants, Appellate Court No. 54162. This was an appeal prayed from the entry of an order of the Circuit Court of Cook County directing the payment of salary withheld as a result of an illegal suspension. The Appellate Court ruled that the State Statute provisions were not complied with and that the suspension was illegal from its inception, therefore the Judgment is Affirmed.

Richard J. Daley, Mayor and Liquor Control Commissioner, Plaintiff-Appellee vs Frank Berzanskis, Defendant-Appellant, Illinois Supreme Court No. 42698. The Supreme Court in this cause Affirmed the decision of the Circuit Court of Cook County revoking the Alcoholic Liquor License of the Defendant Berzanskis because stolen property had been found on the tavern premises. Although the valid search warrant was quashed in the criminal hearing the Supreme Court ruled the dangerous nature of the business of selling alcoholic beverages, warrantless searches of licensed premises are not unconstitutional. Judgment Affirmed.

People of the State of Illinois, et al., Plaintiffs-Appellees, vs Arnold Abrams, et al., Defendants-Appellants, Illinois Supreme Court No. 41255. The Illinois Supreme Court filed an opinion reversing the convictions of Defendants and Florence Levinsohn and reversing and remanding for a new trial the convictions of the nine other defendants and two other convictions of Florence Levinsohn. All convictions were the result of an altercation in the home of Arnold Abrams who was convicted of selling liquor without a license. Mrs. Levinsohn was convicted of assault, battery, disorderly conduct and interfering with a police officer. All others were convicted of disorderly conduct. Mr. Abrams' conviction was reversed for selling liquor without a license. All disorderly conduct convictions were remanded for a new trial and charges of assault and battery against Mrs. Levinsohn were reversed outright. Reversed in part and reversed and remanded in part.

Priscella V. Nelson, Plaintiff-Appellant vs Richard L. Nuccio and City of Chicago, Defendants-Appellees, Illinois Appellate Court No. 53885. This appeal taken from the decision of the Circuit Court of Cook County affirming in part and reversing in part plaintiff's complaint alleging emotional disturbance and nervous exhaustion caused by the fatal shooting of her deceased son. The ruling of the Appellate Court held that the plaintiff had stated a cause of action against the defendant but not as against the City of Chicago. Affirmed in part and reversed and remanded in part.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute and the City Clerk to attest an agreement between the State of Illinois and the City of Chicago providing for the development of the systems design and specifications for a computer-controlled traffic-control signal system Phase I, for the Central Business District (Topics Program), after approval by the Commissioner of Public Works and the Commissioner of Streets and Sanitation, and approval by the Corporation Counsel as to form and legality, said agreement to be substantially in the following form:

CBD Traffic Signal Modernization

F.A. Project: T-5003 (7)

This Agreement, entered into this .....day of ....., 1971, by and between the State of Illinois, acting through its Department of Public Works and Buildings, and hereinafter called the State, and the City of Chicago, acting through its City Council and hereinafter called the City.

WITNESSETH:

Whereas, the State and the City, in the interests of the safe and efficient movement of vehicular traffic, find it necessary to make the following improvements:

Federal Project No.	*Description*
T-5003 (7)	Downtown traffic signals modernization of central controls and rehabilitation of obsolete equipment.

The improvement will be as follows:

The 43 year old existing Loop Central Office Control System will be replaced with a modern highly flexible scheme which will be responsive to traffic changes, as they occur on a minute to minute basis. It may include analog or digital computers or both.

The system will be developed in three Phases as follows:

Phase I

Develop Systems Design and Specifications.

This phase will include the selection of a qualified consultant who will:

a. Determine objectives of and constraints on CBD traffic control in Chicago.
b. Review the state-of-the-Art in regard to centralized traffic control systems.
c. Develop a Traffic Control Scheme.
d. Design a Traffic Control System.
e. Develop Systems Management Procedures and Cost Estimates.
f. Develop Functional and Detailed Specifications.
g. Prepare a report to document findings and recommendations.

Phase II

Signal Modernization and Installation.

This phase will include the installation of modern traffic control signals, signal controllers and associated underground cable work for 40 intersections included in the new CBD Central Controls System.

Phase III

Systems Installation and Implementation.

This phase will include:

a. Evaluation of Systems bids wherein bids submitted for all system components will be analyzed, evaluated and recommended.
b. Central Controls System and Communication Systems installation.

The Contractor(s) or City Forces will be required to provide a Central Controller, display map and console, detectors and communications cable, tone equipment, intercom between central controller and local controllers, and appurtenant equipment as well as associated street and sidewalk restoration work.

c. Supervision of Systems installation will involve the field or office engineering work required to properly install and implement the new Central Controls and Communications System.

Whereas, it has been determined that Phase I should be accomplished and the results evaluated before a decision is made as to the course of action to be taken, if any, with regards to Phases II and III as herein above described.

Whereas, under the Federal regulations issued as "Policy and Procedure Memorandum 21-18", "Traffic Operations Program to Increase Capacity and Safety", dated May 28, 1970, certain written agreements are required;

Now, Therefore, the City agrees:

1. To negotiate and award, with the approval of the State and the Federal Highway Administration, the consultant contract for Phase I. This will be carried out in accordance with the established procedures of the City, the State and the Federal Highway Administration.
2. To finance the work pending reimbursement by the State of the Federal-Aid share of the cost, and to appropriate such funds as are necessary therefor.
3. That upon completion of the study, to evaluate and make recommendations relating to Phases II and III.
4. To maintain a competent traffic engineering unit; the Bureau of Street Traffic and Bureau of Electricity, Department of Streets and Sanitation, presently constitutes this unit.
5. That failure on the part of the City to fulfill the responsibilities assigned in paragraphs 3 and 4 will render the City ineligible for future Federal participation in projects for which the City has similar responsibilities as long as such deficiencies remain uncorrected.

The State agrees:

6. To pay to the City that portion of the cost of the project which represents the Federal share as defined in Item 10. The State shall make such payments based on progress and final billings of consultant fees subject to appropriate retained percentage provisions of the contracts and agreements involved and subject to final audit of all costs by Federal and/or State auditors.
7. To review and submit to the FHWA without delay, all submittals which require FHWA review, approval or other action.
8. To assign a traffic engineering representative to facilitate reviews and act as liaison during Phase I of the project.

The parties hereto Mutually agree:

9. That the estimated cost of Phase I of the improvement is as follows:

Phase I

Develop Systems Design and Specifications (Consultant Services)	$88,000

10. That the division of costs for the project will be as follows:

Project	*Federal-Aid*	*Ill. M.F.T. (State Hwy. Dept. Fds.)*	*Ill. M.F.T. (Chicago Funds)*
T5003(7)	$44,290	0	$43,710
	50.33%		49.77%

11. That standard Federal-aid procedures and requirements shall apply to this project.

This agreement shall be binding upon and inure to the benefits of the parties hereto, their successors and assigns.

In Witness Whereof, City and State have caused this agreement to be executed by their respective officials and attested to on the hereinafter listed,

Article IV

Noise and Vibration Control Definitions.

17-4.1 For the purpose of this article, whenever any of the following words, terms or definitions are used herein, they shall have the meaning ascribed to them in this section:

Acoustical Terminology, Definitions of:

All acoustical terminology shall be that contained in ANSI S1.1 "Acoustical Terminology":

ANSI: American National Standards Institute or its successor bodies;

ARI: Air-Conditioning and Refrigeration Institute or its successor bodies;

ASHRAE: American Society of Heating, Refrigerating and Air-Conditioning Engineers or its successor bodies;

ASTM: American Society for Testing Materials or its successor bodies;

COMMISSIONER: The Commissioner of Environmental Control of the City of Chicago;

DECIBEL: A unit for measuring the volume of a sound, equal to the logarithm of the ratio of the intensity of the sound to the intensity of an arbitrarily chosen standard sound; abbreviated "dB".

DISCRETE TONE: A discrete tone is a sound wave whose instantaneous sound pressure varies essentially as a simple sinusoidal function of the time.

FLUCTUATING NOISE: A fluctuating noise is a noise whose sound pressure level varies significantly but does not equal the ambient environmental level more than once during the period of observation.

IMPULSIVE NOISE: Impulsive noise is characterized by brief excursions of sound pressure (acoustic impulses) which significantly exceed the ambient environmental sound pressure. The duration of a single impulse is usually less than one second.

INTERMITTENT NOISE: An intermittent noise is a noise whose sound pressure level equals the ambient environmental level two or more times during the period of observation. The period of time during which the level of the noise remains at an essentially constant value different from that of the ambient is on the order of one second or more.

IEC: International Electrotechnical Commission or its successor bodies;

ISO: International Organization for Standardization or its successor bodies;

MOTOR VEHICLE: A motor vehicle is any passenger vehicle, truck, truck-trailer, trailer or semi-trailer propelled or drawn by mechanical power;

NON-STEADY NOISE: A non-steady noise is a noise whose level shifts significantly during the period of observation.

PERIOD OF OBSERVATION: The period of observation is the time interval during which acoustical data are obtained. The period of observation is determined by the characteristics of the noise being measured and should also be at least 10 times as long as the response time of the instrumentation. The greater the variance in indicated sound level, the longer must be the observation time for a given expected accuracy of the measurement.

SAE: Society of Automotive Engineers or its successor bodies;

SOUND LEVEL (Noise Level): For air-borne sound, sound level (noise level) is a weighted sound pressure level, obtained by the use of metering characteristics and the A-weighting as specified in the referenced standards (Section 1.3). When the A-weighting is employed, it must be indicated.

SOUND PRESSURE LEVEL: The sound pressure level, in decibels, of a sound is 20 times the logarithm to the base 10 of the ratio of the pressure of the sound to the reference sound pressure. Unless otherwise specified, the effective (rms) pressure is to be understood. The reference sound pressure is 20 uN/m^2.

STEADY NOISE: A noise whose level remains essentially constant (i.e., fluctuations are negligibly small) during the period of observation is a steady noise.

ZONING DISTRICT: Those districts established by the Chicago Zoning Ordinance (Municipal Code of Chicago, Chapter 194A).

17-4.2 No person shall make, or cause, permit or allow to be made, upon a public way, or in such close proximity to a public way as to be distinctly and loudly audible upon such public way, any noise of any kind by crying, calling or shouting,

or by means of any whistle, rattle, bell, gong, clapper, hammer, drub, horn, hand organ, mechanically operated piano, other musical instrument, wind instrument, mechanical device, radio, phonograph, sound amplifying or other similar electronic device; provided that the said restrictions shall not apply to any licensed peddler crying or calling for the purpose of advertising goods, wares or merchandise when lawfully using any public alley in the city between the hours of 11 a.m. and 6 p.m.
